## NEWTON Y. M. C. A.

### Interesting and favorable reports made at Annual Meeting last Monday

A large and enthusiastic crowd of men attended the annual meeting and banquet of the Newton Young Men's Christian Association last Monday evening in the Y. M. C. A. Building.

The Y. M. C. A. orchestra furnished music during the dinner. Mr. Bruton led the singing between courses. President F. D. Fuller called the meeting to order at 7:30 and after a few appropriate remarks asked for the report of the Nominating Committee.

Mr. C. V. Moore, for clerk, and H. T. Dougherty for treasurer, were nominated to serve for one year.

L. Chase Kepner, Frederick Rust, N. W. Dennett, Arthur Kendrick, W. R. Ferry, C. V. Moore, and H. L. Harriman were nominated as directors to serve three years. All were elected. Mr. Fuller next introduced Mr. H. W. Bascom, the General Secretary, who in turn introduced ten men and boys who gave reports on some phase of the work during the past year. Mayor E. O. Childs spoke for the Fellowship Club which was organized nineteen years ago by Mr. H. W. Bascom soon after he became secretary of the Association. Mr. A. T. Leary, Community Secretary, spoke for the Hi-Y Club, and Community Work on the South side of the City. A. F. Tucker, Chairman of the Bowling Team, told of the tournaments and the representative team which has not lost a match this year. S. A. Carling, the Physical Director, spoke of the free swimming campaign, the Life Saving Classes conducted by the Red Cross, and the many boys and men who had been taught to swim this year. Newton has a real championship swimming team this year, having won the State Championship swimming team this year, having won the State Championship and the representative team all other meets.

Mr. Geo. W. Brainard spoke for the Dormitory men. In a very witty speech he told of the several improvements that could be made, and called attention to the need of more dormitory rooms. Every room has been occupied almost every night during the

year. Ninety-four different men used the dormitory privileges. There are at present thirty-eight rooms.

Mr. Alphonso Strofollino, a member of the Americanization class, recited Lincoln's Gettysburg Address and told of the help the Newton Y. M. C. A. had been to him. This was the speech of the evening and received merited applause.

Mr. Paul A. Franklin, engineer at the Hood Rubber Co., told about a new feature established this year. The Newton Branch of Northeastern University. The work accomplished so far has been high grade college work under the best of instructors. Seven were enrolled in the class in Accountancy, six in Commercial Law, nine in Better Business Letters and English, and twenty-three in Public Speaking. Mr. Franklin, a member of the Public Speaking Class, showed by his well-prepared talk, the benefits to be derived from a course in that subject.

Master John Fellows, President of a Boys' Bible Class taught by Mr. Doubleday, told in a very interesting way about the work that had been done by this group of fifteen boys. In behalf of Mr. Doubleday, the General Secretary presented John with a beautiful silver cup for writing the best story on "David."

Dwight Shepler spoke for the Frank A. Day Campers. He mentioned the fine spirit which has been shown by both leaders and boys in developing this camp through six years of successful growth. This camp will not accommodate seventy boys at one time. Mr. C. D. Kepner, Chairman of the Finance Committee spoke of the loyalty of the members and friends in the last two financial canvasses. By raising the money in advance, the work could be planned ahead and the time of the secretaries could be devoted to developing the work instead of to raising money. He called by name and thanked personally the men who had assumed the leadership in the

## HOSPITAL AID MEETING

The joint annual meeting of the Newton Hospital Aid Association and the Newton Hospital Social Service League was held in the parish house of the New Church, Newtonville, Tuesday, May 2nd, with a good attendance. The President, Mrs. George H. Talbot presided.

The annual reports were read by Mrs. F. E. Anderson, recording secretary, and Miss Rose Loring, treasurer. Miss Fannie Bullard, Carpenter, chairman of the nominating committee, proposed the following nominations, which were unanimously accepted: President, Mrs. George H. Talbot; vice-presidents, Mrs. Joseph N. Lovell, Mrs. W. M. Flanders, Mrs. George W. St. Amant; recording secretary, Mrs. Frank E. Anderson, corresponding secretary, Miss Marguerite Flanders; treasurer, Miss Rose Loring; auditor, Mr. Alonzo R. Weed.

There have been five resignations from the board of directors, two new members have been added and one former member reinstated.

On Dec. 5th the Association held an Auction Bridge at Brae Burn Country Club, which was a great success socially and financially. It netted the Association \$845.45. Miss Riddle was the guest of honor and Mrs. George M. Rice of Boston rendered delightful solos which added much to the pleasure of the afternoon.

The aid has established a scholarship fund from the income of the Endowment Fund, \$250, to be awarded to the most deserving pupil in each of the three classes of the Training School.

It has also established a loan fund not to exceed \$500 to be at the call of nurses when such financial aid may be necessary.

Not the least of the changes of the year is the formation of an Advisory Committee from the board with Mrs. F. H. Williams, chairman, to confer with the nurses and render friendly aid and hospitality.

We have donated to the hospital 20 doz. sheets, 20 doz. pillow cases, 6 back rests and a sterilizer.

Mrs. Talbot introduced the new superintendent, Miss Bertha W. Allen, who spoke enthusiastically of her interest in the welfare of the hospital, and also of the many pressing needs

## SUCCESSFUL CARNIVAL

Skilful and artistic decorators succeeded in converting the Auburndale Club House as the House of Little Shops into a bower of beauty for the Carnival of the Woman's Club on Monday and Tuesday of this week. Choice and unusual articles of every conceivable sort were offered at reasonable prices and met with a ready sale. The club room was arranged for a Rest Room, where hostesses served tired visitors a cheering cup of tea.

Mrs. Wilbur D. Gilpatrick, the president of the club, was in charge of this feature. May Breakfast was served on Monday, under the chairmanship of Mrs. L. B. Chase, and supper on Tuesday evening with Mrs. Eugene Ufford in charge. The chairmen of the various Shops were as follows: Bonnet Box, Mrs. Charles A. Brown, Toggery, Mrs. Richard W. Foote; Corner Cupboard, Mrs. J. A. McDonald; Summer House, Mrs. E. Arthur Robinson; Candy and May Baskets, Mrs. E. J. Winslow; Apron, Mrs. N. L. Grant; Check room, Mrs. Rufus Estabrook and Mrs. Nelson H. Cardwell; Carnival, Mrs. C. M. Robbins; Bunny Bazaar, Mrs. Harry J. West; Decorators, Mrs. Herbert Farrier, the decorations being designed by Mr. F. B. Stearns.

Norumbega Hall was so completely transformed through the artistic hands of the decorators that one had to pinch one's self to even imagine its everyday appearance. Here was given the Spring Pageant on the afternoon and evening of Tuesday in which a large number of the Auburndale children took part. First came the Farmers and made ready the ground, then sprang up the Flowers, followed by the Butterflies, the Robins, and the Bluebirds, later the Vegetables and then the naughty Chickens and Bunbunies who scratched and ate them up. These dances were supplemented by solos by pupils of Miss Helen M. Whitten, who directed the whole pageant.

Mrs. Lowell D. MacNutt was the pianist. The Official Program combined the usual features of "rads" and program with a series of appetizing menus and recipes. All were "tried and true" used by Auburndale homemakers.

Mrs. H. H. Longfellow, Mrs. L. W. Gore, and Mrs. W. A. Stiles, were in charge of this. Mrs. Walter S. Wells was general chairman of the Carnival. Mrs. L. E. Chase, Mrs. C. M. Robbins, Mrs. Harry J. West, district chairmen; Mrs. D. D. Williams, publicity and finance; Mr. H. O. Rider made photographs, which can be purchased.

The Auburndale children who had part in the Pageant are as follows: Farmers—John Davis, Donald Hansen, Robert Sederquist, John Waters, Malcolm Floyd, Melville Heath, Robert Van Patten Steiger, Donald Winslow. (Continued on Page 2)

## MAY LUNCHEON

The May luncheon of the Woman's Association of Central Church was held at the church on Wednesday, Mrs. E. P. Crowe in charge. About one hundred and sixty were present.

The luncheon was an unusually attractive one. A special feature of the occasion was the tiny bouquets of colored candles made by Mrs. Crowe and her committee for the occasion. The after-dinner speakers were Mrs. Knowles of the District Nursing Association, and Mrs. Wellman, Probation Office.

Following the luncheon the members of the association presented, "The Ladies of Cranford," from Mrs. Gaskell's immortal comedy of English country life. All of the characters were chosen with rare appropriateness, seeming to be the characters they represented.

Mrs. Earle Wakefield was particularly charming as "Miss Mattie" with her delicacy, and air of quiet culture. Mrs. Sidney Sholley as Martha was also very effective, making a fine contrast to the other ladies, with her robust health and modern ideas. Her efforts to keep on the pieces of paper spread out to protect the carpet were most funny.

The spirit of Cranford towards one of their number who had met with reverses was beautifully brought out in Act 2. The two little children customers were an attractive touch, as was Miss Mattie's determination to add to their purchases a bit of peppermint because the "dears like it so."

Act 3 abounded in humor. Particularly funny was the falling asleep of the Honorable Mrs. Jameson during the party. In spite of this, however, in the words of Mrs. Barker, "it was a most satisfactory party—most satisfactory!"

The costumes with their laces, ruffles, caps, and parasols, were marvellous creations. Many were the expressions of pleasure on the part of the audience. It is hoped that the ladies of the association will repeat the play that others may have the pleasure of seeing and hearing this delightful comedy.

Those who took part were Mrs. Earle Wakefield, Mrs. Donald Hill, Mrs. Clinton Tylee, Mrs. Horton Allen, Mrs. Harold Sherman, Mrs. Charles Davidson, Mrs. Gorham Harris, Mrs. Sidney Sholley, Mrs. Stuart Hill, Mrs. Marshall Jones, Mary Louise Foss, and Dorothy Tylee. Mrs. Williams coached the play. Presiding the play, Mrs. Payson Allen rendered a number of selections on the piano.

## MAYOR'S VETO SUSTAINED

### Zoning Ordinance postponed on account of hearing before Supreme Court on injunction

For the first time this year, the aldermanic chamber was not crowded at the regular meeting held on Monday evening. President Hollis was in the chair and Alderman Pratt was the only member absent.

There were hearings on Telephone poles on Everett street, and Edison poles on Austin street, Chestnut street and Howard street, all of which were unopposed and were subsequently granted. There were also unopposed hearings on petition of Stephen Morrell for a 2-car garage on Lothrop street, of W. H. Stubbett to sell gasoline at 274 Pearl street and on taking land for sewer in Prairie Avenue.

Alderman Young had the board give an informal hearing on proposed building lines on Washington street and Auburn streets, but when opened Mr. J. P. Callagher, who appeared for the petitioners refused to state his until the legal hearing, which was assigned for two weeks later.

The first matter of business was the veto of Mayor Childs of the order to the board granting a permit for a gasoline filling station to the Colonial Filling Station, Inc., on Beacon street, Newton Centre.

Mayor Childs disapproved of the order for the following reasons:— "This license was granted by a vote of 10 to 9 and provides for the storing of 10,000 gallons of gasoline in close proximity to a large school house. Most licenses of this character permit the storage of from 1000 to 2000 gallons. License has been granted in one instance for the storage of a larger amount than in the present case and those tanks are located in a very thinly settled district.

Two years ago petitioners were given leave to withdraw on a similar petition for a tank across the street from the proposed station on the ground that public necessity and convenience did not require it. The situation has not changed with the passing two

years, altho the minds of several aldermen have.

The type of the filling station proposed in this case would be an ornament to the city and the business thereof would be conducted by at least one of our citizens than whom no better lives among us. I should welcome that type of building in a place where a filling station was needed but in the proposed location I believe that it would be out of place.

Frequent complaints have come to my office during the past years in regard to the danger at the junction of Langley road and Beacon street. Everything has been done which could be done to remedy the situation and I believe that we ought to take no further risks.

The safety of little children is more important than additional taxable property."

Alderman Melcher in opposing the veto read a letter from Mr. S. W. Wilder, member of the school committee from ward 6, which stated that there was no objection, no danger, and that it was a good thing for the community.

Mr. Melcher also stated that it was the purpose of the petition to give some land to the city to improve that corner. Alderman Ross in opposing the order stated that the same men who strenuously opposed the filling station across the street two years ago, now favored this petition. Alderman Jewell said he had made a careful study of the matter and believed the filling station development was far better than any other business development of this property. Only 20 pupils use Langley road on going to school and Newton Centre, strongly in favor of the proposition wanted home rule. Alderman Saltonstall said this corner was a most desirable place for a filling station. The veto was then sustained, 11 voting for the order and 9 against, the passage of the order over the veto requiring

CHAMBER OF COMMERCE

Plans for the proposed membership campaign of the Newton Chamber of Commerce were developed at a meeting at the Newton Club on Monday evening, when representatives of the several villages of the city met with the directors of the Chamber and discussed various methods for building the membership and prestige of the Chamber. There were thirty men present, President Frank L. Richardson presiding.

Proposed activities for the Chamber were considered, the secretary presenting a list of thirty suggestions, a majority of which were secured through the questionnaire recently submitted to the membership, while others had been developed by the board of directors and the program committee of the Chamber. From these thirty suggestions a few will be selected to take up the "Program of Work" for the Chamber during the coming year. The relative importance of the various suggestions was carefully considered, and the preparation of the final program, upon which will be based to a considerable extent the appeal for membership in the coming campaign, will be determined by the directors in the immediate future.

The plans for the membership campaign were enthusiastically approved by those present, and it was decided to conduct the campaign during the latter two weeks in May, beginning on May 15 and closing on May 27. Chairmen of local committees were appointed to organize the campaign in the several villages, each village to organize and carry out the campaign in their own way during the above period. It was decided during the evening to create a new form of membership, to be known as "Civic Membership," with an annual membership fee of but \$5. The active memberships will continue at \$10 per year.

There are now twenty-five or more men registered at the Chamber of Commerce employment bureau who are seeking positions. The list includes laborers, general men, gardeners, chauffeurs, farmers, accountants, clerks, and many others, while the experience of many of these men qualifies them for a still wider variety of positions. During the first two weeks that the Chamber extended this service it was successful in finding places for most of the registrants, over forty men having been placed in either permanent or temporary positions. There has been a decided falling off during the past ten days in the calls for help, and an increasing number of registrants as those out of work are becoming aware of the service rendered by the bureau. The result has been an over-supply of men. Many of these have families to support and are badly in need of work.

The co-operation of all Newton citizens who can assist in providing work for any of these men is earnestly solicited. If those desiring help, or others in a position to help, the situation by having work done about their homes at this time will call Newton North 4077, the Chamber will be glad to send men suited to the task for a day's work, a week, or longer periods.

SCHOOL NOTES

Edited by Dorothy Drake

Horace Mann School Notes

The Horace Mann-Clafin baseball team defeated the Mason School from Newton Centre. This was only a practice game to give Mr. Neville a chance to see who was best fitted for positions on the team. Both teams played well, but the Mason was defeated by a score of eleven to seven.

Last Friday, the eighth grade gave an entertainment in memory of the hundredth anniversary of the birth of Grant. Several other grades attended the performance. John Ramsden, who was responsible for the production, did exceedingly well in selecting his musical numbers and speakers. After reviewing Grant's life, a reflectoscope review of the several wars with which the general was connected was given. A vote of thanks was made by the guests from the other grades.

The Horace Mann-Clafin baseball team played a very interesting game with the Alumni Saturday morning, April 29. Anthony Thomas, who pitched for the Horace Mann-Clafin team, did exceedingly well in holding the Alumni to five runs, while the Horace Mann-Clafin team made four runs.

Stearns School

The weekly assembly of upper grade children was held in the school hall, Wednesday morning with the president, George Terrio, in the chair. Our school orchestra played. Our National Honor March and papers were read by Estelle Lacroix, Pierre Vuilleumier and Gertrude Bergen.

The children of Miss Stewart's room had a May party on Monday afternoon with a very pretty Maypole dance on the lawn.

The Newton Girls' Club have made final arrangements for their May Dancing Party to be held at Stearns School Hall on Friday, May 12th, at 8 o'clock. Miss Irene Mullen is chairman of the committee. The group of girls who have registered in the dress-making class, will have their two final lessons on Friday, May 5th, and Tuesday, May 9th.

Invitations for the annual banquet of the Mothers' Club have been issued by the secretary, Gertrude Bergen. Mayor Edwin O. Childs and Principal Kenelm Winslow will be the speakers on that evening, May 15th.

The Brownies' Club of Stearns School Centre has forwarded its registration to the National Organization in New York City, and will be registered as Pack 1 of Newton, Mass.

The sixers of this pack are the Misses Alice Phelps, Charlotte Towle, Helen Spring, Elizabeth Hatch, Constance Rich, Alice Ratcliffe and Mary Clark. The sixers are arranging both recreational and educational activities for the spring program.

The school baseball team in its second game of the season was defeated by the three boys in a very good game by the score of 2-1. Butler played exceptionally well for Stearns and was ably assisted by his battery partner, Jimmie Coyne. The first league game is Thursday with Horace Mann. A victory is hoped for as the boys have practised faithfully. The new uniforms have arrived and the team promises to bring the championship again to Stearns.

Mason School

The children in Room Two of the Mason, paid a visit to the Angell Memorial Hospital last week.

The children in Miss Crandall's room have made an interesting model of Newton Centre Square. Free-hand sketches were made of the Methodist, Baptist Church, the Mason School, Rice School, the Trust Co., the Smith house and a group of stores. These were then painted.

Several boys drew the plans of the streets. Plasterine was used for the sidewalks and green sawdust for grass. With telephone and telegraph poles, the railroad and overhead bridges, and the electric car line, the square is well pictured.

Lasell

The students have been doing some very hard work on the river this past week in practising, trying out for the canoe crews. From now on the selection will be made and until the different class crews are formed there will be much anxiety and excitement. Mr. Carl O'Brien, as in the years past, is coaching; the war canoes were used, this week for the first time.

Dr. Edgar Park, whose talks are always looked forward to with much pleasure is to be the speaker at Vespers on Sunday afternoon. His coming will be of special interest for it will be his first visit to the school since his return from abroad.

Mr. Towne is to be the lecturer on Saturday morning when his subject will be experiences in Americanization.

The campus is gaily illuminated with Japanese lanterns this evening for the town party and dance which the seniors are having in honor of the Junior class.

A very lovely afternoon tea was given at Carpenter's Monday afternoon when the engagement of Miss Nell Woodward, head of the physical training department, was announced to Harry Collins of Brookline.

On Friday of this coming week the Harvard Freshman Glee and Mandolin Club is to give a concert at Lasell for the benefit of the Senior Class fund.

There will be a pupils' recital, under the direction of the musical department on Wednesday evening.

Hyde School News

The children of the fourth grade, under the direction of their teacher, Mrs. Marguerite Greene, and of Mrs. Everett C. Lewis had a most enjoyable and profitable geography lesson on Tuesday morning when they really saw the Boston about which they have been studying. Everywhere the utmost courtesy and kindest attention was shown.

They visited the Post Office, King's Chapel, the Old State House and the New State House where each child

shook hands with Governor Cox. Calling at "Hood's" they were much interested to know the history of the milk which they drink at recess and with which they were served there. They did not omit the statues and tablets throughout Boston Common and the Public Gardens.

Miss Greene was assisted by the mothers of ten of the members of the class.

The first game of the season was played Tuesday between Emerson and Hyde on the Newton Highlands playground. The game was a close one with a score of 6 to 5 in favor of the Emerson School.

Much anxiety and interest is now being displayed by the children at weighing time because of the new Health Charts. The colors, white, blue and red represent in order, those of standard weight, those between 10% under and standard, and the reds, over 10% below standard. Miss Sampson's room has led in the Old Hyde, for largest per cent of standard weight, while Miss Carver's room lead in having the least "reds." In the New Hyde, Miss Ryder's room had the most "whites," and the Kindergarten, Miss Jewett's room, and Miss Lewis' room, the least "reds" for the past three months.

Little Miss Barbara Nichols of Miss Green's class has returned from a short trip to New York and Philadelphia. Her classmates listened attentively to her report of her trip to the Statue of Liberty and other points of interest. She also showed them pictures and post cards which she had brought back.

The two fifth grades held a Spelling Match which resulted in a tie.

The two seventh grades, in Miss Scully's cooking classes, prepared and served luncheon with their home-room teachers as guests of honor. They served Fancy Potato Salad, Cinnamon Toast and Cocoa.

In a nation-wide contest sponsored by the Public Safety and Highway Transportation Committee, open to grammar school children, Crandon Wooley, of the eighth grade, received the third prize for this state. His theme was of 500 words in length, on "How I Can Make Highways More Safe." His prize is to be \$5.00 in money, and a bronze medal.

Ralph Waldo Emerson School

The baseball team won the opening game of the league series on the playground at Newton Highlands on Tuesday afternoon. The score was Emerson 6, Hyde 5. The game was sharply contested and well played by both teams. For the Emerson side the battery work of Hanson and Procter, the laying in of Yurick at second, and the lone three-base hit of Cerulo deserve special mention.

These boys make up the school team. John Procter, captain and catcher; Wm. Murphy, manager and third base; Newton Hanson, pitcher; John Fontannay, first base; Wm. Yurick, second base; Melvin Chambers, left field; Louis Cerulo, centre field; Stanley Balkont, right field; Subs: Paul Bloh, Norman Payne, and Wm. Kerschinsky.

Mrs. Frank Fanning, who has befriended the school so often with a variety of gifts, presented the school with \$5, in the familiar name of "Little Mary Redcross." The gift has been used for the purchase of baseball material.

The absent sick teachers, Miss Sullivan and Miss Jones are missed. We are glad to report that they are improving in their health.

Miss Dorothy D. Colby has been awarded the highest honors at the Newton High School and is to be valedictorian of the senior class. In 1920 Walter B. C. Dickinson won similar honors at the same school.

Miss Dow's seventh grade gave a well rendered literary selection entitled "Today" in the hall on Monday morning. Florence Ingham of the

## GRADE TEACHERS' CLUB

The Newton Grade Teachers' Club was most delightfully entertained last Thursday afternoon in the assembly hall of the Albert Edgar Angier School in Waban, by the teachers of the south district, which is made up of the Mason, Rice, Bowen, Hyde, Emerson and Angier schools. The entertainment took the form of a Palm Beach cabaret, with the following program:

Solo Dance—Miss Doris Mason.

Miss Virginia Mason at the piano.

Group of Indian Songs—Miss Mabel Chase.

Miss Grant, Accompanist.

Floradora Sextet—Gentlemen Ladies.

Miss Virginia Mason—Mrs. Elsie Oakes.

Miss Martha Wheatlen.

Miss Lillian Cox.

Miss Gertrude Abbott.

Miss Marian Green.

Miss Mildred Manter.

Miss Grace Doolittle.

Miss Esther Pendleton.

Miss Mabel Chase.

Miss Frances Chater.

Miss Grant, Accompanist.

Fashion Show from Wm. Filene's Sons Company—

Models—Misses Goodhue, Tabor, Manter, Green, Chase.

Refreshments of punch, crackers, ginger ale, ice cream and cake were served under the direction of Miss Jane Wyman of the entertainment committee.

The waitresses, charmingly dressed in white and wearing little caps and aprons of bright yellow, were Mrs. Benson, Misses Brimblecom, Burbank Clark Crandall, Daiger, Dixon, Doran, Gardner, Horgan, Lewis, Moore, Wheeden and Mrs. Forbes.

The decorations were under the direction of Miss Lillian Cox, and music for dancing was furnished by the Junior Trio of Newton Centre.

At the close of the program a rising vote of appreciation and thanks was given Miss Marion Bassett and her committee for the wholly delightful entertainment they have given the club this year.

## NEWTON WINS TWICE

A narrow escape at Waltham and an overwhelming victory over Rindge Tech mark the achievements of the Newton nine during the week just past. For a time it looked as if the Watch City team was going to spoil things, but the Orange and Black tide came in on time and Newton's string of victories remains unbroken.

The Waltham game was played at Waltham last Tuesday afternoon. Waltham went into the game determined to crush Newton, and they certainly did come very near doing it. The Watch City team had defeated B. C. High on the previous Saturday, and as a result gained recognition as one of the strongest teams in the State. Hanney had pitched brilliant ball against the heavy hitting B. C. High boys, and he was Coach Leary's choice to take a fall out of Newton. Coach Dickinson sent Howard Whitmore to the mound in the hope that the Orange and Black pitching ace would keep Waltham at bay.

Newton scored two runs in the very first inning, but Waltham took all the joy out of it, coming back in their half and scoring three. Waltham added two more runs to their total by hitting opportunely in the third inning, and the game went on up to the seventh inning, with Newton on the short end of the 5 to 2 score. In the seventh inning, however, Newton braced and, aided by a few Waltham misplays, put three runs across, thus bringing the score up to five all. There were no scores in the eighth, and the two teams went in to the ninth inning with the score still tied.

Here it was that a new hero won a place in the honor list of Newton athletes. Colburn, the tall willowy blonde, who serves as a substitute in the team, was sent in to bat in this vital inning. And what a wonderful job he made of it. He leaned on one of Hanney's fast ones and crashed it for a triple. This proved to be the break, for Jake Stafford, the next batter, came through with a single and gave Newton the one run that was needed to win.

Colburn's three-bagger will not soon be forgotten by the Newton fans, and he is deserving of all the credit that is coming to him. It was a pretty drive and it certainly came at the crucial moment. We sincerely hope that Colburn will continue to play a game of baseball that will warrant him a regular position on the first team.

The Newton team did not play up to its usual standard in the Waltham game, and the boys did not seem to be so sure of themselves as they are when playing on Clafin Field. We still maintain, many to the contrary, that a Newton team is never so effective away from home. Whitmore pitched good ball for Newton, although he did not equal his previous performances. The Waltham boys were strong hitters and found Whitmore for eleven safeties, a total that surpasses the number of hits that all the other teams together have been able to get off "Whittie." Hanney was the big gun of the Waltham outfit. He twirled fine ball for his club and was also active at the bat, driving out a double and a triple.

This victory over Waltham means much to Newton. If Newton had lost to the Watch City nine, both Waltham and B. C. High could dispute any claim that the Dickinson team might make for the title. But by defeating Waltham, Newton has eliminated two dangerous rivals at one crack.

For the first two innings the Rindge Tech game of last Saturday looked as if it was going to be one of those hard fought contests that are not settled until the last man has been retired. But only for 'two innings. After Newton went into the lead in the third there was no doubt about the outcome. Evidently Coach Dickinson's team was determined to make up for the farcical exhibition against English High, and they certainly made ample amends.

Robinson was Coach Linehan's choice to start for the Brown and White, while Coach Dickinson sent his Old Reliable, Howard Whitmore, to the Newton mound. The crowd looked forward to another pitcher's battle similar to the Whitmore-Harwood duel in the Newton-Brookline game. Robinson did the best he could to please the crowd, but his teammates were not so obliging. Truly, the Rindge team was a disappointment. In practice, the visitors shaped up like pennant contenders, but just as soon as they were placed under fire they wilted.

Rindge scored a run in their first inning at bat, when Robinson shot a neat single to centre, scoring a teammate ahead of him. Newton tied the score in the second, when Osborne drove out a hit that sent Capt. Murphy across the plate. And from this second inning on the game was all Newton. The Walnut street boys made two runs in the third, two in the fifth, and tallied once in every other inning. Rindge, in the meantime, was experiencing the discouraging task of trying to connect with Whitmore's assortment of curves. "Whittie," as usual, was pitching great ball, and during the seven innings he worked the Brown and White could make but three hits, while eight men were retired by the strike out route. With the game on ice, Leary was given an opportunity to pitch the last two innings. An error by the infield put the big fellow in bad at the very start, and Rindge filled the bases, with none out. But this time Leary didn't lose control, and he wiggled out of the hole, allowing Rindge but one run.

Every Newton man (save Leary, who did not bat), was on base at some time during the contest. Capt. Murphy laced out a pretty triple and scored four of the runs for his team. Practically every man in the Newton lineup came through with a hit when a hit was needed. Drennan was guilty of two poor attempts to steal second base, overrunning the bag on each occasion. Cronin continued to win admiration with his wonderful catching, and caught a man off first in the seventh. The Newton infield played good baseball and made the Rindge four look weak in comparison.

Cambridge Latin is the attraction at Clafin Field tomorrow afternoon, and in spite of the fact that the Cambridge team is not the championship outfit of last year, the contest should be well worth watching. The Latin School team would give anything to

## Y. W. C. A.

Outdoor track practice has begun, and every Tuesday afternoon the girls of the Newton Y. W. C. A. may be seen practising for the final eliminations for the inter-Y. W. C. A. meet to be held in the Harvard Stadium on June 10th.

Over 30 girls have come out to try for the different events, and there is great enthusiasm among the competitors.

In the track events, Blanche Leary, Priscilla Achorn and Muriel Naylor promise well, and in other events we have good material in Margaret Bascom, shot-put; Alta Blakeley, jumping, and Doris Stormons, and Eleanor Sheridan in baseball throw. Other entries are coming up in both form and record, and are pressing hard at first place.

On last Saturday, April 29, a bunch of girls took their suppers, and after hiking through Wellesley picked up on top of a high hill just at sunset time. Then hiked home across country.

This Saturday, May 6, we are going to hike to Nobscot Mountain, Weston, with our suppers, and then ride home by moonlight in a truck.

## EDITORIAL

The large number of brush and forest fires in this city and vicinity the past ten days is a striking commentary on the habitual carelessness of the American citizen. This has been manifested not only in the careless, thoughtless throwing away of lighted matches, cigars and cigarettes, but in the clear violation of the law which prohibits the lighting of bonfires and grass fires without the expressed permission of the chief of the Fire Department. The members of our Fire Department deserve the hearty gratitude of every citizen for their arduous work during this trying period. Let every one make a solemn pledge to be more careful with fire in the future.

The action of the Supreme court in sustaining the position taken by City Solicitor Bartlett, that in signing an agreement to pay any betterments which may be assessed for the construction of a public street, the person signing, cannot escape from the obligation thereby incurred, is mere common sense. Any other construction would have made invalid betterment assessments amounting to hundreds of thousands of dollars, for street construction work of the past few years.

To those interested in the regulation of billboards in this city tomorrow will be a red letter day in the campaign for their abolition, for Saturday will mark the close of the time limit set by the State Department of Public Works for the bill board owners to conform to the ordinance of the city prohibiting billboards on Commonwealth avenue, Washington and Beacon streets. City Solicitor Bartlett will have his hands full for the next few months in enforcing the provisions of the ordinance.

Mayor Childs' veto of the order granting the Colonial Filling Station, Inc., a permit for a gasoline station on Beacon street, Newton Centre, and which was endorsed almost unanimously by the residents of that village, indicates that even in a matter of this kind there are some politics—and politicians.

## DEATH OF OLD RESIDENT

Mr. Moses Clark, Jr., a resident of this city for over fifty years, died at his lodgings on Playstead road, Newton, early yesterday morning. Although Mr. Clark has been in failing health for some months, he has been seriously ill but a few days.

Mr. Clark was born in Boston on Christmas day, 1840, and was therefore 81 years of age. He came to Newton in 1871, and when the Newton water works were begun was secretary of the board which had that important matter in charge. In 1878 he served for one year as water registrar. In 1883 he was appointed deputy collector of taxes by former City Treasurer John A. Kenrick, and served in that capacity until March, 1896, when he retired from active business.

Mr. Clark was one of the founders of Grace Church, and was active in the affairs of that church for many years. He was a member of Dalhousie Lodge of Masons, of Newton, and of the Royal Arch Chapter, a Scottish Rite Mason, past eminent commander of Gethsemane Commandery, Knights Temple, of the Mystic Shrine. He is survived by a daughter, Alice, the wife of Mr. S. D. Hayden of Newtonville; a son Mr. M. Lawrence Clark of Dorchester, and four grandchildren.

Funeral services will be held tomorrow afternoon at 63 Playstead road, Newton, in charge of Rev. Richard T. Loring, rector of St. John's Church of Newtonville.

D. A. R.

The annual meeting and luncheon of the D. A. R. will be held on Monday, May 8, at the Lucy Jackson Chapter House. The State officers will be present. In addition to the usual reports and election of officers, the special feature of the occasion will be the unveiling of a tablet recording the history of the Lucy Jackson House.

## WILD FLOWER LITERATURE

The Massachusetts Horticultural Society have made the following selection of books on American wild flowers and ferns. This list was issued in response to the rapidly increasing interest in the native wild flowers of the United States and the numerous inquiries for books on the subject. That will be of service in their identification. It is offered also with the hope that further knowledge concerning them will lead to a higher appreciation of their value and to a stronger desire for their protection and preservation from ruthless destruction.

## HOSPITAL AID MEETING

(Continued From Page 1)

today, among which may be quoted, rugs, large and small, pillows, bedside lamps, a transilluminator, more room for X-Ray department, and subway repairs. The greatest need of all was the continued interest of the Aid Association. One of the determining factors in her decision to return to Newton Hospital was the fact of our existence and helpfulness.

The report of the year's work of the Social Service League followed with a few words from Mrs. MacMannan, the Social Service worker, whose work has proved very valuable to the Hospital, and also to the Community. The League has completed its 10th year of service and terminates at this time its existence, as the Hospital has assumed the financial support of the work. The retiring officers of the League have been invited to meet in conference with the Hospital Aid to corporate with them in further work.

Mrs. Talbot introduced Miss Sturgis, Director of the Barnard School in West Newton for retarded children also "State Examiner of Mentally Retarded Children." Such children are a puzzle to teachers to their parents and it is only by applying certain tests and by individual supervision that their cases can be understood and helped. They should receive our help and encouragement if they are to become wage earners and future citizens.

With a few words of introduction Mrs. Talbot presented Dr. George K. Pratt, medical director, Massachusetts Society for Mental Hygiene, his subject "Mental Hygiene, What It Is, and Why."

Dr. Pratt spoke of the warfare against enemy disease from time immemorial, one after another of the dreaded diseases, such as yellow fever, typhoid and tuberculosis had been conquered or greatly diminished, and now this last foe, man's last enemy, mental disease was to be conquered.

This great health movement has for its aim the abolishment of mental diseases. Mental hygiene demands knowledge of early warning signs of mental disorder, it demands the "why" of everything. There has always been a stigma attached to mental disorders, it demands the "why" of everything. There has always been a stigma attached to mental disorders, it demands the "why" of everything. There has always been a stigma attached to mental disorders, it demands the "why" of everything.

Mental Hygiene is concerned with prevention of defects and has already proved that a certain amount of mental disease can be prevented. Clinics are being held to spread abroad knowledge of this disease with a view to its prevention or cure. Work along this line is going on all over this country and with the aid of lectures and pamphlets knowledge of this subject will take its place along with information of better known and more familiar diseases.

A delicious luncheon under the direction of Mrs. F. S. Webster and a social hour followed the lecture and brought to a close the day's program.

## ANNUAL MEETING

(Continued From Page 1)

last campaign Mr. James A. Stafford of Newtonville, Rev. Allen W. Cooke of West Newton, Rupert C. Thompson of Newtonville, Tracy Rudd of Newton Centre, Forest Davidson, Jr., of Auburndale, Jesse W. Clark of Waban, F. D. Fuller of Newton, and the Captains and workers on the teams.

Mr. Kepner also spoke of the new endowment funds which had been given this year. Previously the endowment had amounted to \$3600 given by Mrs. Abbie A. Hanniford, Mrs. Emma A. Waite, Mrs. Hutchinson, in memory of Harold Hutchinson, Francis Murdock, and a trust fund of \$30,000 created by Norman H. George, from which the Association is already receiving some income.

This year Mr. Charles E. Riley made his splendid gift of \$10,000. A fund of \$1100 was given, the income to be used for soldiers and the community work on the South side of the City, and in the will of the late Mrs. James T. Wingate, her library with all the beautiful furnishings and books, and her home in Auburndale were left to the Newton Y. M. C. A.

The guest and speaker of the evening was Rev. William Harmon van Allen of Boston. He spoke of the need of a strong united Church, the Christian Home, and a trust that the law must be enforced if our civilization was to prevail and overcome the evils of our time.

Often at a banquet many leave before the last speaker is through but almost everyone remained to hear Dr. van Allen and they were not disappointed.

Mr. F. D. Fuller, with a few words of thanks to Dr. van Allen for his fine address, brought the meeting to a close. Many who have been identified with the Association for a number of years expressed the opinion that this was one of the very best of all our annual meetings. Mr. Fuller and the officers thanked with him are to be congratulated on the splendid work of the past year.

A Directors' meeting was held immediately afterwards for the purpose of electing a President and Vice President to serve for the new year. Mr. F. D. Fuller was re-elected as President and J. W. Blaisdell as Vice President. The Directors passed a vote of thanks to the President and members of the Auxiliary for the very efficient help that had been given during the past year by the various committees of that organization.

## LODGES

Mrs. A. E. Cunningham, Tent 2, D. of W. will hold a social party for the season on Wednesday night, May 10th, at 8.15, in G. A. R. Hall, Newtonville.

## UNDER THE GILDED DOME

Some of the really big matters of the session are beginning to show themselves.

On Monday the long awaited report of the Ways and Means committee on the matter of registration fees for motor vehicles and a tax on gasoline, was on the House calendar. The committee favors an increase in the fee for motor trucks, and a one-cent tax on each gallon of gasoline.

This bill was discussed in the House on Wednesday and was divided into two parts, one relating to the gasoline tax and the other relating to the fees for motor trucks. The gasoline tax was debated at length and finally referred to the next session by a standing vote of 86 to 61. The motor truck fees were debated but a short time, various amendments considered, and the bill finally defeated by a roll call of 82 to 116. All three Newton representatives voted for both bills. This action of the House means one of two things, either that there will be no additional road construction this year, or if work of that class is done, it will have to be paid for by state tax of which real estate all over the Commonwealth pays from 75 to 80%. The automobile associations are taking a wrong attitude in favoring large amounts for road construction and opposing payment of the same by the people who receive the greatest benefit from good roads.

On Tuesday, the Judiciary committee reported a most important bill to relieve the present congestion in the dockets of the Superior courts. The bill calls for two additional Justices.

In addition the bill removes the equity proceedings from the Supreme to the Superior courts, thereby relieving our highest tribunal from a mass of work—it gives the Probate courts the right to act in divorce proceedings, thereby relieving the Superior court and it extends to the entire Commonwealth the excellent plan which has been in force in Boston for some time, a form of appellate court for civil cases between the district court and the Superior court. If enacted, it will go far towards relieving the congested dockets of our courts.

The measure to harmonize the laws of Massachusetts with the Volstead act of the National Congress passed the Senate this week by a large majority. Senator Napheon of this district spoke and voted for the bill.

Ways and Means also reported this week a bill in regard to the control of county penal institutions. This measure will vest control in a commission of four, to be appointed by the Governor, one to be a county commissioner, one a sheriff, one judge and one woman, and to act with the commissioner of Correction.

The announcement last week by Representative Rice, that he would be a candidate for the Senate from this district, has opened the way for aspirants for his seat in the House. The first to appear is Alderman Everett Saltonstall of Chestnut Hill, whose record at City Hall has been sufficiently good to justify his promotion to other fields of political action.

Representative Early filed this week a most important bill based on the report of the Webster commission of last summer of which he was also a member. The bill creates a Department of Administration and Finance which will tend to unify the workings of the departments of the Commonwealth and which is hoped will result in large savings in the cost of administration.

Attorney General Allen sent in this week an opinion that there was reason to believe that the Federal Sheppard-Towner act for maternity benefits was unconstitutional and recommending the provisions of the act.

The Supreme court has rendered an opinion that the Legislature has power to define the qualifications which it deems necessary for district attorneys and the General Court will undoubtedly immediately enact a law which will require district attorneys to be members of the bar.

Reciprocal insurance, in which a large number of Newton residents were deeply interested was killed yesterday afternoon by the House by a voice vote.

The State House reporters have expressed their sympathy with Mr. Raymond L. Bridgman, one of their number, and a resident of Auburndale, on the death this week of his wife. Pensioners were adopted and flowers sent to the funeral.

J. C. BRIMBLECOM.

## SUCCESSFUL OPERA

The Newton Amateur Opera Association is giving this week in Players' Hall, West Newton, the most ambitious series of performances it has ever attempted. The opera is the well known "Chimes of Normandy," and it has been given on Monday, Tuesday and Thursday nights, and a final performance this evening.

Only words of praise can be spoken of both the principals and the chorus the latter being up to the standard of the professional stage, both in good looks and in attractive costumes. The singing was also remarkably good.

William Wolff, a former professional, took the part of Gaspard, a character which he is said to have filled for over 4,000 performances. It is needless to say that he gave a most finished presentation of the part and dominated the stage whenever he appeared. Mrs. Ethel Walcott Ross of West Newton made a handsome Serpolette, and gave a finished performance of the "mischief maker of the village." Miss Helene Wolff was an attractive Germaine, although her voice was rather light for the character. Mr. James A. Montgomery has a most melodious tenor voice, and his singing gave great pleasure. Mr. Harold Flint, as the Marquis, was also good, and Mr. F. W. Sprague, 2nd, and Mr. R. S. Bowen, as the comedians, made the most out of rather minor parts. The rest of the cast included Edna Louise Banks, C. Marion Kellar, Marie Laffie and Rosalind Nordstrom.

The chorus consisted of Eleanor Bissell, Marguerite Bissell, Harriet R. Edmonds, Lucy Glover, Elsie Haines, Elsie Johnson, Helen R. Kellar, Beatrice Knight, Norma C. Marshall, Blanche Perigot, Katharine G. Sprague, Miriam Standbridge, Ruth Van Dyne, Elizabeth Wetherbee, Dorothy Young, A. Henry Anderson, Spurgeon Blair, Harold F. Brown, A. O. Clark, Frederic Edmonds, Alexander Fraser, Jr., Herbert R. Gleason, Malcolm Harvey, Ray Heiseln, John C. Knight, John A. O'Neill, Lawrence A. O'Neill, Howard Young, Milton P. Young.

The music was under the direction of Wm. G. Hambleton; A. M. Russell was treasurer; F. W. Sprague, 2nd, business manager, and H. T. Hambleton stage manager.

The ushers were Messrs. L. D. G. Bentley, Thomas Marshall, Robert Perry and George Toney.

## DEATH OF MRS. LOGAN

Mrs. Annie R. Logan, one of the most prominent club women in the city, died last Saturday at her home on Forest street, Newton Highlands, after an illness of several months.

Mrs. Logan was the daughter of Mr. and Mrs. Sewall Chapman Cobb, and was born in Boston, Sept. 6, 1851. In 1872 she was married to Mr. William Taylor Logan, and has lived in Newton Highlands about 44 years. She was a member of the Congregational Church, a deeply interested member of the Chautauqua Circle, and one of the charter members of the Sarah Hull Chapter, Daughters of the Revolution.

In connection with this society she had done valuable historical work. Besides her husband, she is survived by three children: Mrs. Harold H. Blake of Concord, N. H., Mr. Arthur R. Logan, and Mr. Charles Logan, both of Newton Highlands.

Services were held on Monday in the Newton Highlands Congregational Church, a delegation from the Sarah Hull Chapter of the Daughters of the Revolution being present. Rev. Samuel H. Woodrow was the officiating clergyman. The Harvard Quartet of Boston sang. The burial was in Newton Cemetery.

## CITY HALL NOTES

Mr. Curtis Abbot has brought a bill in equity before the Supreme Court to enjoin the city government from passing the zoning ordinance, which has been under discussion for the past six months. The court refused to issue a temporary restraining order and assigned a hearing on the matter for today.

In consequence of the pending action before the Supreme Court, the aldermen took no action on the zoning ordinance last Monday, and adjourned until next Monday, when a definite action will be taken, provided the court does not interfere.

## BIGELOW NOTES

Miss Stearns who has had a severe attack of influenza, has returned after an absence of nearly four weeks. Mrs. Jenkins, regular school substitute, has been taking her place.

The flag has not been displayed this week because the old halyards have given out and are being replaced by new ones. This done the flag will fly as usual.

Bigelow was defeated by Horace Mann in the first game of the Grammar School League at Cabot Park Tuesday afternoon by a score of 20 to 8.

Bradley and Andres featured for Horace Mann, while Macpherson and Achorn played well for Bigelow. The Bigelow team meets Mason Saturday morning at the Burr Playground and hopes to get in the winning column.

Bigelow appeared Tuesday for the first time in their new uniforms.

During the past week several of the teachers have been ill, and there has been an unusual demand for substitutes.

The Girls' Captain Ball Team are rejoicing in the possession of a new basket ball bought with the proceeds of the vaudeville entertainment in April.

## NEWTON SMITH ALUMNAE

The Boston Association of Smith College Alumnae will hold the first night in its history at the "Pops" on Friday evening, June 2nd, at 8 o'clock in Symphony Hall. Professor Stearns is coming to play the organ. This is a new experience for Smith Alumnae—help make it a success and an annual affair. Members of the general committee in charge of the arrangements from Newton include Mrs. Clifton H. Dwinell, Mrs. Harold B. Cranshaw, and Mrs. Donald D. McKay.

### WHAT OF THESE OLD MEN?

Congress enacted a law in 1890 requiring all heads of departments and independent establishments in the federal service to report each year to the secretary of the treasury the number of employees under them who were below a fair standard of efficiency. Every year this is done and the letters to the secretary of the treasury from the various departments and bureaus are printed in the book of estimates of appropriations compiled for use by congress in making up the annual supply bills. Congress never pays the slightest heed to these reports. They are made up year after year, but the inefficient are never fired.

For example, last year the chief clerk of the treasury reported 170 employees of the Treasury department as below a fair standard of efficiency. But nothing will be done about it. The Interior department reported 139 inefficient, and will probably go on reporting them till they die of old age. There are employees of the government in Washington who are totally blind and who are led from their homes to their offices each day and back home again in the afternoon.

I knew in 1920 one gentleman of ninety-two years who had been in the government service for seventy-two years. He was being paid at that time \$800 a year. His maximum pay during his long service was \$1800 a year. James K. Polk was President when this old gentleman came into the service. He was born on January 10, 1828. His father was a captain of the regular army in the war of 1812. After that service he led an active life in other occupations until 1848, when he died, leaving a dependent family of nine persons, three of them boys. It fell to the lot of one of them to be the chief support of the family.

It came to pass, then, that at the age of twenty he received through the influence of navy friends of his father a small clerkship at the naval observatory, then under the superintendence of that accomplished officer, Matthew Fontaine Maury, whom he served as amanuensis for ten years, accounting it a great privilege and pleasure to have heard Maury's voice dictating the words of sense and wisdom which make up the sailing directions, the wind and current charts and other publications issued from the observatory for the benefit of the world.

From a copyist at first, November 9, 1848, at \$3 a day, the young man was advanced as follows:

July 1, 1853, clerk at \$1,200 a year; July 1, 1854, clerk at \$1,500 a year; July 1, 1870, principal clerk at \$1,800 a year; December 6, 1911, clerk at \$1,400 a year; May 1, 1918, stenographer and typewriter at \$900 a year.

It will be seen that he was demoted in December, 1911, and again in May, 1918, to lower positions, involving less work and responsibility. These demotions were at his own request. In October, 1917, he received from the assistant secretary of the navy, Mr. Roosevelt, the following letter:

"I have to inform you that you have been granted leave without pay for six months beginning October 13, 1917. 'As you have been in the employ of the government now nearly sixty-nine years, and during all that time your record has been excellent, I regret that there is no way in which the department could continue you on the rolls with compensation.

"I desire at this time to express the appreciation of the department for your long and satisfactory service, and the hope that you will be so benefited by this leave that you can return and resume your duties at its expiration."

I talked with one of the cabinet officers about the old and feeble employees.

He said: "I don't know what Congress intends to do about them, but I know what I intend to do with those in my department. I intend to leave them alone. They can stay here as long as they like, until some provision is made for them. When I was new in the department I dismissed two of these old people and demoted another, on the ground that they were superannuated and inefficient and were a hindrance to the work.

"All three of them wrote me sad letters and promptly committed suicide. That was enough and more than enough for me. Never again will I disturb one of them. I do not choose to have it on my conscience that I pronounced sentence of death on an old man or an old woman in the service of the government. They can all stay on here as long as they like. I found them here and some of them will be here when I leave. If Congress chooses to provide for them that is its obligation. But I will never sentence another one of them to self-destruction, no matter what the cost to the taxpayer and the government."

## TEACHERS' SALARIES

The following letters and extracts from letters will be of interest to the school teachers of this city and their friends.

From a letter from Chairman Everett E. Kent of the School Committee to the Mayor and aldermen we take the following extracts:

"Upon the passage of the budget in the early part of this present month, with appropriation for salary less than the amount estimated by the committee as necessary to maintain the schools, the School Committee gave careful consideration to the problems which were thus raised. The committee has to make immediately, in May, its appointment of teachers for the school year, beginning in September, fixing salaries. According to the printed schedule adopted in 1920, under which teachers have been engaged and have been serving, the action now to be taken should carry certain increases of salary to begin in September, 1922. The budget appropriation is not sufficient to permit this.

"Usually the School Committee succeeds in making some savings over its advance estimates; but these depend upon events that cannot be foreseen; deaths or resignations that may not occur. Also, unforeseen necessities may negative any such saving; for the committee's estimate is figured so close to actual needs that it contains no 'overlay' or margin, to provide for errors or contingencies. While this is hardly reasonable, in a budget item approaching \$700,000, it illustrates how economical and how precisely reliable the committee seeks to be in its estimates made for the Mayor and aldermen.

"The School Committee cannot wait until the end of the year before fixing the salaries. It cannot make appointments calling for more money than is available. And it cannot speculate, or at least it will not, and take the chance of arriving at the end of the year with funds exhausted, and of having to come to the Board of Aldermen and say that it has spent money at a faster rate than was authorized by the board. Therefore, the School Committee has concluded that it will be unable, with the appropriation granted in the budget, to make appointments in May at the salaries that have been pre-arranged as regular and standard."

The following letter was written by Mr. Kent to Aldermen Thomas W. White, chairman of the Finance Committee, under date of April 21:

I am writing to confirm and supplement our conversation held over the telephone last Monday, because I wish to make very sure that there is no misapprehension on the part of the head of the Finance Committee as to

what will result from the present reduced appropriation.

Word came to me of your having said, lately, that in making the present budget grant for school salaries the Finance Committee did not intend that the teachers should fail to receive their prearranged increases of salary next September, but that it was thought that sufficient savings to permit such increases could be made from withdrawals from service during the year.

Assuming that you might be correctly reported (although this is contrary to what I had previously understood), I called you to explain that the school appointments of teachers have to be made in May, specifying the individual salaries for the school year beginning in September, and that teachers must then accept or decline within a limited number of days.

The saving which you may hope will be apparent by December, and which may then, in retrospect, seem to have justified expenditures for the salary increases, is purely speculative and uncertain in May. As you know, it is forbidden by law as well as by good policy for the School Committee to incur liability in excess of the appropriation made for its use. If it is not desired that the prearranged increases be withheld, we must have the grant by May. The present appropriation is not sufficient to warrant our carrying out the schedule printed in the Rules under which teachers are serving.

In reply to this you suggested (this is in harmony with what I was told) that the feeling of the Finance Committee when its report was made two weeks ago, that such increases as were possible might be given to the lower paid teachers; and that the others should co-operate with the city in its distress by foregoing their expected increases. But I explained to you that any failure to pay the prearranged rates would be very like a breach of faith, which the city's own sense of self respect alone ought to prevent. It would embarrass the School Committee seriously in its administration, through affecting the morale in the school department, and through the uncertainty which it would throw about offers we may make to new teachers invited to come here. And I explained to you that only one of the grade teachers has as yet reached the permanent salary figure prescribed by the Rules; and that under the circumstances I could not say that the discrimination between teachers which you propose would seem to the School Committee the wisest manner of distributing the shortage.

You said that you would not accept any responsibility for failure of teachers to get expected increases; and that you were only asking for "economies." But to this I replied that the economies must evidently be made in salaries; that it is only salaries to which the budget item in question relates. The School Committee cannot fix salaries beyond the sums that are available; and if any economies are made they must be economies in salaries. And this will result from your reduction of the appropriation.

If this new knowledge that salaries have to be fixed in May, while the appropriation appears inadequate, changes the situation so that the Finance Committee would welcome a request as a basis on which to grant a further appropriation, I can assure you that the School Committee will gladly make such request. But the School Committee will not assume the responsibility of contracting to spend funds which the city government has not granted.

## Your Furs

## WOMEN'S CLUBS

GRACE M. BURT, Editor

With the close of the club season there must needs come changes in the personnel of executive boards, and while there is always a feeling of regret at seeing familiar faces leave the platform, everyone who thinks at all realizes how much better it is for the club to have new blood and new ideas infused at regular intervals. New officers naturally bring in new adherents and a broadening of club interest among a new set of people. The test, however, of their enduring interest in the club comes often when their particular friends go out of office. The real service rendered by a president is in making her followers loyal not merely to her as an individual, but rather to the Club itself, so that they will still be ready to serve under other leaders. The president who goes out of office feeling that she has led the club a little farther on its way, and has brought in new interest, through enlisting the active loyalty of another group of workers, may do so with a sense of satisfaction that her service has not been in vain. The sense of relief at laying down the burden of her office should not permit her to drop out of all activities, as is sometimes the case, for her best service may yet be in store in the strong support she may be to her successor. Club members at large, in welcoming the new officers, do not forget the service which has been rendered by those who have already served.

## State Federation

Federation activities cease with the present month. Yesterday came the last regular meeting of the executive board and the subsequent May party, when board and committee members lunched together for the last time. Thursday, May 18, comes an innovation, when the state president tenders a reception to the full board and standing committees at the Women's City Club. The following week, May 23-25, at New Bedford the annual convention will bring together women from all over the state. Mrs. Thomas G. Winter, president of the General Federation, is to be the honored guest for a second time. A new feature is the banquet on Wednesday evening with post-prandial exercises and a reception afterwards tendered by the hostess club. Many attractive events are being arranged for the pleasure of the visiting club women.

Make all arrangements about rooms through the New Bedford Hotel. Secure all tickets for luncheon and banquet on Wednesday, and for the clam-bake on Thursday from Mrs. Erford W. Poole, P. O. Box 12, New Bedford, Mass. Voting hours are from 12 to 2, and from 4 to 5, on Wednesday.

## New Federation

Tuesday, May 9, 10.30 A. M. Annual meeting of the Newton Federation of Women's Clubs. Central Congregational Church, Newtonville. The morning session will be devoted to the reports, election and other business with community singing interspersed. Luncheon will be served, tickets for which must be secured from local club presidents not later than Saturday, May 6. In the afternoon there will be selections by the Abundant Woman's Club chorus, by Miss Eleanor Lutz, cellist, accompanied by Mrs. Susan Williams. Prof. David D. Vaughan, of Boston University, will speak upon "American Ideals." He is a man with an interesting background and a message.

## Local Announcements

Tomorrow afternoon the Newton Highlands Shakespeare Club meets with Miss McCann of Upland avenue.

Monday, May 8, at 2 o'clock, the Newton Highlands C. L. S. C. will meet with Mrs. G. S. Hardy at the Shakespeare Society House at Wellesley College.

The Christian Era Study Club will meet with Miss Shepard of Windermere road, Auburndale, for its annual meeting on May 8th.

## Local Happenings

The annual luncheon of the Woman's Club of Newton Highlands was served most attractively by the Home Economics and Social committees. At the close Mrs. H. B. Walker repeated an original poem, composed for the luncheon tendered the retiring president the week before by the executive board, and this was followed by a toast from Mrs. C. G. Wetherbed.

All the annual reports were most interesting, and showed what a power for good in the community is the Woman's Club with its many and varied activities. The Art committee designed and erected a most attractive bulletin board in the square last October, and on Arbor Day, together with the Conservation committee, planted evergreens around it, making it a beauty spot in the town. Classes in dyeing, designing, and Museum classes have been held. The department has designed all the posters for club activities, as well as held two sales.

Along Conservation lines, a very successful tree meeting was held, dealing with the damaged shade trees. Four prizes were offered for the best bird houses made by boys of the 6th, 7th, and 8th grades. Members of the Massachusetts Audubon Society were the judges, and the prizes were awarded at a bird lecture. The Education department filled a long-felt need in furnishing a rest room for the teachers in the Hyde School. A series of story-telling hours on Saturday morning during the winter months for the upper grades has interested the children in better reading.

The Philanthropic Committee raised \$397.31 at two bridge parties at a food sale managed by the Home Economics Committee and at an evening lecture by Mr. Lyman Underwood, besides a special fund of \$335.55. Contributions were made to the following charities: Red Cross Seals, Near East Relief, American Woman's Hospital, Federation Bed in Children's Hospital, West Newton Music School. ### DEATH OF MR. JEWETT

Mr. Thomas P. Jewett, a resident of this city for thirty-five years, died last Saturday morning at the Boston Relief Hospital. Mr. Jewett was stricken with apoplexy at his place of business in Boston last week Wednesday, and was removed to the Relief Hospital.

One of the most unassuming of men, Mr. Jewett has lived a quiet life among us, devoted to his family, a lover of his home, and one who will be greatly missed by a wide circle of friends.

He was born in Lowell 66 years ago, and came from good old New England stock, his father being Dr. Jeremiah Jewett of Lowell, and his mother, Harriet Loomis Jewett, of Windsor, Conn. He was a member of the Waltham Lodge, A. O. U. W.

Mr. Jewett is survived by his widow, one daughter, Miss Gertrude Jewett, of Newton, and two sons, Messrs. Alfred and Joseph P. Jewett, of Watertown.

Funeral services were held from his late home on Jefferson street, Newton, on Tuesday afternoon, Rev. Dr. H. Grant Person officiating, and the body was taken to Lowell for interment.

### REAL ESTATE

Edmonds & Byfield report the sale of the property No. 67 Grafton street, Newton Centre, for Samuel B. Deane, to Freda Ames Nissen of Brookline. Property consists of modern frame dwelling and lot of 6,800 square feet, together with a two-car garage; all valued at \$17,000. Mrs. Nissen buys for a home and will occupy.

The same brokers report the sale for Elizabeth Fitz Hugh of Concord, to James C. Allen of Allston, of the property, 192 Hunnewell terrace, Newton, consisting of frame dwelling and 12,000 square feet of land; all valued at \$12,000. The purchaser was represented in this transaction by John T. Burns & Sons.

The same brokers report the sale of the property, No. 559 Centre street, Newton, corner of Newtonville avenue, for Herbert D. and Fred D. Allen, trustees under the will of Isaac D. Allen, to Z. E. Cliff of Somerville. Property consists of dwelling and one-half acre of land. It is the intention of Mr. Cliff to tear down the present dwelling and improve the property with three high class residences.

### CROWN PRINCE'S CONFESSIONS

The German Kaiser's Son Reveals His Family Secrets

A most extraordinary 'Confession' has just been written by the Crown Prince William, now in exile, in which he reveals without reserve the most delicate family affairs and the secret matters of state.

He lays bare the Kaiser's weaknesses and criticizes the war lords; tells how two German deserters warned the French of the crown prince's plans; and saved Verdun; narrates his untold dislike of the Kaiser and their quarrels and tells his own affectionate relations for his wife and his hero worship of the late King Edward of England.

It is a most extraordinary, frank revelation of his life today and in the past, written in a very sparkling and interesting style, and is to be given exclusively to New England readers through the Boston Sunday Post, beginning next Sunday and running for several weeks.

Orders need to be placed now with the newsholders of the Sunday Post during the running of this tremendously interesting, human diary of experiences.

### DEATH OF MAJOR BROOKS

Major George W. Brooks, the youngest volunteer to go to the Civil War from Newton, died last week Thursday at his home, 50 Prentice road, Newton Centre. For forty-four years he had been identified with the jewelry business, making jewelry and silverware cases under the firm name of the Brooks Manufacturing Company at 221 High street, Boston.

Mr. Brooks was born in Lamoine, Me., and was in his seventy-seventh year. For a number of years the family lived in Roxbury, later moving to Newton. He was a member of Edward W. Kinsley Post 113, G. A. R., the Boston Chamber of Commerce, Boston City Club, and identified with Masonry, being affiliated with the Blue Lodge and Aleppo Temple.

At the outbreak of the Civil War Major Brooks enlisted as a drummer boy when only sixteen years of age. He was discharged on account of sickness, but recovering he again enlisted and remained until the end of the war. He subsequently became identified with the Dennison Manufacturing Company until he went into business for himself.

An incident touching the return of Major Brooks's drum that he used during the war is of interest. On the return of the Forty-Fourth Regiment, Massachusetts Volunteers, in 1863, among the equipments turned into the Governor was a drum, on which the drummer had printed his name, "G. W. Brooks, Co. B, 44, M. V. M.," and had also drawn a checker board, on which many a game had been played to while away lonely hours. For years after Major Brooks endeavored to find some trace of his drum, but in vain. When the Regiment Association held its tenth annual reunion Major Brooks overheard a conversation which led through the courtesy of Colonel F. Lee, in whose possession the drum was, to the return of it to its owner.

Major Brooks is survived by a widow, who was Sarah A. Conerty of Windsor, Vt., and an adopted daughter, Mrs. Earle Stockman of Brighton.

The funeral occurred at his home, 50 Prentice road, on Saturday afternoon. Services were conducted by Rev. Edward T. Sullivan, D. D., of Trinity Church, Newton Centre, and Edward Kinsley Post 113, G. A. R. There was singing by the Schubert Quartet, selections being "Beautiful Isle of Somewhere," "Some Day We'll Understand," "Nearer, My God, To Thee," and "One by One." At the conclusion of the service taps were sounded. The burial took place at Mt. Hope Cemetery. The Rev. Dr. Edward Sullivan conducted services at the grave.

### Speaking of Profits

THE Edison Company is not allowed to make profits as that term is often understood.

Under the supervision of the State Department of Public Utilities, it must furnish a high quality of service at as low a cost as will cover expenses—including a fair return on the stockholders' investment, and a reserve sufficient to meet emergencies, as for example the December sleet storm.

## Odd Fellows Give Unique Entertainment

On Wednesday evening, April 26, at Odd Fellows' Hall, Newtonville, an enjoyable program was rendered in the form of a real Minstrel Show by Waban Lodge, No. 156, I. O. O. F., assisted by members of Sumner P. Lawrence Rebekah Lodge, No. 177, with friends, under the personal supervision of Mrs. Fred E. Perkins.

The stage was effectively decorated with orange trees and branches, cotton shrubs and blossoms, also real flowers, adding a real Southern touch to the scene.  
Mrs. Southern, the interlocutor (Mrs. Marie F. Haley), made preparation, assisted by her three children, for her dainties' reception, and at the appointed hour in walked gayly dressed dainties, ready for the big event, just straggling through the audience (nigger fashion, you know), to Mrs. Southern's home. Mrs. Haley, as hostess of the evening, carried off her part very effectively, cordially receiving the dainties and asking for their personal health, receiving snappy little answers from each. Down each aisle stepped those cake-walkers, Topsy Toddlefoot (Sylvia Bernard), and Ebikanza O. Piffle (Fred E. Perkins), in their specialty, "Warm'n' Up in Dixie," accompanied by the full orchestra, including tambourines and bones, receiving much applause from the audience in general. Yes, a real old black Joe was there, too, namely, Mr. Charles F. Dow, Sr., carrying his gun, ready to "shoot dem Possum." "Yes, sir, deed he was," and singing "Old Black Joe" the most spectacular fashion.

Tambourines and bones selections followed, also the opening chorus, a medley of old songs, well known to all present, by the full chorus.

Then Mrs. Southern called on each guest to entertain in some way, if they were musically or artistically inclined, and found her visitors ever ready to respond. The omnipresent wit of the men kept things moving.

Rufus Popocatapetl (Mr. Norton Chappell, tenor soloist of Newton), and first soloist of the evening, rendered that popular song, "Yoo Hoo!" followed by the encore, "Somebody Loves You, Dear." Both were greatly applauded by the audience. Mr. Chappell appeared several times during the evening, and all his work was excellent. Newton may well be proud to claim this young singer, and a brilliant future is predicted for him.

Then Peter Peckeroology (Mr. Allan McQuarrie), just generously sang those hot hits of the evening, "Pucker Up and Whistle," and "In the Old Town Hall," and also took the audience by storm later in the evening, when he sang "I Ain't So Young as I Used to Be," and that latest hit, "Witch Hazel." Mr. McQuarrie has an attractively snappy manner, and his hobby story of stepping out, his songs brought forth much mirth, the chorus assisting on each chorus. He is one lively singer of popular songs.

Owing to the severe attack of laryngitis, Topsy Toddlefoot (Miss Sylvia Bernard) was unable to sing her songs, but she showered the audience with violet while Mr. Chappell kindly rendered "April Showers." Here Mr. J. Albert White of Waltham was called to the stage, and the hearty applause which greeted him was indeed a welcome. It is regretted that his valuable services were procured too late for his name to appear on the program. His artistic rendering of that beautiful old-fashioned song, "Silvery Threads Among the Gold," held his audience spellbound, and the moment of silence following was more expressive of the real appreciation than the noisy applause which followed, and due to the over anxiety of the end men to get in their usual jokes, Mr. White did not have a chance to play a second time. This was a great disappointment to the audience which was, as you know, a difficult number, for he is, as you doubt know, an artist of unusual ability, and an apology is due him.

George Washington Harding (J. J. Silveira), next answered the audience with his songs, "The Preacher and the Bear," and "McDevan's Fate," in negro dialect.  
Yes! Carolina Sunshine (Mrs. Besse Nourse, Waltham's noted contralto and concert soloist), was there, too, all dressed up with a beautiful bonnet on and (23 carrot earrings, mostly green tops), and my, didn't she sing. "O, Didn't It Rain," also "Mighty Like a Rose." Her voice is indeed beautiful, and she received great applause. If you were not on hand to hear this soloist you certainly missed a great opportunity.

Next, Tambo Rastus Powderpuff (Guy Beal), appeared in his "Sunny Tennessee," and that good old song, "Can't Yo Heah Me Callin' Caroline?" both being well rendered and well applauded.

"Coon, Coon, Coon," with men's chorus, the solo being sung by Mr. Chappell, was interesting, and was followed by a demonstration of that real old-fashioned clog dance, "Old Zip Coon," by Duzenberry Highstepper (Mr. Oscar MacQueen), which was most amusing. It is plain where he got the name, "Highstepper."

Ebikanza O. Piffle (Fred E. Perkins) always a favorite, yes, that venerable gentleman, "wid de tall shik hat"—he was there too, and busy as usual. His "Never No More" was well applauded, so he had to sing the third verse to be sure.

Here Mrs. Southern (Mrs. Haley) was called upon to do her little part, so she sang, "Stand Up and Sing for Your Father," accompanied in the chorus by Mr. Chappell. She had to respond to an encore, so sang the encore, "Nuthin'" in her usual attractive manner.

At this point Ira Pressible (Miss Marjorie Perkins), in a lively negro boy's part, surprised her friends in her impersonation of a boy "tired of bein' bossed." Her "Fair Warm'n'" was certainly a clever number and startling to her audience. She came back with a speech of astounding jaw breaking words, to the amusement of all.

The two duets, "Lullaby Time" and "Passage Birds' Farewell," by Mrs. Nourse and Mr. Chappell, were two of the finest numbers on the program, showing the real quality in each voice from a classical standpoint, and the audience showed their appreciation in their hearty applause.

Miss Elizabeth Wass of Watertown, assisted by Mr. Ernest Fuller, gave a specialty dance, "When Francis Dances With Me." This number gave variety to the performance, for instead of being a darky number, it was an up-to-date vaudeville act. They were obliged to respond to an encore.

Miss Arabella Snowball (Mrs. Alice Mitchell) addressed the audience in the extreme. Miss Lucinda Quick (Mrs. Ethel Hurry), certainly lived up to her name in her singing and dancing, "On the Gin Gin Gin Shore," and "I Ain't Nobody's Darling." She is a clever little actress, and hers was one of the snappy numbers on the program.

Quartet, Mr. McQuarrie, Mr. Perkins, Mr. Chappell and Mr. Beal, was very appealing, judging from the praise received. At this point Mrs. Fred E. Perkins was called to the stage, and Mr. Chas. F. Dow, in behalf of Waban Lodge, thanked Mrs. Perkins for her efforts as director, and presented her with a magnificent bouquet of roses and pinks, to which she responded in her usual pleasing manner. Then followed the closing tableau, "Allegiance," which was very effective. Miss Stella Stevens, attired as "Miss Liberty," acted as flag bearer; Master Ferd Baxter, Miss Evelyn Smith and Master Robert Buell, representing the Encampment, Rebekah and Odd Fellow orders, each with regalia and link, denoting the three orders.

The entire chorus stood at attention during the song, "Allegiance," all singing and joining in the final flag salute, after which the dainties made their departure.

In the chorus were: Viris Semple, Eliza Cotton, Mabel Baxter, Jessie Green, Grace Wade, Henry Wallis, Arthur Cox, Katharine Vining, Ellen Smith, Annie Mitchell, Blanche Buell, Emily Stevens, Olive Beal, James Mitchell, Harold Green.

The floor was cleared and the remainder of the evening spent in dancing. Music for the occasion was furnished by Mrs. Perkins' orchestra: Mrs. Perkins, pianist; Mr. J. Albert White and Mr. Edmund Buell, violinists, and Prof. Roscoe Jenkins, drummer. Mr. Perkins also assisted with his violin.

The Newton Community Club com-  
pleted its third year with a membership  
of 609 with an annual meeting last  
Thursday. All reports were full of  
interest and showed an immense  
amount of work accomplished, work  
of which every member should be  
justly proud. The club chorus, always  
a delight to the members, rendered at  
the meeting during the afternoon the  
Spring Cycle by Mabel Daniels in a  
way that reflected great credit upon  
themselves and the leader, Mrs. F. A.  
Wetherbee. The sum of \$265 was

A social hour followed the business  
meeting, when members had the op-  
portunity for a friendly chat over the  
teacups. Mrs. Joseph N. Palmer, Mrs.  
Aldrich Taylor, Mrs. Howard M.  
Fletcher, and Mrs. William W. Colton  
served at the table, assisted by a large  
group of members.

The annual meeting of the West  
Newton Women's Educational Club at  
the Bunker Burn Country Club on Fri-  
day, April 28th, brought to a close the  
fourth year of work. The follow-  
ing officers were elected: President,  
Mrs. Harry S. Wells, first vice  
president, Mrs. Joseph A. McDonald;  
second vice president, Mrs. John R.  
McLean; recording secretary, Mrs.  
Charles E. Quinn; corresponding sec-  
retary, Mrs. Joseph B. Munroe; audi-  
tor, Mrs. Arthur B. Munroe; directors  
for three years, Mrs. George W. St.  
Amant, Mrs. Guy C. Holbrook, Mrs.  
Samuel P. Darling.

The club has contributed to the fol-  
lowing: Philanthropic Fund of the  
Newton Federation, State Federation  
Endowment Fund, West Newton Mus-  
ic School, Children's Hospital Wel-  
fare Work, Newton District Nursing  
Association, Clubhouse Fund of Gen-  
eral Federation, and assisted a West  
Newton girl from its Scholarship  
Fund.

Following the business meeting,  
luncheon was served. Miss Irene  
Forte's Orchestra furnishing music.  
Groups of songs were given by Mrs.  
Eleanor Foy Allen, soprano, and Miss  
Edith Louise Munroe, contralto. The  
arrangements were in charge of Mrs.  
Arthur B. Munroe.

The Woman's Club of Newton Up-  
per Falls closed its season with the  
annual meeting on Monday evening.  
After Mrs. Warren Hoey, who has  
been treasurer for four years, had  
given her report, Mrs. Ernest Cobb  
presented her report on behalf of the  
members, a sterling silver Eversharp pen-  
cil and chain. To Mrs. Cobb, the re-  
tiring president, was given a General  
Federation presidents' pin by the ex-  
ecutive board, the presentation being  
made by Miss A. Gertrude Osborne.

At the close of the business re-  
freshments were served by the Hos-  
pitality committee and a social hour  
was enjoyed by all.

Plans are being made for a food  
sale in June under the direction of  
Mrs. W. H. Hoey, also for a rummage  
sale early in October, the committee  
in charge to be under the chairman-  
ship of Mrs. Schuyler Smith.

The following officers were elected  
for the ensuing year: President, Mrs.  
Herbert E. Child; vice-presidents,  
Miss A. Gertrude Osborne, Mrs. Wal-  
ter F. Stevens; recording secretary,  
Mrs. Francis B. Parsons; correspond-

year, Mrs. Charles A. Chadwick, Miss  
Alice E. Jones.

The Newton Mothers' Club closed  
its season with a full quota of its  
members present at luncheon at the  
home of Mrs. J. N. Lovell of Otis  
street on Monday. Miss Houston of  
the West Newton Music School sang,  
after which came the business of the  
annual meeting. These officers were  
elected: President, Mrs. Maynard  
Hutchinson; vice president, Mrs. Nor-  
man W. Bingham; secretary, Mrs.  
Natt W. Emerson; treasurer, Mrs.  
Herbert M. Andrews; chairman pro-  
gram committee, Mrs. J. Edgar Park;  
chairman of the charity committee,  
Mrs. Albert C. Blunt, Jr.

at the Northgate Club on Friday, May  
12th.

—Mr. and Mrs. James A. Hutchinson  
of Valentine street are at Ashville,  
North Carolina.

—Mr. Benjamin Bowen returned on  
Sunday from a business trip to White  
Sulphur Springs, West Virginia.

—A party for the young people of  
High School age will be given in the  
Neighborhood Club tomorrow night.

—The Mothers' Club held its May  
Luncheon at the home of Mrs. Joseph  
N. Lovell on Otis street on Monday.

—The young ladies of The Misses  
Allen School gave very successful  
dance with over ninety attending this  
week.

—Betty Brooks of Highland street  
entertained a number of her class-  
mates and friends at her home last  
Saturday afternoon.

—Because of the great interest in  
bowling at the Neighborhood Club an  
extra bowling night was enjoyed  
last Saturday night.

—Mr. and Mrs. A. S. Kilburn have  
returned from a very enjoyable trip  
through the south, attending the  
Knights Templar Conclave at New Or-  
leans.

—The engagement is announced of  
Mr. J. R. Osgood Perkins, Harvard,  
1914, a well known former resident of  
this village, and Miss Janet E. Rane,  
Wellesley, 1916, the daughter of Mr.  
and Mrs. Frank W. Rane, former resi-  
dents of Waban.

—Mr. Frederick J. Fessenden enter-  
tains the members of the Private  
School Association of Greater Boston at  
the Fessenden School tomorrow.  
The program will begin at 2.15 o'clock  
followed by luncheon at 1 o'clock and  
at 2 o'clock there will be discussions  
by speakers of note of different phases  
of private school work.

Joseph Gerrity.

—There will be a May Festival held  
in the Unitarian Parish House, Satur-  
day, May 13, 1922, at 2.30 o'clock.  
Since olden times, we have thought of  
May and dancing synonymously, so this  
event will be a veritable festival of  
dancing. There will be the immemorial  
Maypole dance, of course, followed  
by general dancing, with a Lucky  
Dance and a Favor Dance. Besides,  
there will be a grab table, a food  
table and an ice cream and candy  
table. Plenty of things have been  
provided on this program to appeal to  
all ages.

## MAYOR'S VETO SUSTAINED

(Continued From Page 1)

14 votes. Aldermen Ball, Belcher, Car-  
ter, Hickey, Jewell, Melcher, Nichols,  
Phipps, Stenstall, Smith and Young  
voting for the order, and Aldermen  
Collins, Earle, Grebenstein, Heathcote,  
Madden, Ross, Whidden, White and  
Hollis voting to sustain the Mayor.

Mayor Childs sent in a large number  
of communications including letters  
from Chairman Kent of the School  
Committee with letters from Louise  
Wetherbee, president High School  
Club, Jane Stoddard, president Grade  
Teachers Club and P. C. Scarborough,  
President Schoolmasters club, in re-  
gard to the reduction in the appropria-  
tion for salaries, by which it would be  
impossible to give the teachers the un-  
derstood increase in salaries beginning  
next September. The Mayor recom-  
mended \$517.02 for pension for E. J.  
Healey, and submitted offer of the  
Newton Centre Woman's Club to give  
1990 feet of land for widening of In-  
stitution avenue and Union street, a  
proposed amendment to the plumbing  
ordinance, a protest from Anna C.  
Bartlett against placing her property  
at Arlington and Marlboro street in  
zone 1, a letter from George J. Martin  
urging the revocation of permit for a  
gas filling station north side of Com-  
monwealth avenue next Irving street,  
and from Supt. of Schools Wheeler re-  
lative to obtaining additional land for  
the proposed new Davis school and for  
a small hall in that school in some  
other place than the third floor.

Petitions of Carmine Colalucia for  
street musician license, A. D. Dowd for  
auctioneer license, H. J. Fleming,  
truck license, P. L. Palmer for gas fill-  
ing station Winchester street, J. Ed-  
win Masters for incorporation as New-  
ton Masonic Associates, Inc., H. B.  
Walbridge, for tax license, D. Rizzo  
for pool license, Masten & Wells to  
discharge fireworks on their own land,  
J. Hoffman, Newbury court junk,  
Edison & Telephone poles on Highland  
avenue and of R. W. Brown, Waban  
park, H. J. Carlson, Bishopgate road,  
G. W. Thompson, Waltham street, Dr.  
L. H. Marshall, Hartford street, B. H.  
Cowie, Lee road, O. D. Brett, 20-car  
garage, Park street, R. McLean, R. H.  
Loomis, Forest avenue, W. H. Adams,  
Norwood avenue, M. E. Davidson,  
Shaw street, M. M. Kimball, Dil-  
main road, and F. A. Burton, Collins  
road, all for private garages were  
granted.

Petitions were also received from  
F. P. Lind, Walker street, Curtis Abbott,  
Cliffin place, Gustav Martin, Winn-  
taska road, Catherine Doherty, Manet  
road for private garages, for sewers in  
Sargent park, Ward street, Kenmore  
street and Fuller street, and claim for  
injuries caused to D. M. Goodridge by  
falling limb of a tree.

There was a long debate over a  
majority report of the Public Works  
committee that it was inexpedient to  
open up the north roadway of Com-  
monwealth avenue for motor traffic.  
Alderman Young said that this action  
taken for financial reasons as a  
proper road would cost from \$90,000 to  
\$100,000. The south side of the ave-  
nue is handling the traffic fairly well  
and it is proposed to have traffic off-  
icers on the avenue every Sunday and  
Saturday afternoon. Alderman Salton-  
stall favored opening the north road-  
way for automobiles on Saturdays and  
Sundays for a few months. He be-  
lieved that one roadway was sufficient  
for the other days of the week. The  
expense of placing the roadbed in con-  
dition for this travel would be small  
and Boston was ready to co-operate.  
Alderman Ross favored a trial of the  
matter to relieve the congestion on the  
south side of the avenue, and Alder-  
man Earle spoke along similar lines.  
Alderman Whidden said the north side  
was much narrower and motorists  
would much prefer the wider and bet-  
ter road on the south side. He favored  
allowing two way traffic on the south  
side as well as a one-way traffic on the  
north side. Alderman White suggest-  
ed that the police court might refuse  
to convict for any violation of such  
traffic rules and that signs would mean  
nothing. The financial condition of  
the city will not permit the additional  
maintenance of 4 1/2 miles of street; it  
would mean a race track thru the city,  
which would be largely used by non-  
residents of the city. He favored  
spending the money on improving the  
south side and other streets in the  
city. Street Commissioner Stuart  
insisted on inquiry that it would cost  
\$500 a mile for proper maintenance.  
Alderman Young said that the present  
roadbed would not stand much travel  
and Alderman Heathcote wanted to  
know now you would enforce traffic  
rules if motorists persisted in using  
the South side. Mr. Saltonstall's mo-  
tion to allow three months' experiment  
by using the north side was defeated  
and the committee report accepted.

Victualier licenses were granted of  
C. H. Sadler, Charles street, Cooper,  
Joyner & Co., Prospect place, and Col-  
leary & O'Donnell, Centre street, J. W.  
Blakeney was granted permit for 7-car  
garage, Court street, E. Emerson,  
a permit for a 14-car garage, Watertown  
street and leave to withdraw granted  
on victualier petitions of Teresa De-  
Luca, Adams street, Gray & Frost,  
Charles street, J. J. Donovan, River  
path, Z. M. Chamberlin, Waltham  
street, Stephen Pittorino, Centre street  
and Braganti & Co., Beacon street.

The zoning committee presented a  
final draft of the zoning ordinance and  
it was filed after Alderman Phipps had  
stated that a petition had been filed in  
the Supreme court last Friday to re-  
strain the board from taking action on  
the ordinance and it was thought best  
to wait for action by the court on Fri-  
day of this week. On motion of Alder-  
man Phipps the board voted to adjourn  
to Monday, May 8th.

Sewers were ordered laid in Wyman  
street and Cheswick road and hearing  
assigned for May 15 on sewer in Sar-  
gent park and on a proposed building  
line on Washington and Auburn  
streets. Pensions were authorized for  
Sergeant Kyte of the Police Dept. and  
Edward J. Healey on the Street Dept.  
various applications for Soldiers Relief  
were granted, and the Mayor was au-  
thorized to lease the house owned by  
the city on the Junior High School  
land on Crafts street.

No action necessary was reported by  
the License committee on applications  
for various bill boards.  
Leave to withdraw was granted on  
junk petitions of Joseph Hoffman on  
Barreleau court and Jacob Kligman.  
There was a long discussion over

good fight to have the permit granted  
without restrictions but was outvoted.  
President Hollis called attention to

## HIGH SCHOOL NOTES

On April 24th at the Boston Public Library prizes were awarded for the most artistic and most skillfully made poster in the celebration of "Kindness to Animals Week."

The first prize was awarded to Elizabeth Groves and the third prize to Audrey Jones, both of the Technical H. S. Great credit is due both the girls and Miss Ethel McGregory, their instructor, as their posters were chosen from several hundred submitted from various schools throughout the state.

The Seniors in the Classical High are having regular rehearsals for their play. Some critics say it will surpass any play given before.

A business meeting of the high school Women's Club was held on Tuesday, April 25, in the Technical High.

On Monday, April 24th, John Clair Minot spoke to the Vocational H. S. on the subject of "Books as Friends." Teresa Carouso, a senior in the Technical H. S. has been awarded a handsome card case by the Royal Typewriter Company in recognition of her skill in typewriting. Miss Carouso wrote sixty words a minute for ten minutes making only two errors.

There have been two classes formed in the Newton Y. M. C. A. under the supervision of an expert to teach boys in the Newton High Schools the art of "Life-Saving." These classes were started on Monday, May 1, one in the afternoon and one in the evening, to be continued during the week with a public exhibition on Saturday evening, May 6th.

On Saturday evening, May 20th, the Technical H. S. Alumni will hold a dance.

The Juniors and Seniors who are taking the Fine Arts course left school early on Wednesday, April 26th, in order to visit the exhibition of Animal posters at the Boston Public Library. Miss McGregory accompanied them.

On Thursday, April 27th, the junior girls of the Vocational H. S. prepared and served a very attractive and delicious luncheon to the following guests: Miss Bridge of Cambridge, Miss Roof and Dr. Blood of Simmons College, Mrs. Bragg and Miss Kenrick. Preparations are now being made for the Senior Prom in the Classical H. S.

The Juniors' reception to the Seniors in the Technical H. S. on Friday, April 28, was a great success, about 300 attended. John Sheehan, chairman of the committee, addressed the Seniors in behalf of Todd Wallace, the class president, who was ill. Mrs. Newcombe, Miss Lund and Miss Wetherbee were the patronesses. Besides an elimination dance there was a prize dance which was won by L. Kirsch and Audrey Jones.

At an assembly in the Technical H. S. on Wednesday, May 3, Rev. Brewer Eddy gave a short talk on "The Relations between U. S. and Japan." He then introduced Raymond Baker, track star from Bates College, whose subject was "Fundamentals of Success." The Senior Play of the Classical H. S. will be given on Saturday evening, May 13, "The Sixth Prophecy," for that is the name of the play, was written by Donald Reynolds, a senior.

**Colored Diamonds Rare.**  
Green diamonds are found, and others of crimson, but these are rare. Black diamonds are common enough, but black pearls are rare. Pink pearls are greatly prized. One of the finest in existence was found in a fresh water mussel in the Mississippi river, and is valued at \$15,000. Off the Pearl Islands, south of Panama, pearls are found which are lead gray.

## Worry.

Worry is worse than the seven-year itch. You can avoid that so that you can quit scratching a little while now and then; but nobody ever invented a salve for worrying. You have just got to cut it out by the roots and graft in a happy disposition where it used to grow. It can be done. Thank God for that!

## Useful Coffee Cans.

Tin coffee cans can be used as permanent containers for your salt, spices and so on. Enamel them in white or cream and put a little border design in black, blue, yellow or any preferred tone around the top and bottom.

—Ex-Mayor Z. E. Cliff of Somerville is to build three two-apartment houses on the Allen estate at Newtonville avenue and Centre street.

—A second edition of the book, "Taxation in Massachusetts," of which Alderman Philip Nichols of Park street is the author, has just been issued. Mr. Nichols is a recognized authority on taxation, and his book is one of the most valuable and important ever published on this subject.

—Mr. William Welch, a resident of this village for the past 65 years, died last week Thursday at his home on Bacon street. Mr. Welch was born in Boston and was 85 years of age. For many years prior to the abolition of the grade crossings in this place he was the gate tender at the Centre street crossing, and worked at his trade as a harness maker in a little building near the present store of Mr. Avantaggio. He retired from active business many years ago. But little is known of his family. Funeral services were held at his late home on Bacon street on Sunday afternoon, May 4, at 2 P. M. The Rev. George S. Butters officiated and the burial was in Mt. Hope Cemetery.

## MURDER AND SUICIDE

The murder of Mrs. William B. Powell by her husband and his immediate suicide last Tuesday was one of the most terrible affairs that has ever taken place in this city.

Mr. and Mrs. Powell resided in what is known as the White estate at Chestnut hill, Mrs. Powell being the widow of the late R. H. White.

The most authentic account of the shooting is that Powell came home that afternoon about 5.30 o'clock and that he accused his butler, Michael J. Maloney of being intimate with Mrs. Powell. He also accused Mrs. Powell and they quarrelled. Powell then produced an automatic revolver and as Mrs. Powell and Maloney ran he fired at them. According to Josephine England, a maid in the household, Powell fired three shots at Maloney but missed him. Mrs. Powell ran into the library and Powell followed and fired at her three times. Two bullets entered her left arm and another her left breast.

At this point, apparently the automatic pistol jammed for Powell threw it on the floor. The maid, Miss English, says that he went upstairs to his own room. There he seems to have taken an ordinary revolver and shot himself four times in the breast.

The servants summoned a physician, but when he came Powell was dead and Mrs. Powell just alive, she in the library and he in his own room. The medical examiner was notified and took charge of the case.

Mr. Powell was 38 years of age and the district manager of the R. G. Dunn Mercantile agency. Mr. Powell was also 58 years of age.

## RED CROSS

During the week we have been having classes in Life Saving Methods at the Y. M. C. A. swimming pool for seniors, at 4 and 8 P. M., daily, and also a class for women at Lasell swimming pool at 6 P. M. daily. Mr. Miller of the New England Division has been giving the instructions for all these classes.

On Saturday of this week, at the Y. M. C. A. at 4 P. M., there will be contests for those who have taken these courses, and the Newton chapter will award badges to those passing the tests. This will be open to the public.

This week there are 35 men and 5 women in initiation at a radio class. Lydia Hubbard and Louise Paul then gave a fancy dance. Mr. Morton Cole gave a real radio concert, using his own radio. The audience listened to music from Pittsburgh and New Jersey.

The evening concluded with refreshments and dancing.

The pourers were Mrs. Charles M. Richardson, Mrs. Arthur E. Smith, Mrs. Walter Newburt and Mrs. William Adams.

**NEWTON HIGHLANDS IMPROVEMENT ASSOCIATION**  
The members of the Newton Highlands Improvement Association held a unique entertainment last Saturday night. About 300 were present. The entertainment consisted of a sketch of the scene of which took place in a garage supposed to be run by Mr. Charles Johnson, with Mr. Robert Chapin as the colored man. The various applicants for work gave an excellent opportunity for local hits, which were much enjoyed by all. Following this, a song called "The Radio Girl," written by Mr. Charles Johnson, was sung by Mr. Maurice Quinn in imitation of a radio. Lydia Hubbard and Louise Paul then gave a fancy dance. Mr. Morton Cole gave a real radio concert, using his own radio. The audience listened to music from Pittsburgh and New Jersey.

The evening concluded with refreshments and dancing.

## INJUNCTION REFUSAL

In the Supreme Court last week Friday, Judge DeCourcy refused to issue an injunction to restrain the Newton aldermen from passing a proposed zoning ordinance.

The matter was brought up to the court by Mr. and Mrs. Curtis Abbott of Newtonville, Major Perez B. Howard of Newtonville, William J. Cozens of Newton Highlands, who is a real estate dealer, and City Physician Fred M. Lowe, whose home is in West Newton. When the case was called at Attorney George H. Mellen stated that he wished to withdraw the name of Mr. Cozens. Mr. Abbott, who is an attorney, argued his case, and Henry M. Whittlesey appeared for Dr. Lowe. Joseph Y. Bartlett, city solicitor, represented the city, while Mayor Edwin O. Childs, President Arthur W. Hollis of the aldermanic board, City Engineer Edwin Rogers, City Clerk Frank M. Grant and several of the aldermen were present.

Mr. Abbott's chief contention was that many Newton people did not know of the proposed zoning plan and he wished the matter to be delayed until a hearing could be held, at which all who were interested might appear. Dr. Lowe's contention was that such an ordinance was unconstitutional and unjust, that it would affect the coming generation, and that the restriction of the use of land was equivalent to taking it without recompense.

Mr. Bartlett stated that the aldermen have the right to adopt such an ordinance under a legislative act; that the matter has been before the city government since 1918, and that at least twenty-five hearings have been held on it. He stated also that the city has employed experts, both lawyers and engineers, to investigate and to draft a plan.

Judge De Courcy said: "I see no reason for an injunction. It may be that the board will never adopt this ordinance. If it should, and anyone's legal rights are infringed upon there is a remedy. You are asking me to issue a temporary injunction restraining the aldermen from considering the ordinance. I decline to do so."

## LECTURE ON CHRISTIAN SCIENCE

The many Newton people directly and indirectly interested in the subject of Christian Science will be gratified at the announcement in another column that Prof. Hermann S. Hering, C. S. B., is to speak on the subject at Temple Hall, Newtonville, Monday evening, May 22nd. Prof. Hering, formerly connected with John Hopkins University, became interested in Christian Science, and after a searching investigation of its claims and teachings, accepted them, and has since given all his time and abilities to this cause. As a member of the Christian Science Board of Lectureship, his message is an authorized one, and will make its appeal to all of an open mind. The lecture is free, and a cordial invitation is extended to all.

## MUSICAL FESTIVAL

The Fourth Annual Musical Festival of Memorized Hymns will take place on Sunday, May 14th, at 4 P. M., in the Eliot Church, Newton. Doors open to Sunday Schools of the Norumbega District at 3:30 P. M., to the general public at 4 P. M.

Rev. Earl E. Harper of Auburndale will direct the hymn singing, and Mr. Fred L. Smith of West Newton, newly-elected president of the Norumbega District Sunday School Association, will preside.

Large delegations of children and young people from Waltham, Watertown, Belmont and Weston, as well as from all parts of Newton are expected to attend and to sing in one large and splendid chorus the great church hymns which they have been practicing and memorizing during the past few months in their church schools and their homes.

Four of the hymns and a story will provide the theme of the program for the auditorium section of the Festival, where the Junior, Intermediate and Senior Departments of the Sunday Schools gather. The story will be told by Rev. Ralph E. Davis of Newton Centre.

In the Primary department section, held in the chapel of the church, there will be three story-tellers, two of whom are members of this District. Mrs. R. F. Halladay of Newton Highlands and Miss Persis S. Richardson of Belmont.

Frank W. Chase of Newtonville is chairman of the music committee of the District, under whose auspices the Festival is conducted. District representatives from all parts of the District will serve as ushers, under Mr. Charles E. Griffith as head usher. Last year for this event the church was filled, and as many as 1300 participated. An equally large attendance is assured for this year.

## NEAR EAST RELIEF

The Betty Roberts Shop at 57 Union street, Newton Centre, and the churches in the other villages have responded to the call of the Massachusetts Near East Relief committee and will serve as collection centres for discarded winter clothing and shoes next week.

Monday is to be observed as Bundle Day throughout the state, and an appeal has been made for 250,000 pounds of clothing.

A cablegram from the president of the Armenian Republic states that the weaving industry of the country has been ruined by war, and cannot be restored within two years. Every American garment sent over is in use, and the warehouses of Near East Relief are empty. The situation is more serious than in any year since the armistice was signed.

## ACTION ON ZONING ORDINANCE DELAYED

### Active Minority Block Suspension of Rules at Meeting of Aldermen on Monday Night

The proposed zoning ordinance had been held at the adjourned meeting of the aldermen last Monday night, an active and aggressive minority of the board being successful in postponing action that night because it required a three-fourths vote of the board to suspend its rules regarding the passage of ordinances.

All the members save Aldermen Bannfield and Carter were present and the first battle came over the question of allowing Mr. Leon Rubenstein of the Security Mills a hearing on the district to which his property had been assigned. Alderman Phipps of the Zoning committee stated that Mr. Rubenstein had been heard by the Newtonville local committee and by the Zoning committee and it would be unfair to allow one objector a special hearing. Alderman White, in a most grandiloquent manner said "that every American citizen was entitled to his day in court." That the Security Mills, a manufacturing concern had been placed in the general residence district. Every citizen he said, should know what zoning was to be made even if changes were being made in the district lines like a kaleidoscope. Alderman Saltonstall said that two public hearings had been held and it was unfair to allow one a hearing and the other not. Alderman Madden said that hundreds of citizens were affected by this ordinance and the board would be criticized if it gave but one man a hearing. Alderman Heathcote said that the chairman of the Newtonville Zoning committee, Mr. Cabot was one of the most active men a year ago in opposing the location of the Security Mills. Alderman Whidden favored zoning, but saw no objection to giving Mr. Rubenstein a hearing. The board then voted to give Mr. Rubenstein 15 minutes. He said that it was obvious that the ordinance took away property rights without compensation. The Security Mills had bought land and put in a plant and it was a mockery to say that a factory should be in a general residence district. This property was back swamp land and should clearly be in class 4. As it would be impossible to obtain a 3/4 vote of the aldermen, keeping this property in class 2 would prevent development and expansion which every industry had to expect. All the property in that neighborhood is assessed for about \$57,000, a valuation that the machinery alone of the Security Mills would be assessed. Mr. Rubenstein said that the zoning ordinance was revolutionary in character and ought to be made as sugar coated as possible. With but few objectors, the board ought to give everyone what he wants.

Mr. A. M. Lyon of the Newtonville local committee was then given an opportunity to reply and said that this matter had been given full consideration and hearing. The committee had made a house to house canvass and all that neighborhood was unanimous for the general residence district.

Alderman Saltonstall then moved that all the other objectors be granted a hearing at the next meeting of the board. Alderman Phipps said that speculative building was going on all over the city, twenty applications having been filed within the past two weeks. Citizens were uncertain and the time has come for definite action. Alderman White was opposed to the ordinance in its present shape, it was un-American, and a relic of German Kultur. He cited several instances of what he claimed was improper districting, admitting that he did not know however just what district some of them were in. Alderman Nichols stated that this matter had been under consideration since 1918 and that the number of opponents had now been reduced to but 3 or 4. Ample opportunity had been given to everyone and it was time to take action. Alderman Heathcote said that the city has existed a number of years without zoning and it would not be disastrous if the ordinance was never passed. Alderman White believed that a better zoning ordinance could be framed predicted that it would prevent the development of the city and would be a subject of political controversy in the future. Mr. Saltonstall's motion for another hearing was defeated by a vote of 10 to 8.

Alderman White then raised a point of order that as the ordinance might entail a revaluation of the city, it should under the rules be referred to the Finance Committee. President Hollis ruled against the point order and was sustained by the city solicitor. It was pointed out, however, that the matter had not been formally before the committee on Claims and Rules

and a motion to suspend this rule was defeated 12 in favor to 6 opposed, a 3/4 vote being requisite.

A recess was then taken to allow the committee on Claims and Rules to meet and an hour later, the battle was resumed with a majority report from that committee favoring the ordinance with an amendment placing the Security Mills in class 4. The question then came on suspension of the rule requiring three days written notice of every ordinance to be favorably reported by the committee on Claims and Rules. Alderman White opposed suspension as he was not satisfied that the statutes on the matter had been complied with. Alderman Whidden raised the point of order that the rule had been complied with as every member had been supplied with a printed copy of the ordinance, but President Hollis ruled against him. Mr. Whidden then said that a great preponderance of our people favor this matter as it had the virtue and merit of protecting the property of every citizen. Alderman Heathcote thought the city could well survive a delay of three days and called attention to the fact that even in the single residence districts it would be possible to erect small cheap single houses which might be objectionable. Alderman Madden said that nothing could be gained by delay. Alderman White stated that the ordinance had been amended several times and was not 100% perfect even now. President Hollis took the floor to say that he favored zoning but did not believe that the ordinance should be adopted until everyone was satisfied that it was all right. The board then refused to suspend the rules, a 3/4 vote being necessary. Alderman White, Collins, Young, Grohstein, Earle, Heathcote, and Reas voting in opposition.

There was some question regarding the matter of sending each member a copy of the district plans, and when city solicitor Bartlett ruled that the plans were a part of the ordinance, a motion to omit the plans was lost 10

## D. A. R. MEETING

The Lucy Jackson Chapter, D. A. R., of Newton, held its annual meeting at the Chapter House, Newton Lower Falls, on Monday, May 8th. Preceding the meeting there was a luncheon for the members and their friends, numbering altogether about 135. The meeting was called to order by Mrs. F. J. Fessenden, the regent, and after the customary salute to the flag and roll call, the secretary's report was read and approved, after which followed the annual report of the officers. Mrs. Fessenden paid tribute in her report to Mrs. F. M. Sherman, who has held various offices since the founding of the chapter, and who now retires after having been treasurer for many years, but continues on the board of directors, and the members of the chapter took great pleasure in presenting to her a handsome diamond and platinum pin in recognition of her valuable service.

Mrs. Charles D. Meserve gave a very full and interesting account of the 31st Continental Congress at Washington, to which she was a delegate from the chapter.

The following officers were elected: Mrs. Elizabeth Damon Jones, treasurer; Miss Florence E. Tower, assistant treasurer; Mrs. Mary Duncan Tucker, historian, and Mrs. Caroline D. Holmes, Miss Julia D. Lucas, Mrs. Annie E. Sherman, Mrs. Ruth Cordingley and Mrs. Adelaide R. Howe, directors. The meeting closed with the singing of America.

A tablet has been placed on the front of the house and was dedicated with appropriate exercises. Mrs. Brackett and Mrs. Muller unveiling the tablet, while Miss Emily F. Jordan made the presentation in behalf of the committee.

Misses Greta and Grace Hoogs, Miss A. Clinton Brackett, Mrs. E. H. Perkins, Mrs. Sage, Mrs. Dunklee, Miss Lucretia Fuller and Miss Frances Murdock, all descendants of Rev. A. L. Baur, rector of St. Mary's Church from 1822 to 1851, to whom the chapter house was bequeathed by Afta Stoddard, were present.

Miss Greta Hoogs presented a deed of the property to Afta Stoddard, dated 1774, also 2 Masonic aprons and a sash which were worn at the laying of the corner stone of St. Mary's Church (which adjoins the chapter house) in 1813.

Meetings of the New England Division of American Red Cross will be held at the Hotel Somerset, Boston, from 10 A. M., Thursday, May 18, until Saturday noon, May 20. Governor Cox will speak at the opening session on Friday, May 19th. For further particulars about meetings apply to your branch chairman or to the Newton Chapter Headquarters. All Red Cross members are cordially invited.

## SCHOOL NOTES

Edited by Dorothy Drake

Albert Edgar Angier School

The Cleveland Survey Tests in  
arithmetic are being given throughout  
the school. Grade 8 has just passed  
Test B with a higher median than that  
set by the established records.

One hundred and thirty-five chil-  
dren have opened accounts at the  
Newton Centre Savings Bank, due to  
the two months' thrift drive which the  
pupils have made. Three hundred  
and sixty-six dollars have been de-  
posited in this time. The largest ac-  
count is that of Raymond Kenny who  
earned and saved thirty-three dollars;  
second, Phyllis Holman, twenty-nine  
dollars; and third, Eleanor Hayward,  
twenty-three dollars. Every account  
is more than one dollar.

The Angier Field Day netted over  
forty-two dollars for the School Fund  
of which Miss Mary A. Lincoln is  
Treasurer. Grade 8 tables with ice  
cream, cake, lemonade, candy, and  
fortune telling held first place, earn-  
ing twenty-six dollars.

Bradford Gove and an able com-  
mittee of sixth grade children have or-  
ganized a museum of rare curios and  
things of historical importance in one  
of the spare rooms.

The endeavor to have all the chil-  
dren in the upper grades play ball has  
resulted in six teams being formed:  
the Braves, White Sox, Red Sox, Tig-  
ers, Athletics, and Indians with Bob  
Annable, Saville Davis, Frank Spain,  
Roger Haddock, Hayward Woolston,  
and Robert Rhehardt as captains. At  
the present time Bob Annable's team  
is the only one undefeated. The Red  
Sox are second and the Athletics third.

One hundred and sixty-three pupils  
joined the Audubon Society. Grades  
one, three, and four had the largest  
numbers join. The booklets, bird pic-  
tures, outlines, and pins have arrived  
and been distributed in many of the  
rooms.

The Girls' Baseball League formed  
between the classes of 1920, '21, and  
'22, has resulted thus far in 1921 hold-  
ing the leading position. Hilda Pi-  
ser, Frances Sutton, and Catherine  
Chandler are the team captains.

Claffin School

The boys and girls of Grades VII  
and VIII are much interested in wire-  
less. Grade VII, Room 5, has a spe-  
cial period each week devoted to this  
subject.

A "health-drive" all through the  
building is in full swing at present  
and many clever and original posters  
have been made.

The girls of Grades VII and VIII  
have some very interesting games of  
captain-ball. The most exciting game  
was on Tuesday when the Eighth  
Grade was defeated.

The pupils of Grade VII, Room 4,  
have organized a "Good English Club"  
which has for its aim the promotion  
of the use of good English in the  
classroom.

The last four weeks' report of at-  
tendance shows that the Eighth  
Grade has the highest per cent of at-  
tendance. Grades VII, Room 5, and  
Grade VIII, have had no tardy marks  
for the month.

The Horace Mann-Claffin baseball  
team won their first game at the se-  
son last Thursday, when they defeat-  
ed the Bigelow School team at Cabot  
Park.

Miss Bragg has on exhibition in  
Claffin hall, a most interesting display  
of handwork done by children of the  
lower grades, all over the city. The  
exhibit includes many posters and  
original devices for the teaching of  
health.

Stearns School

The highest per cent of attendance  
for the month ending May 5th was  
held by Miss Munn's second grade with  
98.1 per cent; Miss Lovely's fourth  
grade holding second place with 97.9  
per cent; and Miss McLaughlin's sixth  
grade third place with 97.1 per cent.

A health play with music was given  
by the third grade children of Mrs.  
Goddard's room on Wednesday after-  
noon.

The pupils of the school are much  
pleased with the baseball victory of  
the baseball nine over the team rep-  
resenting the Mason School. The  
game was played Tuesday afternoon  
at Victory Field, the final score being  
18 to 2. The Stearns boys played ex-  
cellent baseball throughout the game.  
The feature of the game was a home  
run by Bernie Lyman.

St. Ida School

St. Ida was particularly fortunate  
in having a perfect day on Wednes-  
day for its Annual May Day.

The program was in two parts: the  
crowning of the May Queen and the  
giving of a Masque for her benefit,  
and the winding of the May pole.

The Masque was of a symbolic na-  
ture in which the sun god prepared  
for his winter sleep, and later was  
awakened by the coming of spring.

The concluding number was an or-  
iginal dance by the Bluebirds.

Costumes and dances were unusu-  
ally attractive.

Stearns

The Junior Girls' Club held a busi-  
ness meeting on Wednesday evening,  
May 10, in Stearns School Hall. Es-  
telle Le Fevre, treasurer of the club,  
gave the financial report, including the  
proceeds of the minstrel show. The  
club will discontinue meetings during  
the summer, and will hold its first  
birthday party early in September.

Lasell

On Sunday morning the Woodland  
Park children attended services at the  
Old North Church in Boston.

These last weeks of school will be  
filled with many interesting events.  
A pupil's recital under the direction  
of the music department was given  
by Lasell students on Wednesday. The  
program was most pleasing, testify-  
ing to the excellent work the students  
are doing.

The freshman class entertained the  
juniors and seniors with a picnic on  
the Charles River on Thursday after-  
noon.

A very enjoyable concert was given  
on Friday evening by the Harvard  
Freshmen Glee and Mandolin Clubs in  
the school gymnasium for the benefit  
of the senior scholarship fund.

Miss Mayno Seltzer and Miss Grace  
Phillips are to give a recital at the  
school on the evening of May 24th.

A trip to old Boston and Cambridge  
is scheduled for Monday morning, the  
party going in sight-seeing buses. In  
the afternoon is Field Day. An un-  
usual program has been planned, not  
only will there be the regular exhibi-  
tion and competition but there is to be  
a short program as well.

A picnic—cafeteria supper—will be  
served by the seniors following the  
exhibition.

Bigelow School

Bigelow was defeated by the Peirce  
at Burr Park Tuesday afternoon by a  
score of 9 to 4. Capt. Tedesco was  
the best player for Peirce fielding his  
position well and getting the hit that  
drove in the winning runs.

For Bigelow, Macpherson accepted  
eight chances without an error and  
got two hits. Sutcliffe accepted some  
difficult chances and fielded well.

Mason was defeated by Bigelow at  
Burr Park Wednesday afternoon by a  
score of 11 to 9.

Bigelow showed more team work  
than at any time this year, every play-  
er doing his part and following the  
instructions of the coaches at first and  
third bases.

The next game will be played next  
Tuesday between Stearns and Bigelow  
at Burr Park.

For the past four weeks Miss Dy-  
er's division of Eighth Grade had the  
highest average attendance, 97.8 per  
cent; Miss Thurston's class came next  
with 96.7 per cent; and Miss Seale's  
Seventh Grade had 96.6 per cent.

The 5th Grade in Miss O'Connor's  
room enjoyed a most delightful and  
instructive trip to the Children's Mu-  
seum in Jamaica Plain last Tuesday  
afternoon. Through the generosity of  
several kind parents, they were con-  
veyed to the place in autos, and ap-  
preciated in full a fine trip on a per-  
fect day.

The Museum is well worth a visit  
being rich in material culled from the  
animal, vegetable, and mineral worlds,  
as well as special exhibits of Indian  
relics and those from foreign coun-  
tries, including India, Egypt, Japan,  
Mexico and the Philippines. There  
were models of prehistoric animals to  
engage the children's attention and  
beautiful fossil specimens.

One very pleasing feature of the af-  
ternoon was a lesson on butterflies and  
moths conducted by Miss Scott, who  
has charge of instruction classes in  
the museum.

One and all agreed the experience  
was worthy of repetition in the future.

Y. M. C. A. NOTES

The Ping-Pong Tournament which  
has aroused considerable interest for  
the past three weeks was won by Ab-  
bott Gotschall last Tuesday evening  
when he defeated John Irving and  
Maynard Moody in the final matches.  
The match with Moody went to three  
sets and the last set to deuce many  
times.

A beautiful silver cup was presented  
to the winner by the dormitory men.  
Mr. Louis R. Bressler was in charge.

Next Tuesday evening, May 16th, at  
7:30 o'clock, the Newton Y. M. C. A.  
will hold a free lecture and demon-  
stration on Radio Phone Receiving. It  
will be given by Mr. H. J. Tyzzer,  
radio engineer at the Broadcasting  
Station, Medford Hillside. Mr. Tyzzer  
is one of the leading Radio Engineers  
in the country today. This lecture is  
preliminary to a short course in Radio  
Phone Receiving which is to be given  
at the Newton Y. M. C. A. The work  
of the course will be of a practical  
nature and will give the individual  
the true facts about Radio Phone Re-  
ceiving.

—Mrs. G. H. Duke of Eliot avenue is ill at the Deaconess Hospital.

—Mrs. Morton E. Cobb has sold her place on Lake avenue to Mrs. William P. Ayer.

—Mrs. George A. Field of Montvale road has returned from a winter in Florida.

—Mrs. G. Wilbur Thompson of Everett street returned last week from a southern trip.

—Mr. Louis H. Fitch was recently elected Secretary of the class of 1924 at Technology.

—This evening the Unity Quartet is to give a benefit concert in the Unitarian Church.

—Mrs. Susan D. Bond and Miss Maria N. Stevens of Gibbs street have returned from Florida.

—The Over-Night Hike of the Four Square Club of the First Church will take place tonight and tomorrow.

—There is much interest in the "Pop" concert by the First Church Orchestra in Bray Hall tomorrow night.

—Prof. and Mrs. John M. English have returned to their home in Newton Centre, after two years' residence in Brookline.

—The young people of the Christian Endeavor Society of the First Church presented two short plays in the chapel on Thursday evening.

—The Stone Institute and Home for Aged People will hold their annual reception and sale on Saturday, May 20th from 2 to 5 o'clock.

—On Friday, May 19th, the play, "The Peabody Pew" will be given in the Unitarian Church under the auspices of the Stebbins Alliance.

—A very well attended organ recital by Mr. Leland A. Arnold was held on Thursday evening at Trinity Church.

—The program was of a high order.

—A Silver Tea under the auspices of the Woman's Auxiliary of Trinity Church for the United Thank Offering, was held in the parish house on Monday afternoon.

—The last meeting of the Neighborhood Club was held last Tuesday at the home of Miss Willard Moore of Summer street. The meeting took the form of a supper.

—Miss Dorothy Speare of Montvale road sang Wednesday at a wedding of a college friend, Miss Lucile Topping, at Terra Haute, Indiana. Miss Speare was maid of honor.

Steel-Head Trout.

The steel-head trout is classed as a salmon by fishermen and the fishing trade, and it is said that it was given the name "steel-head" because of the hardness of its scales. Fishermen tell that it often requires several blows from a club to kill this fish when captured and taken into a boat.

## GIRL SCOUT REVIEW

Local Girl Scouts, under the leadership of a large group of Newton residents, including Miss Helen P. Potter, Miss Priscilla Ordway, Miss Cornelia H. Holmes, Mrs. Frances Meserve, Mrs. Walton Redfield, Miss Dorothy Davis, Miss Caroline Freeman, Miss Doris Lovell, and Miss Mary Sprague, are eagerly anticipating the big event of Girl Scout Year, the annual State Review, to be held on the afternoon of May 20th at the Boston Arena. For this affair hundreds of girl scouts from every portion of the state will be present. An elaborate program has been arranged, under the general direction of Mrs. Arthur W. Hartt, State Commissioner, and including group and ensemble singing, which has recently been made an important part of girl scout training.

## PALESTINE CHAPTER

The Palestine Chapter, No. 114, O. E. S., held a successful cabaret in Mason Hall, Newtonville, last Saturday night. About 300 were present, including members from the neighboring chapters. Decorations were in charge of Mrs. Margaret Babbitt, and the program for the evening was in charge of Mr. Edward St. Cour, Worthy Patron, and Mrs. Harry Ross, Worthy Matron.

The program included Oriental Dance by Miss Phyllis Ryerson, group dances by pupils of Miss Daisy Pillman, and instrumental selections by Pietro Mordeglia and Jane Golding. Dancing was enjoyed throughout the evening.

## NORTHGATE CLUB

There will be a cabaret and dance at the Northgate Club this evening, which is to have some unusual features. The Northgate Club is getting its tennis courts into shape for playing. New members will be welcome.

## UNDER THE GILDED DOME

Some of the really big matters of the session are now coming along and the work of the General Court is becoming most interesting.

The Senate this week killed the bill giving police officers a little more latitude in arrests for disorderly conduct—a measure which had been strongly advocated by the late Police Commissioner Curtis of Boston. The bill had passed the House. Senator Napheon voted for the bill and also endeavored to have the adverse action subsequently reconsidered, but without avail.

The House this week passed the bill to require district attorneys to be members of the bar. This was the only possible action after the opinion of the Supreme Court, that the Legislature had power to fix the qualifications for that office.

The big fight of the week, however, was over the so-called bill for State control of penal institutions. The matter came before the House on the report of the Ways and Means Committee of a so-called compromise measure entitled "An act to provide for the appointment of a board of correction and to prescribe its powers and duties and to provide greater uniformity in management of penal and reformatory institutions of the Commonwealth." The bill was a great disappointment to those who had been making a fight for State control, but at first it was considered better than nothing. Even its advocates claimed that it was only a "promise" for State control, and some even went so far as to say it was nothing but a "hope." As a matter of fact, the only hint at a change in present conditions was in the appointment of an advisory commission to assist the Hon. Sanford Bates of Waban, the commissioner of correction, in the preparation of rules

and regulations for the penal institutions of the State and county, with the expectation that as the commission would have in its membership one county commissioner and one sheriff, the county officials throughout the State would thereby be willing to accept such rules. After its passage at third reading, the advocates of State control made a vigorous but ineffective protest as the bill took its third reading on Wednesday by a vote of 128 to 75. The three representatives from Newton voted against the bill on its third reading.

## HIGH SCHOOL BASEBALL

Today finds Newton still at the top of the Suburban League, although the unbroken string of Orange and Black victories is no more. Cambridge Latin came across the Charles last Saturday afternoon, bringing with them a literal dynamo of base hits, and when the umpire called the final out Newton had been snowed under by an 11 to 4 score, and had dropped its first game of the 1932 season. Then Coach Dickinson rallied the flustered Newton forces, and on Tuesday last the Newtonians returned to the win column by defeating Medford, 4 to 1.

Since the season started sporting writers have made little of the Cambridge Latin outfit, and have compared it most unfavorably to the crack Cantab nine of last year. With the exception of the Cambridge team itself there was no one who cared to predict a Latin win over Newton. But it was enough that the Cambridge boys knew they could put the skids under Newton, and the final score proves how well they accomplished what they set out to do. Capt. Murphy started in the box for Newton, and Coach Leander MacDonald sent his best bet, Davies, to the mound for Cambridge. It was a perfect baseball day, and the crowded stands were prepared to cheer Newton to its sixth successive win.

Newton defeated Medford at Medford last Tuesday, with Whitmore doing the slab work for the Garden City nine. It was Whitmore's fifth successive win and keeps him in the honor roll of unbeaten pitchers. As a game the Newton-Medford contest was nothing to rave about. The Newton boys failed to recover from their batting slump and were able to make but four hits. Whitmore was the saving factor for Newton, and he received good support from Cronin, Leary and Osborne.

Tomorrow afternoon Newton plays Somerville at Clafin Field. Somerville is making a strong bid for the title, and tomorrow's contest will decide whether Newton or Somerville is to maintain the top position in the league standing. We look to see Whitmore sent after this game, and we believe that Newton will have no great amount of trouble in sending the Somerville nine down to defeat.

WALTER R. GRAHAM.

## "PIED PIPER REVELS"

Mrs. Frederick J. Fessenden of West Newton, Mrs. Harold Giddings and Mrs. Bowman of Newton Centre, Dr. Mary Wright of Newtonville, Mrs. Charles A. Andrews and Mrs. John Hoyt, Jr., of Waban, and many other Vassar graduates are interested in the "Pied Piper Revels" one of the features of which the English Morris Dancers given by Boston professionals to be held at the home of Mrs. Wm. E. Stanwood, Bradford, Rd., Wellesley Hills on Saturday, May 20th, from 3.30 to 5.30 P. M.

The Revels will interest the children especially the Baby Contest, in which the finest baby under 4 years of age is to receive a prize of \$20 worth of pictures taken by Bachrach.

There will be refreshments, side-shows, grabs and games.

## Mason School

Thursday was visiting day in the Mason School, and about two hundred and thirty parents and friends availed themselves of the opportunity to see what their boys and girls are doing. Three games have been played by the Mason Grammar School team, and at the present writing they have not been successful. It is to be hoped that in the future they will win every game.

## Hyde School

The Hyde School baseball team played at Waban on Tuesday and were victorious by a score of 31 to 8.

Miss Sampson took her fourth grade to the Flower Show at Horticultural Hall on Wednesday. The parents cooperated splendidly, as they always have, in offering their cars to convey the children. Pupils and teacher alike enjoyed to the full the exquisite beauty of the flowers.

The program for Memorial Day is under the charge of the two fifth grade teachers, Miss Green and Miss Ryder, who are planning a play, "The Blue and the Gray," and a pageant.

Mr. C. D. Miller, our principal, and Mr. Rudolph E. Eller, the baseball coach, and the boys desire to thank the generous contributors who furnished the Hyde School baseball team with their fine new equipment.

The pupils who have succeeded in getting their names on the honor roll of self control in Miss Ryder's fifth grade were given a pleasant surprise on Wednesday afternoon, when she took them to the Wild Flower and Fern Show in Horticultural Hall, Boston. The Public Library was also visited.

## Horace Mann Notes

One of the most interesting ball games ever witnessed at Clafin Field was held last Wednesday, May 3. The Newton High School teachers and the Newton Grammar School principals played each other. The weird game was won by the High School team. Both teams made erratic throws because of lack of practice.

Thursday last, photographers called and snapped pictures of each room separately. Orders are coming in thick and fast. As a whole, they were exceptionally good. Regret is expressed that the teachers were not pictured by the various classes.

The Horace Mann-Clafin baseball team played the Bigelow team at Cabot Park, May 2. The Horace Mann-Clafin team won by a score of 20 to 8. The boys played well and worked hard for the honor of their school.

The eighth grade are now making books on the different subjects they have studied in commercial geography this year. The subjects are optional, and every one is trying for the best book.

## High School Notes

Today the freshmen and seniors will give a "Gym" dance. As the school year is now coming to a close it will be one of the last this season.

The new shrubs which have been planted about the High Schools were set out by students of the Vocational School.

On Friday, May 5th, the High School "Pirates" defeated "Scarborough's All Stars," which were composed of grammar school instructors. The "Pirates," which were composed of members of the faculty, showed that with a little practice they could put a good game against the varsity, as was the custom some years ago. It is hoped that a game can be arranged for this year and a series of games next year.

The freshmen prize speaking contest will be held in the assembly hall of the Technical H. S. on June 7th. The speakers will be Leona Scully, Margaret Heffron, Caroline Ackeman, Arline McGourty, Mary Palmater, Louis Swartz, Lawrence Freedman and Thomas Leary. The contest in former years has created a great deal of interest, and this year has proved no exception.

In the Technical High School there has been an exhibit of health posters which were made by freshmen, sophomore and junior girls. Each poster portrays some way in which to improve your health or to prevent disease. There was also an exhibition of foods and of the composition of the body. Several examples of growing bacteria were on exhibition, which showed that a person cannot be too careful of what he handles or eats. On the whole, this was a very interesting and instructive display. It was under the direction of Miss Lund and Miss Eaton of the science department.

On Wednesday, Mr. McGill, of the Babson Statistical Company of Wellesley Hills gave a very interesting talk to the students in their assembly period.

This year the senior play, "The Sixth Prophecy," is causing a great deal of enthusiasm and anxiety. Students can hardly wait until Saturday evening, May 13, when it shall be given. This play constitutes the work of Donald Reynolds, a senior, who has put a great deal of time and thought into its production.

The last number of the "Dynamo," with the exception of the senior section, is in the hands of the junior class. Each junior division is making a "Dynamo," and these will be combined to make the magazine in its final form.

On Saturday, the graduates of the Technical High School will hold their "Alumni Dance."

On Wednesday, the freshman girls of the Technical H. S. prepared and served a very delicious luncheon to Miss Lund, Miss Parsons, Mr. Koughan and Mr. Kidger.

## NEWTON Y. M. C. A. NOTES

Dr. Archibald C. Harte will be the speaker at Eliot Church next Sunday morning. Dr. Harte has lately returned from Jerusalem where he has developed a strong Young Men's Christian Association in that rapidly changing city.

The bowling team representing the Newton Y. M. C. A. won from the Cochato Club of Braintree last Tuesday evening in a very interesting match. Newton lost the first string 477 to 527 but won the second 587 to 507 and the third string 541 to 507. Percy Morton was high man with a total of 329. Edward Gray, Walter Cooper, Wm. H. Cady, and A. F. Tucker were the members of the team.

## PARISH SUPPER AT CENTENARY CHURCH

The second of a series of monthly parish meetings planned by the Official Board of Centenary Methodist Church, Auburndale, for this conference year was held Tuesday night. At the first one, a month ago, in charge of the Methodist Young Men's Club, all records for attendance at such gatherings in this church were broken. Tuesday night, with 250 present a second table was necessary to accommodate the guests. The total number of people who sat down was about 280. The M. Y. W. C. (Young Women's Club) had charge.

The parish house was beautifully decorated with myriads of gaily colored butterflies, suspended from the ceiling threads, green boughs interlaced at the windows, and flowers on all the tables and on the stage. The Young Men's Club was seated in a body at tables on the stage, and bright colored paper caps and hats, prepared for them by the young women in charge, added not a little to the liveliness of the general color scheme.

A splendid menu, with roast beef as the meat basis, and with dessert of strawberry shortcake topped with whipped cream, made everyone present feel that the young women of Centenary Church qualify well as providers of food. The entire menu was prepared, cooked and served by the young women. The waitresses wore special costumes and were very efficient in caring for the large throng present.

After the supper an hour of informal social intercourse was enjoyed by all, in the parlors of the church and on the lawn, while in the parish house tables were removed, and chairs placed, and at 8:00 o'clock, with every seat taken, the evening program began. Miss Lillian Gerold sang two numbers with beautiful voice, artistic interpretation and winsome presence, Emma Empson Asbury, of Boston, read "The Two Pairs of Shoes," by Lincoln, and then followed the play, "Mrs. Briggs of the Poultry Yard."

The play, an interesting, oftentimes uproariously funny, sometimes tearfully pathetic study of the domestic life of a poor Irish washerwoman, deserves a review of itself. Suffice it to say that for nearly two hours the audience was led at the will of the actresses on the stage (all parts, male

as well as female, were taken by members of the M. Y. W. C.) from laughter to tears, and more than once broke out into hearty and spontaneous applause. Every part was splendidly taken and would deserve careful and individual comment in a more complete review. The title part of Mrs. Briggs, taken by Miss Arline Poole, was much longer than the other parts and served to bind the whole together in a consistent and continuous whole. Homely philosophy, sage advice, withering sarcasm and scorn were poured out by Miss Poole, a la Mrs. Briggs, with such effectiveness that her own friends forgot who she was and thought only of her characterization. But the same might be said of the other characters as well, though the parts were not so taxing.

Mrs. Clara Lieber Harper, wife of the pastor of the church, honorary president, and sponsor of the club, coached the play, and superintended its presentation. The young women publicly presented her with a beautiful bouquet of roses in token of regard and appreciation.

An orchestra of young women, Miss Alice Davis, pianist, Miss Hilda Campbell, violinist, Miss Dorothy Bates, cellist, and Miss Mary Cahill, violinist, furnished music during the supper and between the acts of the play.

The committees in charge were as follows:

Supper Committee, Miss Jessie Jameson, Mrs. Lois Davis, Miss Helen Brooks. Of this committee Miss Brooks was responsible for the exceedingly beautiful decorations.

Entertainment Committee, Miss Lucille Robbins and Miss Arline Poole, assisted by Mrs. Clara Lieber Harper. Advertising and Ticket Sale Committee, Miss Pearl Hillard.

The program after supper included solos by Lillian M. Gerold, and reading by Emma Empson Asbury, in addition to "Mrs. Briggs of the Poultry Yard," the cast of which was as follows: Arline Poole, Gladys MacDonald, Doris Cole, Mildred Cooney, Alice Davis, Jessie Jameson, Pauline Johnson, Lucille Robbins, Marjorie Miller, Lillian M. Gerold, and Lillian King.

## VICTORY FOR NEWTON Y. W. C. A.

In a match on Monday evening, May 8, in the Y. W. C. A. gymnasium, the Entree Newton Club of the Boston Y. W. C. A. Blue Triangle was defeated by the Newton Y. W. C. A. with a score of 45 to 29 in favor of Newton. A great many girls from both sides were present, and the cheering enthusiastic for both sides. Both sides played a good, clean game, and an excellent match is anticipated for Saturday evening, May 13, at the Y. M. C. A., when the Newton Y. W. C. A. is to play the Cambridge Y. W. C. A.

A game had been planned between the Y. W. C. A. and the Brattleboro High School, but owing to unavoidable circumstances their trip to Newton has been postponed, but a good game is anticipated between Newton and Cambridge, as the Cambridge team is in first class form.

All Y. W. C. A. members and those wishing to become charter members are urged to come to the membership banquet on Tuesday evening, May 16, at the Y. W. C. A., at 6.30 P. M. The Y. M. C. A. boys' orchestra will play, and it is hoped that the Baptist Glee Club will sing.

## ATTRACTIVE MUSICAL EVENING

On Friday evening, May 12, at 8 o'clock, the Unity Quartet will give a concert in the Unitarian Church of Newton Centre, under the direction of Mr. Charles Palmer Potter. The quartet is known in and outside of Boston, and is composed of the following: Soprano, Miss Nina Mae Hatch; contralto, Miss Alice Sampson; tenor, Mr. Maurice Quinlan; basso, Mr. Henry P. Ayer. The pianist will be Miss Mildred Vinton; the cellist, Miss Virginia Farmer.

ST. JAMES THEATRE—Next week's offering at the St. James Theatre is "Miss Lulu Bett," Zona Gale's famous play, which was adapted from her equally well known novel.

While "Miss Lulu Bett" was playing at the Longacre Theatre in New York, it was awarded the thousand dollar Pulitzer prize by Columbia University for the best American play of the year.

Not only is "Miss Lulu Bett" a piece of genuine American realism, but it is an intensely human story. Critics have been boundless in their praise of this play as being one which is absolutely typical of life itself, and as Professor William Lyon Phelps of Yale University writes, "Those who enjoy life will enjoy this play."

"Something New"

How often have you heard a woman say "If my furs could only look as they did when new."

Possibly you do not know about the REFINISHING of furs. Ask your furrier about it and at the same time get his charge. Then compare his charge for refinishing only with our charge.

FOR 3% OF A FAIR VALUATION we will cleanse your furs, refinish them and place them in cold storage. (No charge to be made until we deliver in the Fall.)

Our fur storage is probably larger than any in Greater Boston. Our autos collect and deliver daily in Boston and suburbs.

This refinishing of furs is another service "entirely new" which we wish to furnish to you at a nominal cost.

## WRAY—NUTTING

The wedding of Miss Georgia Merrill Nutting, daughter of Mr. and Mrs. Elmer W. Nutting of 219 Commonwealth Avenue, Chestnut Hill, to Mr. Sidney Wadlington Wray of Providence, R. I., was solemnized at the First Church in Newton Centre April 29, at 8 o'clock, Rev. Edward MacArthur Noyes, the pastor, officiating.

The bride was gown in white broadened satin, with a veil of tulle fastened with orange blossoms, and carried a shower bouquet. The matron of honor was Mrs. Herbert W. Pecker of Nantucket, and the bridesmaids were Hazel R. Sands and Gladys A. Willey of Newton Centre. Mrs. Edgar S. Burkhardt of Newtonville, Louise Nutting of Manchester, N. H.; Dorothy Taylor and Helen Taylor of Hackettstown, N. J. All the attendants were gown in shades of yellow and blue organdina, with hats of the same material matching the gowns.

The best man was Philip H. Wray of Providence, R. I., a brother of the groom. The ushers were Herbert E. Wray of Mount Vernon, N. Y.; Herbert Wray of Mount Vernon, N. Y.; Herbert W. Pecker of Nantucket, Earl M. Medbury, John R. McKean and Harold W. Munro of Providence, and Merrill C. Nutting of Chestnut Hill.

Mr. and Mrs. Wray will be at home after May 15th, at 44 East Manning street, Providence, R. I.

## "ARIZONA"

The military drama, "Arizona," was given on Monday and Tuesday nights at Players' Hall by Co. H, 101st Infantry. Sergeant James O'Donnell of the company directed the play, and all of the characters were played by officers or enlisted men of the company. Capt. John A. MacClellan played the leading role with remarkable skill. Lieut. Thomas F. Hickey, Capt. Lieut. George Hennrikus both showed ability, while Capt. Hodgeman was an excellent villain. Sergeant David Dalton caused much amusement.

Miss Bessie Cooney and Miss Agnes Holmes were a great success in their roles. The cast in the order of their appearance follows:

Sergeant James O'Donnell, Lieut. Thomas Hickey, Sergeant Eugene Drennan, Miss Elizabeth Mitchell, Miss Helen Manning, Miss Agnes Holmes, Capt. John MacClellan, Miss Bessie Cooney, Miss Margaret Downey, Sergeant Edward Hickey, Lieut. George Hennrikus, Sergeant David Dalton, Private M. Kiley, Sergeant Stephen McDonnell.

## COMMONWEALTH COUNTRY CLUB

A piazza bridge party (the final one of the season), for the benefit of disabled soldiers and sailors of the great war, will be held at the Commonwealth Country Club for members and their guests on Saturday afternoon, May 13th. The hostesses for this occasion will be Mrs. James D. Henderson of Brookline, and Mrs. Sidney B. Sargent of West Newton. They will be assisted in receiving by Mrs. David R. Goodin of Allston, Mrs. Gilbert W. Krentler of Brookline, Mrs. Willard D. Pitcher of Allston, Mrs. James A. Travels of Boston, Mrs. Leon J. Willen of Brookline, and Mrs. Frank T. Wood of Allston.

## WOMEN'S CLUBS

GRACE M. BURT, Editor.

Mrs. S. Hardy Mitchell, the retiring president of the Newton Federation, in her closing report said in part:

"A few years ago I felt just as some of you feel today. 'The Federation is just one more thing to which to go, and what is the use of it anyway?'"

"I began to appreciate its value when I was president of a club, but not until I became your president did I fully realize the magnitude of concerted action, the power of being banded together for a purpose irrespective of creed or party, as federated women to stand for right and justice.

"I know of no better message. I would like to leave with you than one expressed in a poem by Paul Lawrence Dunbar:

The Lord had a job for me,  
But I had so much to do,  
I said, 'You get somebody else,  
Or wait till I get through.'  
I don't know how the Lord came out,  
But he seemed to get along;  
But I felt kinda sneakin' like, 'cause  
I knowed I done him wrong.

Now when the Lord he have a job for me,

I never tries to shirk;  
I drops what I have on hand  
And does the good Lord's work;  
And my affairs can run along,  
Or wait till I get through,  
Nobody else can do the job  
That God's marked out for you.

## State Federation

May 23, 24, 25. Annual meeting at New Bedford. Official train leaves Boston, May 23, at 12.30 P. M. The New Bedford Woman's Club will keep open house at its clubhouse on both afternoons where tea will be served. Arrangements have been made for rides about the city and a visit to the Old Dartmouth Historical Society on Tuesday afternoon. Wednesday afternoon the guests will visit the Rogers Memorial church at Fairhaven, where the Fairhaven Mothers' Club has arranged a short organ recital and a talk on church architecture. Other side trips and events have been arranged, so delegates will not want for entertainment while there.

There will be the usual sessions on Tuesday evening, morning, afternoon, and evening on Wednesday and on Thursday forenoon. A clam bake at Fort Phoenix at 12.30 P. M. on Thursday will close the festivities.

## Newton Federation

Owing to the short time elapsing between the annual meeting and the regular date for the first meeting of the new executive board of the Newton Federation of Women's Clubs, it has been decided to postpone the board meeting from May 15 to May 22, at the Newton Club. Club presidents are urged to send the list of new delegates to Mrs. A. H. Decatur, 242 Otis street, West Newton, corresponding secretary, immediately, that they may receive the call for the meeting.

## Newton Highlands Shakespeare Club

Mrs. Grafton Ward will entertain the club at her home in Chestnut Hill at luncheon on May 20th. A review of the year's work will be given by Mrs. W. M. Mick.

## Local Happenings

At last week's meeting of the Newton Highlands Shakespeare Club officers for next year were elected as follows: President, Mrs. H. W. Drew; vice-president, Mrs. J. H. Bicknell; secretary, Mrs. F. S. Keith; treasurer, Mrs. F. H. Stratton; auditor, Miss Albert J. Crombie. Mrs. F. C. Snow reviewed "Winter's Tale."

## A Loan Exhibit

Under the auspices of the Art Committee of the Woman's Club of Newton Highlands, a loan exhibit was held, on the afternoons of May 3rd, 4th and 5th, at the home of Mrs. Chas. A. Clark, 15 Harrison Street.

The articles displayed were many and varied, and called for much interest from those who attended. There were: Textiles rich, textiles rare, and textiles old and new. Loaned by friends from Newton Highlands, that one and all might view and enjoy their lovely colors, and designs both fine and quaint. Worked with stitch so small and even one would almost think 'twas paint.

Beautiful, indeed, the laces, from Belgium, Spain, and other lands. Collars, shawls, aprons and jackets, fichus, handkerchiefs, trimming bands, Caps, too, and a veil of beauty, worn by many happy brides. These are but a few we mention, there were many more besides.

Hangings from the Eastern Countries, China, India and Japan. Russian velvet, ancient Persian, Turkish and Bulgarian. Brocades of the eighteenth century, brought from Italy's sunny shore. Could they speak, what tales they'd tell us, of the life in days of yore!

Shawls there were in great variety. Cashmere, India, Paisley, too. Soft and silky in their texture, wonderful in design and hue. Scarves and table-cloths were many worked on various fabrics fine. Samplers, too, all done by children. In what now is playing time.

Costumes worn in different periods, worn in many lands and climes. Many quaint old gowns and bonnets, telling us of other times. From the Philippines were garments, from China and Japan as well. And the robe of a dragoman who in Egypt once did dwell.

ed:

 Richard Middlecott Saltonstall,  
president and trustee of Unitarian  
Campaign, Inc., has passed on to con-  
tinue his great and useful life in a  
higher sphere of consciousness.

 The Commonwealth of Massachu-  
setts notes the departure of a distin-  
guished citizen, the legal profession of  
America one of its brilliant members,  
and Unitarians of the United States  
and Canada an active leader of their  
fellowship.

 Great of heart and intellect, Mr.  
Saltonstall generously turned his great  
personality and powers from weighty  
business cares to the support and pro-  
motion of pure idealism, giving freely of  
himself and his substance to the ad-  
vancement of mankind. He was a true  
friend to man—a foe only to ignor-  
ance and evil.

 The trustees of Unitarian Cam-  
paign, Inc., in special meeting as-  
sembled this fourth day of May, 1922,  
have, accordingly,

 Voted: That we take official cog-  
nizance hereof; that we, individually,  
and as a body, share with the family  
of our president, friend and fellow  
trustee, and with the community gen-  
erally, a deep sense of loss; that we  
here recognize his great contribution  
to this Christian cause, and record on  
our minutes the gratitude of our de-  
nomination for his counsel and leader-  
ship in life, and the encouraging  
presence of which we are confident re-  
mains to help us hold aloft and carry  
forward the lighted torch of our lib-  
eral Unitarian faith and fellowship.

## DEATH OF MISS COLBURN

 Miss Grace Talbot Colburn died at  
her home on Centre street, Newton  
Centre, last Thursday, in her 55th  
year.

 Miss Colburn was a distinguished  
member of the Woman's American  
Baptist Foreign Missionary Society,  
and of the National Board, and a can-  
didate Secretary, where she was able  
to influence many young lives.

 Miss Colburn was born and brought  
up in Newton, where she graduated  
from the High School. She was also  
a graduate of Vassar College.

 She is survived by one sister, Miss  
Mary Colburn, of Newton Centre.  
Services were held at her late resi-  
dence on Saturday, two clergymen  
officiating, Rev. Charles N. Arbuttle  
of the Newton Centre Baptist Church,  
of which she was a member, and the  
Rev. John M. English of the Newton  
Theological Institution, an old friend.

 The pallbearers were Ralph D. Col-  
burn, Holliston, Arthur Colburn of  
Hyde Park, Allen J. Young of Newton  
Centre, and Robert Colburn of Hollis-  
ton, all relatives. The burial was in  
Newton Cemetery.

LAND COURT

 To Peter W. Ryan, Cataldo Marchi-  
one, Rose Demmons, Anna Incorvati,  
Giuseppe Incorvati, Lucido Marino,  
Nicola Palmieri, and Ines Palmieri,  
Newton, in the County of Middlesex,  
and said Commonwealth; Bernard  
Seery, Michael Kivell and Thomas G.  
Riely, now or formerly of said New-  
ton, or their heirs, devisees or legal  
representatives, and to all whom it  
may concern:

 Whereas, a petition has been pre-  
sented to said Court by Elizabeth A.  
Potter of New Bedford, in the County  
of Bristol and said Commonwealth, to  
register and confirm her title in the  
following described land:

 A certain parcel of land with the  
buildings thereon, situate in said New-  
ton, bounded and described as fol-  
lows:

 Southwest by West Street, 80  
feet; Northwest by and now or  
formerly of Nicola Palmieri at all and  
Lucido Marino, one hundred nine and  
92/100 (109.92) feet; Northeast by  
land now or formerly of Rose Dem-  
mons and Peter W. Ryan, 80 feet; and  
Southeast by land now or former-  
ly of Cataldo Marchione, 109.92 feet.

 The above described land is shown  
on a plan filed with said petition and  
all boundary lines are claimed to be  
located on the ground as shown on  
said plan.

 You are hereby cited to appear at  
the Land Court to be held at Boston,  
in the County of Suffolk, on the  
twenty-ninth day of May, A. D. 1922,  
at ten o'clock in the forenoon, to show  
cause, if any you have, why the prayer  
of said petition should not be granted.

 And unless you appear at said Court  
at the time and place aforesaid your  
default will be recorded, and the said  
petition will be taken as confessed,  
and you will be forever barred from  
contesting said petition or any decree  
entered thereon.

 Witness, Charles Thornton Davis,  
Esquire, Judge of said Court, this sec-  
ond day of May, in the year nineteen  
hundred and twenty-two.

 Attest with Seal of said Court.

## NEWTON MAN HONORED

 News has just been received from  
the War Department at Washington  
that the French government has  
given a decoration, the "Chevalier of  
the Legion of Honor," to Lieut.  
Charles F. Weeden, Jr., of Newton  
Centre, for distinguished services in  
the town of Urfa, Mesopotamia, when  
the French garrison of some thou-  
sand men was besieged for 63 days by  
5,000 to 7,000 Turks under Mustapha  
Kemal, the Turkish Nationalist. The  
French garrison, all of them veterans  
of the World War, loathed to surren-  
der, but were starved out and com-  
pelled to evacuate. Under a flag of  
truce they were promised a safe pass-  
age to the next French garrison,  
twenty-five miles away; but they were  
treacherously murdered shortly after  
they left Urfa, about five miles from  
the town. Only a few escaped, all the  
officers but one falling victims, and  
the "Victory" parade of the Turks con-  
sisted in marching through the streets  
of Urfa, driving some of the few  
French prisoners, stripped of their  
uniforms and naked, while others  
marched with the heads of the French  
officers impaled on pikes and sticks.

 Lieut. Weeden walked through the ex-  
cited crowd a bit later, and it is be-  
lieved only his American uniform  
saved him, while the crowd shouted,  
"Why don't you kill him, too?" He  
went to the prison and provided  
clothes and food for the French  
prisoners, and later obtained parole of  
several others on his own word. The  
services he rendered were reported  
later by General Gernay and Lieut.  
Deleire, the only officer surviving the  
massacre, and the medal comes as the  
result.

 Lieut. Weeden was an aviator dur-  
ing the war, and afterwards joined  
the Near East Relief under Dr. James  
L. Barton. He spent eighteen months  
in ministering to the needs of the Ar-  
menians, built an orphanage that  
nursed thirteen hundred children, and  
provided work and food for many  
thousands of Armenians. The medal  
was to have been pinned on by Mar-  
shall Joffre, but the termination sud-  
denly of his American tour made  
other plans necessary.

 Lieut. Weeden is the son of Dr. and  
Mrs. Charles F. Weeden, 110 Glen  
avenue, Newton Centre. The lieutenant  
is now a feller in the Newton Trust  
Co., and Dr. Weeden is minister at Old  
South Church in Worcester.

 SHUBERT THEATRE—The beauti-  
ful revival of Oscar Strauss' musical  
setting of a comic opera version of  
George Bernard Shaw's "Arms and  
the Man," called "The Chocolate Sol-  
dier," has easily been one of the most  
interesting, as well as a refreshing  
events of the fast waning theatrical  
season, and at the Shubert, where it  
enters on its third week next Mon-  
day evening, May 15th, a series of big  
audiences have enjoyed its numerous  
melodic gems and the work of Donald  
Brian especially.

 Virginia O'Brien, a Boston girl, and  
the charming prima donna of a num-  
ber of musical comedies and light  
opera has the role of Nadine Popoff,  
while others in the cast, some of whom  
appeared here with the original pro-  
duction at the Majestic in 1910, are  
Humbird Duffey, Mildred Rogers,  
George O'Donnell, Detmar Poppen and  
Victor Victoroff. The production is a  
most colorful one, revealing a greater  
elaboration of costume and scenic  
effects and application of the more  
modern ideas of color blending and  
lighting.

 ENAGEMENT OF MISS SCHER-  
MERHORN

 Mr. and Mrs. Edgar O. Schermer-  
horn of Washington, D. C., announced  
the engagement of their daughter,  
Miss Helen Earle Schermerhorn,  
to Mr. Paul Francis Nash, son  
of Mr. and Mrs. George N. Nash, for-  
merly of Newton, now of Cambridge.

 Miss Schermerhorn is a graduate of  
the Katherine Gibbs School of Boston,  
and Mr. Nash is a graduate of Har-  
vard University, class of 1921, and of  
the Harvard School of Business Ad-  
ministration. He is a member of the  
Pi Eta Society.

 The engagement was announced at  
a tea given in honor of Miss Scher-  
merhorn by Miss Dorothy McNamara  
of Marlboro street, Newton.

 MAJESTIC THEATRE—So tremen-  
dous has been the success of the New  
York Winter Garden Revue, "The  
Whirl of New York," as a fea-  
ture of Shubert Vaudeville at the Ma-  
jestic Theatre, Boston, the past week,  
that it will be continued for a second  
week, beginning Monday, May 15th.

 One of the slogans of Shubert Va-  
udeville has been "Always a Three Dol-  
lar Show for a Dollar." That has been  
a standard and if further proof is  
desired, it will be found present in  
"The Whirl of New York," a vaude-  
ville unit made up of the principals  
of the principal scenes of "The Whirl  
of New York," which, up to a few  
weeks ago was a legitimate attraction  
at the regular musical comedy prices.

 In Shubert Vaudeville the regular low  
scale of Shubert Vaudeville prices pre-  
vailed.

 The production is the most costly  
that vaudeville has ever offered.  
There are some fifty people engaged  
in the production and this includes a  
large beauty chorus.

 WILBUR THEATRE—Bostonians  
who delight in genuine music comedy,  
youth and charm, welcomed "The Last  
Waltz," the latest and greatest of Oscar  
Straus operetta which will begin its  
second month at the Wilbur Theatre,  
Boston, next week, beginning May  
15th. A further inducement to patron-  
ize it is the fact that Miss Eleanor  
Painter, one of the few talented and  
cultured singers in operetta before  
the American public today, is ap-  
pearing as the heroine. By singing,  
acting, vivacity and comeliness, she  
invests that character with much  
charm.

 Besides providing a beautiful in-  
vestiture for the work, the Shuberts  
assembled an admirable company for  
the interpretation of it.

## STOWELL'S

## Wedding Ring Sentiment

THE Ancient Mandarins of China, the swarthy Kings of the Nile, the fiery Saracens and romantic French—all knew and cherished the little white flowers of the orange tree, and with them decked out their brides, thousands of years ago. The hopes of a prosperous marriage were expressed by the use of these flowers. Surrounded thus with romantic legend, it is little wonder that the Orange Blossom Ring has become so popular.

The retiring president, Mrs. Joseph Hager, then made a short address, and afterwards introduced the new president, Miss Emma Newhall, who also made a short address, after which the meeting adjourned.

## NEWTON CENTRE SCHOOL ASSOCIATION

Wednesday marked the close of the first organized year of the Newton Centre School Association. Reports of the year's work were read in the Mason School Hall on Wednesday afternoon. These reports were very encouraging.

Among the good things which the association has accomplished during the year is the promise of the city to attend to the sanitary needs of the Rice and Bowen Schools. Attention was also been called to the fire exits, and need of paint. One hundred and thirty-five dollars has been secured for a printing press.

Following the reports Miss Mason of the State Association told of the value of joining the State organization, and of the interest shown by the department of education in the work of the association. She told what other school associations in the State were doing, and emphasized the value of personal investigation of conditions by the members themselves.

The newly elected members follow: President, Mrs. Howard O. Winslow; vice-president, Mrs. Matt B. Jones; secretary, Mrs. Esmond Rowley; treasurer, Mrs. Ernest W. Dearing.

Council—1923, Mrs. Chas. Bond, Mrs. Abbott Rice, Mrs. Fred Rising, Mrs. Allan White Miss Cora Swallow, Miss Ruth Brewer, 1924, Mrs. F. C. Hodges, 1925, Miss Tolman, Miss Rafter, Miss Remon, Mrs. Roy McMullen, Mrs. Arthur Rayner, Mrs. Webster Chandler, Mrs. Robert Hayden.

## BOYS' DEPARTMENT NOTES

Last Saturday morning a group of boys, in charge of R. C. Smith, Asst. Boys' Work Secretary, took their first bicycle hike of the season covering about fifty-two miles. The boys left the "Y" at 9 A. M. and going by the way of Watertown Square they went to Arlington Square, along the Mystic Lakes, to Grove St., to Lawrence Look-out, Medford, Panthers Cave, The Old Man of the Fells, and from there to Film-Land City. Here the boys rested before journeying to Spot Pond Picnic Grounds where they had their lunch. After a little time trouble which was soon fixed, the boys visited the Zoo. The Middlesex Fells Pumping station proved to be a place of much interest to the boys who saw the pumps in action. After a short stay there the boys started for home and arrived just as the town clock was striking four. A refreshing swim was much enjoyed, and this completed the day.

Shoes and fans, and bags so daintily made of beads in colors bright, And a parasol of thread lace with a handle ivory white. Time and space will not permit us all of them to mention here, And we beg to be forgiven if all loans do not appear.

Grateful thanks we now would render, to our good friends, one and all Who made possible the exhibit, who responded to our call. And we hope the pleasure given may return an hundred fold By the loan of precious treasures, which are dearer far than gold.

## Annual Meeting of Newton Federation

A year of successful effort on the part of the Newton Federation of Women's Clubs came to a close with the annual meeting held at the Central church at Newtonville on Tuesday, May 9. The morning session as usual was given up to the annual reports of officers and committees and the necessary business. The by-laws were amended to provide for the appointment of a Finance committee, which shall budget the year's expenses, and to whom shall be referred all appeals for donations from the Philanthropic Fund, before they can be voted upon by the executive board.

Among the activities reported may be mentioned the recent sale for the benefit of the disabled soldiers in the hospitals held at the Newton Club under the auspices of the Civics and Social Service committee, the sale of the Christmas and carried on by the Education committee, from which was netted \$4,208.91. Of this amount \$3,146.22 is available for use in Newton for the health work in the schools. Through the instrumentality of the Education committee an appropriation of \$1,000 was secured to install lighting facilities in the Hyde and Peirce schools, with a subsequent appropriation of \$4,000, to extend the work this year. Conferences upon educational needs have resulted in the shortening of the high school day, and in bringing aid for school lunches for children in the Barnard school.

The Conservation committee, always alive to needs of this sort, has in the two years of its existence succeeded in arousing the interest of the executive board and its own members in this vital subject, but the chairman admits in her report, "we have almost totally failed to interest the clubs as clubs. I believe more women in Newton have some intelligent interest in Conservation than in most communities. Yet we are only a handful throughout the country. Whatever work is accomplished, is done by men and men's organizations. Men, even lumbermen, are more and more feeling its importance and the limitation between all phases of Conservation. If women understood it, they could give untold help in legislation and in influencing public opinion."

The Legislative work was outlined by the report of the chairman, Mrs. Abbott Rice, which was read by Mrs. F. A. Cole.

A review of the work of the clubs for the year was summarized by Mrs. Wallace C. Boyden, from the reports sent in, and showed a wide range of subjects studied and lectures heard, and a vast number of activities carried along many lines with financial gifts to most of the philanthropic institutions of the city.

Reports from the Newton District Nursing Association, given by Mrs. G. W. St. Amant, the Hospital Aid Association, by Mrs. F. E. Anderson, the Welfare Bureau by Mrs. Carrie A. Hull, the Newton W. C. T. U. by Mrs. W. M. Mick, the Women's Auxiliary of the Y. M. C. A. by Mrs. C. D. Kepner, the Mothers' Rest by Mrs. Cooley, informed the delegates of their respective activities.

Mrs. S. Hardy Mitchell, the retiring president, reviewed her two years' service and pointed out her changed attitude toward the Federation, a quotation which is given elsewhere, and gracefully introduced the newly elected president, Mrs. Ralph C. Henry, who in a simple and dignified way pledged her best efforts to the Federation and bespoke the earnest support of the club women.

A delicious luncheon was served during the noon recess by the Social committee, Mrs. John F. Capron, chairman. A feature of the morning was community singing led by Mrs. Frank L. Miller, which was interspersed among the reports and at the close of the luncheon.

A delightful half-hour of music opened the afternoon session. Miss Eleanor Lutz, cellist, charmed her hearers by her finely rendered groups of selections, while the Auburndale Woman's Club Chorus, under the leadership of Julia Ritter McCormick, sang several numbers in a finished and masterly way, which were enthusiastically received by the audience.

Professor David D. Vaughan, of Boston University, the speaker of the afternoon, brought the message of "American Ideals," forcibly home to his hearers—the ideals of truth, of freedom, of justice, of equality, of fraternity, and of service. When these became a common heritage of a world democracy the globe round, only thus will America be safe. In elaborating his theme Prof. Vaughan urged independent thinking. Men like William Jennings Bryan, who decry the doctrine of evolution, have "never arrived and never will." Everything which has to do with life grows, is evolved, nothing has come into being by fiat. He urged people to be teachable, to be tolerant, not to consider anything different from our own point of view as inferior. "Standpatters are dangerous men," God is always on the side of facts.

His address was punctuated with witty anecdotes and with illustrations taken from out of his own experience, that of a self-made man, who as a boy had walked the streets of Chicago, had succeeded in getting an education and becoming a pastor among the slums of Chicago, and now a professor at Boston University in the Social Service department, training other young men how to help the unfortunate.

The new officers are: President, Mrs. Ralph C. Henry; vice presidents, Mrs. Frank L. Miller, Mrs. Joseph C. Hager, Mrs. Samuel L. Eaton; recording sec-

retary, Mrs. H. H. Longfellow; corresponding secretary, Mrs. Austin H. Decatur; treasurer, Mrs. Herbert E. Child; auditor, Mrs. Fred Gilbert Sanford; chairman of Nominating committee, Mrs. Charles A. Brown.

## REAL ESTATE NEWS

Lines to Be Remembered. To do an evil action is base; to do a good action without incurring danger is common enough; but it is the part of a good man to do great and noble deeds, though he risks everything.—Plutarch.

## POP CONCERT

The Pop Concert and dance given by the directors of the First Church orchestra of Newton last Saturday evening, at Bray Hall, Newton Centre, was one of the most enjoyable affairs of the year.

The decorations were the most attractive seen in Bray Hall, consisting of black and white streamers, draped from the centre of the hall to the corners and windows. From the centre as hung a large lantern of red crepe paper with tassels of black and white. The side fixtures were also done in red to give the appearance of red lights.

The orchestra of sixty odd pieces, under the direction of D. Ralph Maclean, played the following program with a precision and snap that pleased a large audience of about seven hundred people, who compelled them to play several encores.

The orchestra's playing of Sally Selections, Evolution of Dixie and The Heik were the outstanding features, while the Song of India as an encore, and Lady Moon, by Miss Vose, pleased the present.

Miss Anna H. Ewell's Xylophone solo called for an encore, and she was presented with a large bouquet of sweet peas.

After the concert Treadwell's orchestra played for dancing, which was enjoyed by all until 12 o'clock.

Being the last concert of the season, it was a very brilliant affair, and the concert was in charge of Mr. Dana Follett, assisted by Mrs. G. Ulmer, Jr.

## SCHOOL COMMITTEE CRITICIZED

### Alderman White Opposes Usual Increase in Teachers' Salaries at Meeting of Aldermen. Zoning Ordinance Postponed Again

From the number of spectators last Monday evening at the meeting of the aldermen in City Hall, it is evident that in some circles, at least, there is some interest in the proposed zoning ordinance which it was expected would be acted upon at that meeting.

During the session there was a recess of an hour and a half to allow the members interested to thrash out their differences, and then the matter, by general agreement, was allowed to go over until the next meeting of the board.

The next matter of interest was the debate over an order granting the school committee an additional \$6500 for regular salaries, and \$700 additional for vocational salaries. This matter had evidently been recommended by the Finance committee in the absence of Chairman White, and when the matter came up for action he opposed it. He said in part that he was convinced that the management of our schools was in incompetent hands. With a total appropriation of over \$700,000 it ought to be possible by decent economies to save this small amount. Requests of the firemen for one day off in three, to cost some \$12,000, has not been granted, but we give the school committee all they ask to do with as they see fit. This order will put \$26,000 additional on the taxpayer for next year, inasmuch as it makes increases in salaries for this year which must be con-

mined by the number of deaths or resignations.

Alderman White stated that one board of aldermen did not have the right to bind future boards, and that there was money enough appropriated in the budget to take care of all legitimate increases. The School committee does not co-operate with the aldermen, but desires to exploit its own theories. Teachers don't have time to teach fundamentals, and masters do not have the time to look after the pupils as they should. Other cities, he declared, give better education than Newton, and we are spending too much money for the results attained.

The order was then passed, with Aldermen Earle, Grebenstein, Heathcote, Madden, Ross, White, Young and President Hollis voting in opposition.

A resolve authorizing the Mayor to allow the use of land adjoining the Technical High School, which was purchased recently, was adopted, after Alderman Young had stated that it was deemed inadvisable to place this property in the hands of the School committee, as it would require legis-

## MUSICAL FESTIVAL

The fourth annual Musical Festival of Memorialized Hymns was successfully carried out on last Sunday afternoon in the Eliot Church, Newton, under the auspices of the Norumbega District Sunday School Association, and under the leadership of Rev. Earl E. Harper of Auburndale as musical director. Over 1,200 attended from about twenty-eight Sunday schools.

The singing from memory of the three hymns which schools were asked to memorize thoroughly, i. e., "Come Thou Almighty King," "Crown Him With Many Crowns," and "My Faith Looks Up to Thee," indicated that real results in this line have been secured this year even more than in the past. These hymns will prove a valuable life possession for all who attended, and for as many more who have learned the hymns in their local church schools during the past few months, but did not attend the festival itself. Three thousand hymn leaflets were distributed in the Sunday school and homes of the district in preparation for the festival.

Six of the schools sent junior choirs prepared to take part in the junior chorus, which numbered 150 children. These six choirs have been practicing separately for nearly two months, and have had only one opportunity to rehearse together. They rendered with fine effect the anthem, "Lord, Thy Children Guide and Keep," by Maunders.

In the primary department group, held in the chapel, 200 children sang the songs especially appropriate for them, and listened intently to fascinating stories. These children were divided this year into three groups in three separate rooms for the half-hour story-telling period, so that all could hear easily, and so that the story-tellers might have a more intimate touch with the children than in previous years, when all were in one large room.

The Musical Festival plan, including the memorizing of great church hymns, originated with the president of the Norumbega District Sunday School Association three years ago, and has since been copied by many district and city Sunday school associations throughout the country.

## BOY SCOUTS FIELD DAY

Judging by the number of entries for the annual spring Boy Scout rally to be held this Saturday, May 20, at 2:30 P. M., on Clifton Field, Newtonville, Norumbega Council of the Boy Scouts of America should have one of the largest and most enthusiastic gatherings of boys that Newton has ever seen. All the year the 553 Scouts under the council have looked forward to this day. It is the great celebration of the Scout year. At that time scouts and troops show up at their best and vie with each other in securing the awards which are offered annually. Beside the Irwin silver cup, which was donated by Hon. Commissioner J. C. Irwin of Newtonville, to be awarded the troop gaining the largest number of points in this meet, there will be prize badges for all troops gaining first, second and third places in each event. Differing from previous years, the events of contest have been opened to all scouts in the council, and in consequence, instead of one scout from each troop, as formerly, entering an event, there will be from one to twelve. All of which will add to the interest and excitement.

A review will be held, and his Honor the Mayor of Newton, and the selectmen of the various affiliated territories and towns, along with President Stafford of the Council, and other Scout officials, will inspect the Council and review the march.

Competitive events follow:  
1. Morse Flag Signaling.  
2. Antelope Race.  
3. First Aid.  
4. Fire Making and Water Boiling.  
5. Leap Frog Race.  
6. Knot Tying Race.  
7. Friction Fire.  
8. Equipment Race.  
9. Tent Pitching.

Fun, sportsmanship and Scout craft will permeate all the events of the afternoon. A Scout brass band of forty pieces will add enthusiasm and vim to the occasion.

To this celebration and rally Norumbega Council extends to the people of Newton, Watertown, Weston and Wellesley a hearty invitation. Friends of Scouts should turn out in great numbers, and satisfy their own minds of the value scouting is to the boy of our communities.

## Extraordinary Offering

### Old English Residence in Brick Newton, Massachusetts

We are offering for immediate sale and possession one of the loveliest, best appointed and most desirable gentleman's residences ever created in beautiful Newton. A city home, luxurious and appealing only seven miles from the State House, yet surrounded by more than two acres of lawns, exotic trees and shrubs, floral and kitchen gardens. A home impressive and distinctive in its architecture, glorified and adorned with interior decorations, finish and appurtenances far too rich and subtle to portray with pen. A rare opportunity to secure one of the famous show places of wonderful Newton at a fraction of its intrinsic value and upon convenient terms if desired. The first floor contains a spacious entrance hall with massive grand stairway, all done in quartered oak. An exquisite music room of French design. The dining room is excellently situated for the morning sun and is done in brown English oak. The living room is large, finished in old mahogany and rich damask. The library is in quartered oak. A beautiful

white tiled kitchen, butler's pantry, laundry and two lavatories complete the first floor. The second floor has the master's suite with a superb tiled bath with shower and double bowls. There are two family or guest rooms, each with private tiled bath and shower. There is a guest's sitting room connecting. There are two maids' rooms and bath. The third floor has a splendid billiard room, two bedrooms, storage room and a beautiful tiled bathroom. The floors throughout are highly polished quartered oak. The electric fixtures are of the latest design, and most costly. There are many open fireplaces with rare imported marble facings and carved mantels. The whole is in the height of perfection. The stable-garage accommodates five cars and three horses and is heated. There is a chauffeur's cottage of six rooms. The grounds comprise more than two and one-quarter acres, which are the matured product of the landscape engineer. For further particulars and appointment for inspection apply to

## SCHOOL NOTES

Edited by Dorothy Drake

Albert Edgar Angier School

The Angier Baseball League was formed in order that more children might be team members. Six teams, of four girls and five boys each, compose the league. Games are played every recess, and due to the fact that this school has adequate playground space. All teams play every day. The present standing after twelve games have been played is as follows: Red Sox, Frank Spain, captain, 923; Boston Braves, Robert Annable, captain, 750; and the Athletics, Hayward Woolston, captain, 632.

Arithmetic honors in Grade 8, in the Cleveland Survey tests, have thus far been held by girls. Ruth Jensen, Mary Tilton and Evelyn Miller are the winners. In Test B, this grade was very much above the median standard set by Cleveland.

All of the teachers will return next year. There will be no additions to the faculty.

Ralph Waldo Emerson School

The baseball team has won three consecutive games, with a standing to date of 100. Last Thursday the team won from the Burr team by a score of 11 to 3. On Tuesday the team defeated the Hyde team for the second time, by a score of 18 to 3. The steadiness of the battery is worthy of special mention. The team is good in batting. Miss Foster, from the N. E. Food Council, gave a story half-hour in the hall on Wednesday afternoon of last week to all the primary classes. The stories were fairy stories and bore upon the health program.

Mrs. Frank Fanning presented every child in Grades 4 to 8 last week with a beautiful card containing several paragraphs of advice selected, arranged and printed by herself.

A nutrition class has been organized and had its first lesson this week. It is under the direction of Miss Mellick.

Emerson School

At the Monday evening assembly Dr. Withee gave a short food talk containing information and advice as to proper diet.

Thrill stories have been on our assembly program for two weeks. The bank shows savings to date of \$260. Several classes have perfect records in daily care of the teeth, particularly Miss Horgan's, with three weeks' record, and Miss Dill's, with two weeks' record.

The interests of home gardens have been noticed in the school. Eighty boys and girls are planting flower seeds and vegetable seeds, and have secured the penny package of seeds.

The primary class taught by Miss Hunt had a happy half-hour on Monday forenoon at the residence of Mr. Charles O'Malley.

Mason School

Mr. George Crosbie met the newly-formed Nature Club this last Friday after school, and gave an interesting talk on Botany.

The third number of the "Masonian," our school paper came out this week, and has met with ready sale. Over 600 copies have been sold. There was quite a contest among the three eighth to see which room bought the greatest number of copies. The results were as follows: Room 12 led with a fine showing of 115; Room 10, with 62; and Room 9, with 43.

Lee King of Room 10 is ill at the Newton Hospital with typhoid fever. The boys and girls on Monday sent him some flowers; on Tuesday, a copy of the Masonian, and are now writing him some letters to be opened at different times.

In the sixth grade the pupils are trying very hard to have good health. There is a health committee—a boy who inspects the boys, and a girl who inspects the girls. They go around each morning and see if children have clean handkerchiefs, clean hands, clean faces and polished shoes. Stars are given as badges of merit. The second row has the most, and the fifth row comes next.

The seventh grade is much interested in a letter just received from Moravia, Czechoslovakia, through the Red Cross International Correspondence Bureau.

The pupils write of their school work, how much they enjoy singing, and how delighted they are when they can sing our national anthem.

HARRISON, Executor. (Address) 50 Congress St., Boston. May 16, 1932. May 17-26-June 2.

Williams School

Room 7 has added greatly to its attractiveness by the brilliant bird plant sticks which they have made in the Manual Training Class.

Among the collection of wild flowers which the pupils have been making was the rare Rhodora described by Emerson. The pupils of Grade 6 are learning his poem, "Rhodora."

The children of grade 6 are making cloth for the scrap books to be sent to a unit in France. Other grades are mounting the pictures in these books.

Burr School

The class picture of the graduating class was taken on Monday.

The May health charts show improvement in almost every room.

The upper-grade girls have baseball teams which play regularly at recess. The Burr team defeated the Angier team on Tuesday, score 8-5; on the same day the Burr 5th grade defeated the Williams 5th grade, score 17-16.

Horace Mann

Several rehearsals have been held in the hall for the coming operetta, "A Merry Company," which will be presented on June 6. Candy and punch will be on sale, and dancing will follow. Music will be furnished from Boston.

The Horace Mann-Cliffin baseball team played the Mason School at Newton Centre last Thursday. It was a hard fought game at the last because the Horace Mann-Cliffin team were four runs ahead. In the eighth inning Mason rallied and defeated the Horace Mann-Cliffin team nine to eight.

This week the eighth grade pupils are going to make health posters. All but one has gained in weight since September. The most gained by any student is 19 pounds.

Stearns School

The Mothers' Club held its annual banquet on Monday evening, May 15, in the Stearns School. The guests of the club were Mr. and Mrs. Edwin O. Childs, Mr. and Mrs. Kenelm Winslow, Mrs. W. Hermon Allen, Mrs. William E. Jones, Mrs. G. W. Auryansen, Mrs. William H. Lucas, Mrs. William C. Boyden, Mrs. Loretta D. Towle, and Mr. and Mrs. William Holman. Mrs. William Cyr, chairman of the entertainment committee, was toastmistress. Music and singing were enjoyed after the banquet.

Six members of the Newton Girls' Club attended the directorate meeting of the Mass. League of Girls' Clubs, held at the Girls' City Club on May 15th. Miss Anna Morrison, president of the club, and Miss May Fisher, reported the activities of this directorate meeting at the weekly meeting of the Newton Girls' Club on Tuesday evening, May 16. Final arrangements for the annual banquet were planned and a committee appointed for entertainment.

The next eighth grade debate will be held Friday morning. "Resolved that the U. S. Government should own and operate all public utilities." The leader of the affirmative side is Estelle LaCroix, assisted by Joseph Bergen, Helen Beltrami, George Terrio and Pasquale Mazzola; the leader of the negative side: Irene Brouillette, assisted by Thomas Dempsey, Hazel Leith, Girard Mazzola and Margaret Boudreau; the chairman of the meeting, Florence Sampson, and the judge, a teacher of the grades, to be selected.

The baseball team won an easy victory over the Bigelow nine Tuesday afternoon on Burr Playground, by the score of 10-4. John Anastasia pitched a very heady game throughout for Stearns, supported by Geo. Casteau at short, and Jimmy Butler, backstop.

The next game is with Horace Mann and Jimmy Coyne, Stearns' star pitcher, who has been saved for this game, is confidently expected to hold the Horace Mann boys.

High School Notes

On Wednesday, May 17, Miss Dorothy Curtis of Newtonville gave an excellent piano recital to the classes in the Technical H. S.

The senior play proved to be a great success and showed a great deal of preparation. "Jake" Stafford proved he is not only a hero in football, but on the stage also. Between the acts Mr. Lythgoe and Mr. Curtis entertained the assembly with musical selections. Mr. Theodore Grant auctioned off the various posters that were made for the play. A dance in the "Gym" followed the play. Mr. Reynolds, author of the play, and the coaches deserve a great deal of credit for the thought, time and ability which they put in.

On Friday, May 12, the J-F-7 division of freshmen entertained the E-P-S division in the Assembly Hall. Each class is reading the "Talisman" in English, and several scenes from this book were dramatized.

The seniors of the Technical H. S. held their annual Prom in the school library on Friday evening, May 12. The elimination dance was won by J. Doyle and his partner, C. Young. During intermission Cartwright gave a piano solo.

The English department of the Classical H. S. will be entertained by the English department of the Technical H. S. on Thursday, May 18, in the library. There will be a "Round Table" discussion, followed by a tea.

The annual Girls' Field Day will take place on Cliffin Field, June 2. Each class will have its own set exercises, cheers and mascot. Mrs. Kuntz, physical director, is in charge.

On Thursday, May 11, the Vocational juniors and seniors held a party in the school library. There was dancing, followed by refreshments.

Mr. Harrington, of the science department in the Technical H. S., recently presented a handsome copy of the "Declaration of Independence" to the library.

Members of the science department have erected a large radio set in the Technical H. S., and students as well as faculty gather and spend pleasant afternoons listening to the concerts.

The junior girls in Miss Johnston's typewriting class who received bronze medals for speed and accuracy from Underwood Company are: Miss Cra-

cey, Miss Hyde and Miss Crosby.

Through the efforts of Mr. C. H. Mergendahl of the Mathematics department of the Classical High School a lecture on Geometric Solids was given on Wednesday by Mr. A. Harry Wheeler of the North High School, Worcester, to the students and teachers of mathematics. Mr. Wheeler had a large number of models which he used for demonstration. These models open up a new method of teaching geometry. After the lecture a number of the students who had become interested asked Mr. Wheeler a number of questions with the intention of making some of the models.

Lasell

The tennis game between Newton High and Lasell was closely contested and exciting, resulting in Lasell as victors. On the Lasell team was Betty Mitchell from Norfolk, Va., Katherine Howe, Helena, Arkansas; Sabra Lewis, Indianapolis; and Ruth Hight, Newton. Next Tuesday the school will play Jackson College.

Mrs. W. C. Bell of Angola, West Central Africa, spoke at vespers on Sunday of the missionary work that is being accomplished in that section. Her two little children sang several native songs.

Monday was a decidedly busy day with the Old Boston trip in the morning, school in the afternoon until 4:30 and then field day and a cafeteria supper.

The field day this year was held on the campus instead of Riverside. The program consisted of the 50-yard and 100-yard dash, standing broad jump, hurdle races, javelin throwing, and a tug of war. The cafeteria lunch which the seniors served at the close of the contest was delicious and brought in large returns for the Endowment Fund which the class is raising.

This Saturday night the Glee Club gives its concert. It is one of the big events of the school year. Miss Helene Greshorn of Chicago is the leader and the conductor is Charles E. Griffith, Jr.

The following is the program for Commencement Week:

Saturday, May 20, 8 P. M., Glee Club Concert; Thurs., May 25, 2:30 P. M., River Day; Saturday, May 27, 4:30 P. M., May Fete; Wednesday, May 31, 8 P. M., Commencement Concert; Thursday, June 2, 2:30 P. M., Woodland Park School Recital and Closing Exercises; Friday, June 2, 2:30 to 3 P. M., Swimming Exhibition; 3 to 9 P. M., Art Exhibit, Studio; Home Economics Exhibit, Carter Hall; Saturday, June 3, 8 P. M., Senior Reception; Sunday, June 4, 10:45 A. M., Baccalaureate Sermon, Paul Dwight Moody, President of Middlebury College; 6:15 P. M., Commencement Vespers, Rev. McIlvay Hamilton Lichtner, D.D.; Monday, June 5, 8:00 P. M., Class Night Exercises; Tuesday, June 6, 10:45 P. M., Commencement Exercises, Address by Rev. Ashley Day Leavitt, D.D.; 2 P. M., Reunion of the alumnae and former students.

## Perfect Broiling

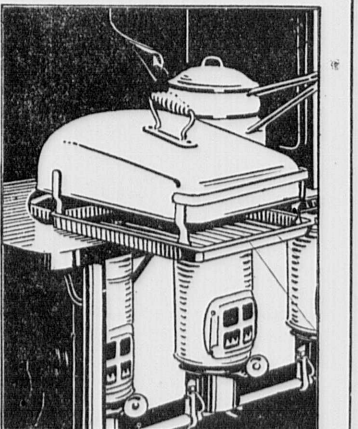

not the tedious process it used to be

WITH the New Perfection Broiler you can broil a 3-lb. steak perfectly in 20 minutes. There is no smoke or odor as in the case of broiling over coal or gas—no burning fat. You don't have to touch the steak or turn it. The heated air circulates all round and sears the steak (or fish, as the case may be) thoroughly on the outside, thus retaining all the juices.

Every kind of cooking can be done easily and economically on a New Perfection, and it is a real all-the-year-round stove, too.

Broiling, preserving, baking, roasting, boiling and frying—a tender steak, delicious jams, crisp molasses cookies, a savory roast of beef, stewed tomatoes, or a quick fry of bacon and eggs. All done easily—no trouble with drafts—no drudgery with coal, wood and ashes.

Ask your dealer to show you how simple the New Perfection is to operate.

### "SMOKER" AT NEIGHBORHOOD HOUSE

The last "Smoker" of the season for the boys of the Neighborhood House was held Wednesday evening and was most successful. Mr. Charles Norby had charge of the evening, assisted by Dr. Fisher, Mr. Glidden, and Mr. Felton.

Mr. Robert Burlin gave monologues and readings which were most amusing. Dr. Fisher and Mr. Glidden played on saws with Mr. Norby at the piano. It was all very informal and jolly. Doughnuts and coffee were served at the end of the evening.

This smoker ends the series, having been given every month during the winter. They have been largely attended and all most thoroughly enjoyed.

### DEATH OF MRS. PAGE

Mrs. Harriet E. Page, widow of Warren B. Page, died suddenly on Wednesday while on a visit to Fitchburg. Mrs. Page has lived in Newton Highlands about 35 years. She has been identified with the Congregational Church and a member of the Woman's Club.

Surviving her are five children: Mrs. Junior Bartlett of Roxbury, Mrs. William Stewart of Franklin, N. H., Mr. Percy Page of Cambridge, Mr. Lawrence Page of Northampton, and Mrs. George Bowers of Newton Highlands, with whom she made her home after the death of Mr. Page.

Services were held this afternoon at the Newton Cemetery Chapel, Rev. George V. Phipps of Newton Highlands officiating, and the burial was in Newton Cemetery.

### Waban

—Mrs. George V. Phipps of Kent road opened her house at Plymouth last Thursday to a party of friends.

—Mrs. Lowell Mayberry and Mrs. Harry H. Ham entertained at bridge at the home of Mrs. Ham on Windsor road, on Tuesday.

—The Men's Club of the Church of the Good Shepherd gave a dinner on Wednesday, followed by an entertainment.

—Miss Lorraine Phipps, daughter of Mr. and Mrs. George V. Phipps of Kent road, celebrated her 12th birthday by a theatre party on Tuesday.

—Mrs. Llewellyn Marr of Ashmont road entertained at luncheon on Friday last a group of former school friends, among whom was Mrs. Cox, wife of the Governor.

—We build Sofas, Wing Chairs, and Easy Chairs to order; also Reupholster Furniture and Cushions made. Call or telephone to M. H. Haase, 14 Centre Place, Newton. Tel. 1343-W Newton North.

—Tomorrow night will be the Waban Talent Night at the Waban Neighborhood Club. The program, which is largely a musical one, promises many delicious surprises and much good fun. Dancing until midnight will follow the entertainment, music being furnished by the Waban Philharmonic Orchestra.

—At a luncheon on Saturday, at the home of Mr. and Mrs. Charles L. Hovey of Plainfield street, the announcement was made of the engagement of Miss Katherine Hovey to Curtis T. Gardner of St. Paul, Minn. Miss Hovey is a graduate of the Newton High School, and Mr. Gardner is a graduate of the Massachusetts Institute of Technology, class of 1921.

—No date has yet been set for the wedding.

—The Guild of the Church of the Good Shepherd met last Tuesday at the parish house, Mrs. Henry C. Short in charge of the luncheon. Mrs. George V. Phipps retired from the presidency of the Guild after three years of faithful and efficient service.

The following are the officers for the ensuing year: Treasurer, Mrs. William Lamb; secretary, Mrs. Lucy Wilson; members of the Council, Mrs. Edward Street, Mrs. John Cranston and Mrs. Lee W. Woolston, who are to serve in the place of a president.

—The tennis season has opened with a rush at the Waban Neighborhood Club. The four clay courts have been thoroughly overhauled and resurfaced under the direction of Mr. Louis Volve, supervisor of the Newton Centre Tennis Club. This provides four of the best clay courts in the State for the current season. Of unusual interest is the announcement that Mr. Douglas L. Hilton has been retained as tennis professional for the season. He will have full control of the courts and will provide the club with the very best tennis facilities.

Mr. Hilton is widely known and highly regarded as a tennis expert. He has had extensive experience, both in this country and abroad. An attractive schedule has been provided, including several team matches with other clubs. A particularly interesting event is scheduled for next Sunday afternoon at 3 P. M., when a special exhibition match in mixed doubles will be played on the home courts. The players will be R. Norris Williams, Lawrence Rice, Miss Leslie Bancroft and Mrs. Frank Godfrey. All indications point to a record season with a playing membership of approximately 200. A feature of the Waban Club is the wealth of promising young players. The tennis committee is actively engaged in plans which insure Waban occupying a conspicuous place in New England tennis during 1922. The team committee consists of Donald M. Hill, Richmond K. Fletcher, C. R. Boggs, Henry Erhard, Philip Warren, Stanley Newton, Mrs. Henry Erhard, Miss Eleanor Walker, with Creed W. Fulton, chairman. The courts are kept in excellent condition at all times under the expert care of Richard T. Troy, groundkeeper and steward of the club.

Castle Stirling will lose seven of its members, as they are leaving for college in the fall. Following the election there was a social.

### N. H. S.

The Newton High School authorities have accepted the plans of Coach Dickinson for a junior varsity ball team next fall. The team, which will be limited to members of the squad weighing less than a certain amount to be determined later, will have its own schedule and function independently from the first team. Country Day is in favor of playing the Newton junior team, which, according to Coach Dickinson, is not to be confused with the second team, and will probably be the first to list a game with the newly organized outfit. Letters have been sent to the other members of the Suburban League outlining the plan and its benefits, with a view to encouraging the spread of the "junior varsity" idea and the possibility of forming a secondary league.

## SILVER TEA FOR RADCLIFFE

On Thursday, May 25, there will be held a silver tea by the Radcliffe Endowment Committee, under the patronage of the Lucy Jackson Chapter, D. A. R., at their chapter house, corner of Washington and Concord streets, Newton Lower Falls.

The guests will be received by Mrs. LeBaron R. Briggs, wife of the president of Radcliffe; Dean Marion E. Park, Mrs. L. S. Drake, Mrs. F. J. Fessenden, Miss Sarah Fuller, Miss Emilie Everett. A bright note in the program will be the music by members of the Radcliffe College Glee Club.

The house is a veritable treasure chest, rich in history and story, and dear to the heart of every Newtonian. Because of this many will welcome the opportunity to cross its threshold and linger on its old-time treasures, not only for their own joy, but also to help swell the fund for a most worthy object.

## MISS BANKS' RECITAL

The recital given by Miss Edna Louise Banks in Hunnewell Hall last Friday was much enjoyed by her many friends.

Her songs were of great variety, including classic and operatic selections, the latter being especially adapted to Miss Banks. Her encores were many and justly deserved. One could notice an improvement both in range and in quality, in Miss Banks' singing over her performance two years ago.

Mr. Aristomenis Mitsopoulos, who assisted Miss Banks, proved himself to be a very gifted singer, with a future before him in opera. He was enthusiastically encored, as was the duet with Miss Banks.

Miss Bessie Fleming Vose, accompanist, played with ease and ability. Dancing followed the musical numbers, the orchestra which played for the dancing being particularly popular.

## Your Furs

"Something New"

How often have you heard a woman say "If my furs could only look as they did when new."

Possibly you do not know about the REFINISHING of furs. Ask your furrier about it and at the same time get his charge. Then compare his charge for refinishing only with our charge.  
FOR 3% OF A FUR'S VALUATION we will cleanse your furs, refinish them and place them in cold storage. (No charge to be made until we deliver in the Fall.)

Our fur storage is probably larger than any in Greater Boston. Our autos collect and deliver daily in Boston and suburbs.

This refinishing of furs is another service "entirely new" which we wish to furnish to you at a nominal cost.

## JEAN BAPTISTE POQUELIN MOLIERE 1622-1922

This year is celebrated the tercentenary of the birth of Moliere, the great French dramatist. He was born in Paris, the son of Jean Poquelin, the upholsterer to the King, an office held later by Moliere himself. In 1643, he took to the stage abandoning his real name, Jean Baptiste Poquelin, for the stage name of Moliere.

His early stage life was in the provinces and was filled with misfortunes. Yet it gained for him much prestige and, in 1658, experienced in his art, he returned to Paris and played before the King in "Nicomede." When the play was over, Moliere came forward and asked the King's permission to act the "Docteur Amoureux," one of several slight comedies which he had used to advantage in the provinces, and this "diverted as much as it surprised the audience." The King then ordered Moliere to establish himself in one of the theatres in Paris, and there he stayed until his death in 1673.

Among French writers his is the greatest name, and among dramatists second only to that of Shakespeare. The following are some of the volumes in the Newton Free Library concerning his works and himself:

## WOMEN'S CLUBS

GRACE M. BURT, Editor

Club women from all over Massachusetts will gather at New Bedford Tuesday, Wednesday and Thursday, May 23, 24, 25, for the annual meeting of the Massachusetts State Federation of Women's Clubs, by invitation of the New Bedford Woman's Club. Mrs. George Minot Baker, State President, will preside. The three-day session will be a triple celebration of the 30th anniversary of the Federation; of the coming from Minneapolis of Mrs. Thomas G. Winter, president of the General Federation of Women's Clubs, as guest of honor; and of the election of a new administration to succeed the three full years of achievement of Mrs. Baker, whose term expires.

On Tuesday evening, in County Street M. E. Church, will open the formal business with addresses of welcome by Mrs. A. H. Andrews, president of the hostess club, and Mayor W. H. B. Remington. The evening program will be filled with reports of officers and special committees, together with a music program for entertainment.

Wednesday will be a full day with reports of departments and the presentation of 12 new clubs by their respective presidents. In the evening at the New Bedford Hotel, the official headquarters, will come the observation of the 30th anniversary, with a banquet open to all club women. Features will be an address by Mrs. Winter on "The Moving World," and a reception by the New Bedford Club, with music by the club orchestra.

The closing session on Thursday morning will include the president's farewell address and the presentation of the new officers. Playtimes, interspersed between the more serious business of the session, will include afternoon tea at the New Bedford Woman's Club, Tuesday; an organ recital at Rogers Memorial Church in Fairhaven, Wednesday; a genuine clam bake at Port Phoenix, Thursday; as well as various trips to points of historical interest in the old Whaling City.

The ballot of officers who are uncontested include:

President: Mrs. Grace Morrison Poole, Brockton Woman's Club.

## Local Happenings

The Christian Era Study Club elected the following officers for next year at the recent annual meeting: President, Miss Ella B. Smith; vice-president, Mrs. H. E. B. Case; secretary, Mrs. Harry D. Perkins; treasurer, Miss Marion Shapard.

A very delightful and unusual time was had by the members of the Newton Highlands C. L. S. C. at the annual meeting which was held at the Shakespeare Society House at Wellesley College last week. After the business and reports the members were escorted about the campus, and refreshments were served. Next year's officers are: President, Miss Harriet M. Ward; vice-president, Mrs. Isaac Goddard; secretary, Mrs. Robert E. Clark; assistant secretary, Miss Marion Morse; treasurer, Mrs. Hiram Allen Miller.

Newton Upper Falls is giving a concert in the Auditorium on Monday evening, May 22nd, by pupils of the West Newton Music School. It is hoped that everybody will try to do his share toward making this a success.

## THE MIRACLE OF RESTORING OLD CLOTHES

By what miracle are soiled garments, shiny, spotted and wrinkled returned from the dry cleaner's as fresh, as clean and as full of life as when new? Really, there's no miracle about it all—just sound, common sense, scientifically designed cleansing equipment, and expert, conscientious care.

May we demonstrate for you? It will add to the good looks and long life of every suit and dress. A word will bring our driver.

## SPRING FLOWER SHOW

The annual spring flower show of the Chestnut Hill Garden Society will be held in the garden of Mrs. Ernest B. Dane, at Roughwood, Chestnut Hill, on Thursday and Friday, May 25th and 26th, from 10.30 o'clock in the morning until 6 o'clock in the evening.

Mr. E. B. Dane is chairman of the Flower Show Committee, the other members of which are Mrs. William Ellery, Mrs. James D. Colt, Mr. Thomas Allen and Mr. George P. Dike. In order that those who love flowers may have an opportunity to enjoy what will be an unusual exhibition, the society cordially invites the public to attend. The entrance to the show will be from Woodland road, leading from Heath street. Should the weather be such as to prevent the proper arrangement of the flowers on Wednesday, this work will have to be done on Thursday, and the exhibition will be open to the public on Friday only.

ST. JAMES THEATRE—A change in theatrical diet will be served this coming week at the Huntington avenue dramatic house when the Boston Stock Company will present for the first time in Boston the popular, or may we say, the new famous mystery play, "The Blue Pearl." This piece is from the pen of Anna Crawford Flexner, author of "Mrs. Wiggs of the cabbage patch." Mrs. Flexner unravels a series of thrilling adventures before the eyes of the audience. The patrons of the St. James Theatre will indeed be served in more ways than one—this play calls for four distinct leads, Miss Mason, Mr. Gilbert, Miss Roach and Mr. Charlton.

## WELCH-SANDS

One of the most attractive weddings of the spring took place on Saturday, when Miss Hazel E. Sands, daughter of Mr. and Mrs. Edward C. Sands of Orchard avenue, Newton Centre, was married to Mr. William G. Welch of Milford. The ceremony was performed by Rev. Edward M. Noyes of the First Church, assisted by Rev. Edward Taylor Sullivan of Trinity Church. The bride has been active in the activities of the First Church, and for several years has been a popular teacher of dancing.

The bride wore a gown of embroidered white georgette trimmed with Duchesse and rose point lace over tulle, inherited from her great-grandmother, a veil of Duchesse and rose point lace, and carried a shower bouquet of white sweet peas and pink roses.

The maid of honor was Miss Helen Rugg, formerly of Newton Centre, and the bridesmaids were Miss Shirley May, formerly of Newton Centre; Mrs. Sherman Rossiter of Worcester; Miss Ruth Pierce of Newtonville, and Miss Marion Burrage of West Newton. The maid of honor and bridesmaids wore dresses of orchid and overwinkle georgette crepe and carried pink sweet peas.

The best man was Mr. Sherman Rossiter of Worcester, and the ushers were Lieut. A. L. Draper of New York, Mr. Elmer Mitchell of Cambridge, Mr. James Perry Smith of Newtonville, Mr. Harry Caldwell of New York, and Mr. Jenks of Mount Vernon, New York.

A reception was held at the home of the bride immediately after the ceremony, the parents of both bride and groom assisting. The house was tastefully decorated for the occasion with palms, hydrangeas and roses.

After a wedding trip to Canada Mr. and Mrs. Welch are to make their home in Milford, Mass.

## SENTENCED TO JAIL

A sentence of one month in the House of Correction and a fine of \$100 were imposed in the Newton Court last week Friday on Joseph B. Ambrose, an Allston druggist, who was charged with operating an automobile while under the influence of liquor. In addition, he was fined \$15 for drunkenness. Ambrose, who denied his guilt, appealed, and his bonds were placed at \$600.

The previous Sunday evening a machine driven by Ambrose was in collision head-on, and on the wrong side of the street, with a car driven by Carl M. Taylor of Idlewild street, Allston. This crash occurred near the junction of Commonwealth avenue and Lexington street, Auburndale. Patrolman Kilmain, on traffic duty there, declared he did not see Ambrose's car as it passed him on the wrong side and at a time when he was partly turned from it, but he heard the crash and saw the damaged cars. Another policeman who was standing nearby in citizen's clothes said he watched the car driven by Ambrose zig-zag its way toward him and noticed that it was on the wrong side of the boulevard. He assisted Kilmain in making the arrest. Both testified that the floor carpet of the automobile was partly saturated with liquor, and that a broken whiskey bottle lay on the street, under the running board of the machine. Taylor also testified to seeing the whiskey-soaked floor and the broken bottle. Ambrose claimed he had not been drinking, that he did not have any liquor in his car and that the accident happened when he became confused as he had had a license but a few days.

### Y. W. C. A. BANQUET

Over two hundred attended the membership banquet of the Y. W. C. A. at the Association Headquarters on Tuesday evening.

The rooms were gay with blue streamers and caps of blue, blue candlesticks, and bowls of blossoming lilacs.

Mrs. Newton A. Merritt, Jr., was toastmaster for the occasion. Mrs. Merritt paid a beautiful tribute to the work of the president, Mrs. Arthur Kendrick, who was unable to be present, and also to Miss Emma Walker, chairman of the House committee; Miss Woodman, who has been very active and helpful in getting members, and to Miss Doris Badger, the much beloved secretary of the association.

Mr. Harry W. Bascom brought the greetings of the Y. M. C. A. to their sister organization, and the Y. M. C. A. orchestra, under the direction of Mr. Philip Horne, furnished music for the banquet.

Mrs. Dale E. Brown of the Finance committee told of the decision of those interested in the organization not to require a yearly membership fee of members, as is usually done in similar organizations, but to leave it to each member to do "her bit" as she was able.

It was learned that since March 372 chapter members had already been secured, largely through competitive team work. Miss Alice Barney's team having brought in the greatest number of members—57—were given a recognition gift of money which Miss Barney gave back to the organization for its work.

Miss Doris Badger briefly outlined the plans for the summer, and then called upon two of the members, Lily Ritzer and Eleanor Lacey, to tell of the gymnasium and other classes which have been going on since March.

Between the different numbers on the program spiced singing was led by Miss Barbara Wellington, and Miss MacCallum, Mr. Bryon Reed also sang several selections.

The speaker of the evening was Rev. D. Brewer Eddy of Newtonville. Mr. Eddy spoke of the 8,000 branches of the Y. W. C. A. throughout the world, 1,075 being in this country, and the others in China, Japan, Africa, and even in little known parts of the world. He called attention to the fact that though they were many in number, all of these organizations were one in spirit.

There are two tendencies in life, an upward and a downward tendency. It depends upon the individual which of these he will follow. Far more important than the start in life is the development of the possibilities in each one of us.

According to the speaker, the world is looking to the Y. W. C. A. to develop leaders through training in sportsmanship, loyalty, unselfishness and service. "Service where service is hard," is to be the motto in every country where a Y. W. C. A. exists.

### NEWTON Y. M. C. A. NOTES

There will be a baseball game on the Y. M. C. A. field at 3 o'clock, Saturday afternoon, between a team from the U. S. S. North Dakota and the Y. M. C. A. team.

Mr. S. A. Carling, physical director of the association, spent Wednesday and Thursday at a physical directors' conference at Northfield.

Mr. F. Edgar Doubleday, boys' secretary of the Y. M. C. A., will spend four weeks' vacation at his home in Washington, Pa. He will return before camp opens on June 23rd, and will be assistant director at the camp throughout the season.

The last meeting of the Hi-Y Club was held on Wednesday evening, May 18th. Plans are being perfected for a Hi-Y conference at Camp Frank A. Day on May 27th and 28th.

The swimming team is practicing for the regional championships which will be held on Wednesday, May 27th. The Newton team has won the two-state championship, but now will have to compete against teams from New York City.

Forty-four applications out of a possible seventy have been received for Camp Frank A. Day. We are having many applications from boys living outside of Newton, but it is our desire that the camp be largely used by boys from this immediate vicinity. Next Saturday Mr. Carling's Sunday school class from the Baptist Church will spend a week-end at camp.

The camp committee were very much pleased to receive through the mail a very generous check to be used for needed improvements at the camp.

### Y. M. C. A. BOYS' DIVISION NOTES

On last Saturday morning a group of boys from the "Y." in charge of Doc Doubleday, went on a trip to Nantasket, leaving the "Y." building at 9 o'clock, arriving at the beach about 11:30. After eating the lunches which the different boys had carried along, there was a baseball game on the beach until the tide got so high that playing had to be called off. The air was rather chilly, but the boys took off shoes and stockings and went in wading. A visit was paid to the "Point of Rocks," where some snapshots were taken. The amusement section was not open, but one shooting gallery was located by "Eagle-Eye" Soch. All the boys took a shot at the targets. Gordon Kenison proved to be the real sharpshooter of the crowd, he missing only one "Bear" out of a possible twelve. The boys caught the 3:45 boat back, arriving home about 6 o'clock, where they enjoyed a snappy swim in the "Y" tank. The boys taken on the trip were: Gordon Kenison, Monro Soch, George Van Buskirk, William Bow, Wm. Perry, Edwin Wickes, Lawson Gassett, Gordon Ergon, Francis Pickersgill, Victor Mann, Bertrand Tuttle, Walter Wrye and Clay Lewis.

### Newton Centre

—Mr. and Mrs. Roland F. Winslow of Oxford Road have gone to Cohasset for the summer.

Miss Elizabeth L. Osgood has been voted the "most all-round senior" at Mt. Holyoke College.

—Rev. Dr. Charles F. Weedon of the Old South Church, Worcester, to preach in Plymouth Church, Brooklyn, N. Y., on Sunday, May 21.

### NORTHGATE CLUB

A very pleasing and pretty entertainment took place at the Northgate Club last week Friday under the direction of Mr. J. L. Macdonald and Mr. H. J. Perry.

The club rooms were tastefully decorated for the occasion with apple blossoms, and refreshments were served during the evening at the tables by four young ladies with crepe paper aprons and apple blossoms in their hair.

The program opened with selections by Perry's orchestra, and included a duet by Miss Leora Bacon, and Mrs. E. Wolley which was much enjoyed. The solo dance by Miss Phyllis Ryerson and three dances by Miss Isabelle Loud were pleasing features. Miss Andrina Kenney, as a reader, received much applause.

The program concluded with community singing and dancing. This is the last social event of the season.

### REAL ESTATE

William J. Cozens & Son, of Newton Highlands, have sold for Annie A. Cline of Newton Highlands, the large brick and frame block known as the Stevens Building, in Newton Highlands square, containing stores and a community hall, to John Kershaw of Boston. The building, together with 10,000 square feet of land, has the assessed value of about 40,000. Mr. Kershaw buys for investment.

William J. Cozens & Son have sold to William L. Pullen a lot of land on Mayflower terrace, Brewster Park, Newton Highlands, containing 8500 square feet of land, and assessed for \$500. Margaret C. Cousins is the grantor.

### COURSE IN RADIO OPENS

More than one hundred and fifty people listened to a very interesting lecture on Radio Phone Receiving at the Newton Y. M. C. A. on Tuesday evening. The lecture was given by Mr. H. J. Tyzzer, radio engineer at the American Radio and Research Corporation, Medford Hillside. Mr. Tyzzer's talk was very practical, and he illustrated many of his points by tuning in from time to time on the different numbers being broadcasted by Medford Hillside.

Following the lecture a large number of those present enrolled as members of the course which will be given during the next seven weeks on Tuesday evenings, at 7:30, at the Newton Y. M. C. A. Each lecture will be interconnected, and each point will be illustrated either by means of a blackboard or of an apparatus which Mr. Tyzzer will have on display to illustrate his many points.

Next Tuesday evening the lecture subject will describe "How Radio Telephoning is Accomplished," and the specific points brought out will deal with the passing of sound from speaker to listener, or Audio Telephony, how electrical currents carry speech, how to control the radio wave, and essential features of radio telephone receivers. Each member of the course will receive mimeographed copies of the different lectures. A unique question and answer service has been adopted so that each member will be given a typewritten copy of every question that is asked and the answer to it.

For eleven years Mr. Tyzzer has been designing radio apparatus. He already has many patents to his credit. His chief aim in this course will be to show each member of the group how to construct his own apparatus, and just what to expect from any given piece or type of apparatus.

### REAL ESTATE NEWS

### TENNYSON REBEKAH LODGE

The annual May basket party of the Tennyson Rebekah Lodge was held on Tuesday night, at Odd Fellows' Hall, West Newton. About 50 couple were present.

The beautifully decorated baskets, containing lunch for two, were judged by the Colonial orchestra, the prize of a string of Peggy beads going to Mrs. A. A. Wilson, whose basket was of amber colored paper trimmed with amber ribbon and jonquils. Honorable mention was also awarded to Mrs. Clarence Peck, whose basket was of old rose, and to Miss Marion Barker, whose basket was trimmed in pink and blue.

Following the supper dancing was enjoyed until 12 o'clock.

## MAY FESTIVAL

The May Festival held in the Unitarian Church in West Newton, last Saturday afternoon, was a great success in every way. The Little May Queen, Frances Lee Weeks, was led by her wistaria bower and crowned by two lovely butterflies, Betty Rogers and Mable Peters. There she viewed in regal state the dances prepared for her enjoyment.

The old but ever interesting Maypole Dance was danced by the following: The Misses Mary Rich, Jean Bachrach, Elizabeth Phalen, Priscilla Batiou, Kathleen Andrews, Eleanor Bingham, Lucy Ogden, Elizabeth Kershaw, Masters Pembroke Hucks, George Hutchinson, Andrew Hutchinson, Andrew Hutchinson, Geo. Lauriat, Edward Harrington, Ivan Hoyt, Frederick Kershaw and Charles Carpenter.

Three graceful young professionals performed a dance of the flowers most appropriate for May. Then followed perhaps the most interesting number on the programme: a pageant of tots representing the little sprigs buds brought to blossom by the rain and the sun. The costuming of this piece was very pretty and clever, especially those of the bluebirds and robins. Miss Bassett, of the Kindergarten department of the Sunday School, who wrote the pageant, picked each little flower by lifting the children in her arms and carrying them to their mothers, in this way finishing the pretty story.

The flowers were: Charles Lauriat, Fabian Bachrach, Nancy Carter, Janet Remick, Raymond Remick, Brooks Baker, Barbara Thayer, Esther Merchant.

The showers: Pembroke Hucks, Andrew Hutchinson, George Hutchinson, Charles Carpenter, Leslie Phalen. The sunbeams: Eleanor Bingham, Kathleen Andrews, Elizabeth Richards, Frances Place, Barbara Webster.

The winds: Richard Harrington. The butterflies: Rachel Thurber, Dorothy Chandler, Betty Cotter.

The birds: Ned Ogden, Robert Holmes, Richard Ford, Frank Ford, Edward Harrington.

A grand march of all those in costumes or caps ended this part of the programme.

Much amusement was caused by the Gold Dust Twins, Bradford Bachrach and Clifton Leatherbee, the dispensers of the Grabs. Frederick Rice, the clown who sold balloons, was another picturesque figure. Ice cream and candy, a food table, and a tea-garden were the centres of interest after the entertainment. General dancing with a Lucky Dance completed the party, where all ages had a good time just as they should at a May Party.

## Y. W. C. A.

A demonstration will be given on May 24th by the gymnasium and dancing classes of the Newton Y. W. C. A. These classes have been active since March 20, with a total enrollment of 55. The work which is now stopping for the summer will be continued in the fall. It is hoped that there will be a tremendous increase in the classes. Admittance to the demonstration will be by card only. These cards may be secured at the Y. W. C. A. or from members of the various classes.

Week-end parties, beach parties and hikes are being planned for the summer months.

Tomorrow afternoon there will be a hike to Nobscot Mountain, with a truck ride home in the moonlight. Bring a box lunch.

## MEMORIAL SERVICE

The churches of Newton are to hold a service in memory of Miss Anne P. Allen, formerly of Auburndale, who died at Sivas, Turkey, February 2, 1922, in the Auburndale Congregational Church on Sunday next, at 4 P. M. Rev. Dr. James L. Barton, national chairman of the Near East Relief, will make the address, followed by Rev. Dr. W. A. Bartlett, secretary of the Mass. Association. Rev. Dr. E. P. Drew, pastor of the church, will be in charge. Rev. Dr. C. R. Ross of the Newtonville M. E. Church will conduct the devotional service, and Mrs. W. N. Donovan, wife of Prof. Donovan of Newton Centre, will sing.

An invitation is extended to all interested in the great problem confronting us in the Near East.

## LEND-A-HAND MAY PARTY

Quite in contrast to the leaden skies and driving rain outside was Channing church parlor yesterday afternoon with its fairies and sprites and airy dancers around the May pole. The entertainment began with a fairy play, "Nimble-Wit and Fingerkin," which was very well done indeed by the girls of the Channing Lend-A-Hand. Katrina, Elizabeth Scofield, finds herself imprisoned by Dame Difficulty, Lucille Deffen, discouraged and downhearted she falls asleep, when Nimble-Wit, Eola Niles, and Try, a Carolyn Hodson, and the five Fingerkins, Frances Niles, Mary Harrington, Jean Murray, Marion Mellus, and Margaret Webber, come to her aid so that she succeeds in outwitting Dame Difficulty. The play is a very pretty little thing with a sugar coated moral, affording opportunity for effective dancing. All the girls did their best and showed that Channing church will not want for dramatic talent for a long time to come.

Following the play Patty Niles gave a recitation. There was a solo dance by Eola Niles, and lastly, the Maypole dance, each girl dressed as a flower and lying curled up closely on the ground until the Butterfly, Patty Niles, flitted about among them and waked them one by one. The girls were trained for the dance by Miss Janet Curtiss and Miss Elizabeth Pearson. The party was under the general direction of Mrs. Thomas F. Murray and Rev. C. A. Drummond.

Lemonade was served by Miss Elizabeth Henry and Miss Jean Howard. There were lollipops in abundance and fancy articles. There was general dancing afterwards.

## SCOUT FIELD DAY

Norumbega District Council Boy Scouts gives interesting exhibition at Newtonville

With fine weather and more than 100 scouts and Scout officers present, the annual Boy Scout rally and field meet of Norumbega Council was successfully presented to a large number of spectators last Saturday afternoon on Claffin Field, Newtonville. Excitement in contest, mingled with band music contributed by the Boy Scout Band of Brockton, permeated the meet from beginning to end, and spectators, Scout officials and scouts unite in expressing the joy and success of the occasion.

Exactly at 2:30 the Council bugler, Scout Wm. Duly, of Troop 11, sounded assembly, in response to which all troops present arranged themselves in formation as directed by Adjutant Jerome M. Carley. Maj. Lewis E. Moore of Newtonville, Deputy Commissioner for Newton, being in command, the inspection by his Honor the Mayor of Newton, selectmen from other towns affiliated in the Council, President James A. Stafford, and other Council officials was held, after which the Council marched in review. Remarks were overheard on every hand concerning the fine manly appearance the scouts made.

Following the review the Scout competitive events were held. The field, decorated with guide flags and station numbers, presented the appearance of a real contest, and the appearance foretold the result. Never before in the words of one official had there been so many scouts participating in any one event. Each event was run off under the direction of a deputy commissioner, who united with his interest his ingenuity in putting across the contest. The judges were Scout Executive Wm. E. Severance of Quincy Council, Scout Executive Ralph H.

Whitman of Mariboro, Scout Executive Dr. Wm. Lord Smith of Brockton, and Assistant Scout Executive Jacobs of Brockton.

After a well fought contest the following points were secured by the Newton troops: Troop 7, West Newton, 58; Troop 4, Newton Highlands, 37; Troop 1, Newtonville, 19; Troop 11, Newton Corner, 9; Troop 2, Auburndale, 4.

The winners in the various events were as follows:

Signaling: Troop 4, Newton Highlands, 10 points, first; Troop 2, Watertown, 4 points, second; Troop 1, West Newton, 1 point, third.

Antelope Race: Troop 7, West Newton, first, with 8 points; Troop 11, Newton, second, with 4 points; Troop 1, Newtonville, third, with 3 points.

First Aid: Troop 4, Newton Highlands, with 5 points, first; Troop 1, Newtonville, second, 4 points; Troop 1, Watertown, third, 3 points.

Firemaking and Waterboiling: Troop 11, Newton, first, 5 points; Troop 1, Newtonville, second, 4 points; Troop 7, West Newton, third, 3 points.

Leap Frog Race: Troop 7, West Newton, 10 points, first; Troop 4, Newton Highlands, 4 points, second; Troop 2, Auburndale, 1 point, third.

Knot-tying: Troop 7, West Newton, 9 points, first; Troop 2, Auburndale, 3 points, second; Troop 2, Watertown, 2 points, third.

Friction Fire: Troop 7, West Newton, 13 points, first; Troop 1, Newtonville, 2 points, second.

## OBSERVES FIFTIETH ANNIVERSARY

Gethsemane Commandery, Knights Templar, celebrates an important event in its history

Of the officers elected and appointed at this meeting none are now living. The name of the Commandery "Gethsemane" was as well as Grand Master of the Grand Encampment of the U. S. A. Not only was he a leader in Masonry

EM. SIR CHARLES E. FOGG  
Commander Gethsemane Commandery, K. T.

Gethsemane Commandery, Knights Templar of this city observed its fiftieth anniversary this week with a church service on Sunday afternoon, and a reception, banquet and dance on Monday night.

The service on Sunday afternoon was held at Central Church, Newtonville, the pastor of which, Rev. M. H. Lichliter, is the Associate Prelate of the Commandery. It was attended by about 200 Sir Knights in full regalia, who marched to the church from their headquarters in the Masonic Building. The pastor was assisted in the service by Rev. John Matteson and by the Prelate, Hon. Albert L. Harwood. The sermon was entitled "The Pilgrim Warrior" and was a virile and stirring address.

On Monday evening over 700 Sir Knights and their ladies attended the reception, banquet and dance held at the Copley Plaza hotel in Boston, and were honored by the presence of Governor Channing H. Cox. The program included an historical address by Hon. Albert L. Harwood, and addresses by Governor Channing H. Cox, Henry C. Dexter, Grand Commander of Knights Templar of Massachusetts and Rhode Island and Arthur D. Prince, Grand Master of Masons in Massachusetts. An entertainment, "Cotter's Saturday Night" was given at the close of the banquet, followed by dancing to the music of Haffermehl's orchestra.

Mr. Harwood's historical address was as follows:

Fifty years in the life of our Commandery have passed. This is a long time in a human life; but short when we remember that 800 years have rolled away since the Order of Templars came into being, and shorter still when we consider that we are now living in the 20th Century since the Saviour of the World, whose teaching we try to follow, taught, died and rose from the dead, bringing life and immortality to light.

The events which have taken place in an institution like ours, which are of general interest are few. The most important influences which have been exerted, are those that have been felt by the members of our order as they have been taught in our asylum. These will only be known when the acts and motives of each shall be revealed in the great Eternity.

Only the high points in the Commandery's history will be given, fuller details are reserved for the published document.

On April 5th, 1872, the first meeting to consider having a Commandery in Newton was called to order by Sir Knight James M. Greenwood of Palestine Commandery.

On the 18th of May, 1872, the necessary preliminaries having been accomplished a meeting was held for the purposes of organization. Officers were elected and appointed to serve while the Commandery was under Dispensation.

Those elected to the Council were Em. Com., Em. Sir F. Lyman Winslip; Generalissimo, Sir Robert L. Davis; Capt. Gen., Sir Adin B. Underwood.

"Gethsemane" was suggested by Em. Sir William Sewall Gardner, who was present at the meeting for organization and who was in his day one of the most prominent Freemasons in our Commonwealth. He had served as M. W. G. Master of Masons in Massachusetts.

It was a distinguished and useful citizen, and for some time was a Justice in our higher courts.

It is worthy to remark that our name "Gethsemane" is one of the most

## MEMORIAL DAY

How it will be observed in this city next Tuesday

Charles Ward Post, 62, G. A. R., has made its usual plans for the observance of Memorial Day next Tuesday.

Mayor Edwin O. Childs will be chief marshal, with Capt. Edward Edmunds as adjutant general, and Wilfred A. Wetherbee as chief of staff. The mayor will have members of the city government and a score or more of civilian aides.

The parade will form this year at Newton Highlands, near the Hyde School, at 1:15 P. M., and will march through Lincoln and Walnut streets to the Newton Cemetery, where the usual impressive exercises will be held at the Soldiers' Monument. The parade will then reform and march through Walnut, Cabot, Park place, Washington park, Walnut and Washington streets, to the State Armory,

where dinner will be served. Mayor Childs will review the parade at the Hose House on Washington street.

The parade will include detail of police, chief marshal, adjutant-general, chief of staff, aides and associate members and members of the city government, Co. H, 101st Infantry (Newton Co.), Capt. John McLellan, commanding; band, J. Wiley Edmunds Camp, No. 31, Sons of Veterans, James H. Wentworth, commanding; Charles Ward Post, No. 62, Grand Army of the Republic, Colon S. Ober commanding; Mrs. A. E. Cunningham Tent, No. 2, Daughters of Veterans, Mrs. Susan R. Wetherbee, President; Thomas Burnett Camp, No. 10, United Spanish War Veterans, Newton A. Lucas, commanding; Newton Post 48, American Legion, Major H. D. Cormerais, commanding; Boy Scouts of Newton.

### A GOOD PITCHER

Joel L. Leete of Newton Centre has been playing a consistently good game as first string pitcher for the Amherst baseball team. Leete has pitched in several games this season, and has a fine record of strikeouts to his credit, with remarkably few passes. His fine boxwork featured in the recent game with Harvard, and although the game was lost, 2-1, it was through no fault of the pitching. It is likely that he will take the mound in the M. A. C.

game to be played here on Wednesday. This is the second game with M. A. C. this season, the first one being played a few weeks ago with Leete also in the box. This was lost, three to two. Leete pitches an excellent game, but in the sixth his support weakened, and the Aggies came from behind with the winning run.

When not pitching, Leete plays left field. At present he is leading the team in both batting and fielding, his percentages being .240 and 1.000, respectively.

## SCHOOL NOTES

### Stearns School

The Newton Girls' Club held their annual banquet at the Stearns School Centre on Tuesday evening, May 23, at 7 o'clock. Miss Lillian Swartz acted as toastmistress and toasted the following: The Advisory Board, Mrs. W. H. Manning, Mrs. Clifford Waterhouse, Miss Anna Morrison, who is club president, and Miss Louise Lovett, chairman of the Girls' Club committee. Club songs and dancing were enjoyed after the banquet.

The Junior Girls' Club had their last meeting of the year on Wednesday evening, at the Stearns School Centre. An informal dancing party was held in the hall, and refreshments served. Miss Ida Meliman, chairman of the Entertainment committee, had charge of the entertainment program. The school baseball team added another victory to its long list by easily defeating the Mason School nine, Tuesday afternoon, at Newton Centre Playground, by the score of 15-5. The Stearns boys batted the ball to all parts of the field, scoring eight times in the second inning. George Couston, Stearns midget shortstop, was a powerful help to his team all afternoon, putting up a brilliant fielding game, knocking out three hits, one a home run, and scoring four times. Brother Joe pitched a masterly game and also connected with the stick, knocking in five runs, scoring three himself, with a two-bagger and a three-bagger. Most of the subs got a chance during the game to make their letter. The next encounter is with Horace Mann, and a hard game is expected.

The weight card records for last month have been compiled and most of the rooms have shown much improvement in number of pupils and weight.

The class of 1921 is planning a reunion to be held the week that school closes. A trip to Nantasket or Provincetown has been suggested.

### Hyde School

Mrs. Blakemore's seventh grade recently entertained Miss Abbott's seventh grade with slides on "The Courtship of Miles Standish." Certain pupils read selections from the poem illustrated by the slides.

The Hyde baseball team lost the last two games, one with Auburndale, and one with the Working Boys Home.

Whitney Cooke of the fourth grade, who has just returned from a six weeks' trip in California, told his class of his experiences and showed them many beautiful pictures of the West.

Over 175 children of the Hyde School are saving systematically through the stamp machine recently installed in the school. About sixty of these have taken out deposit books in the bank.

The graduating classes have contributed nearly \$58.00 toward a school memorial. A committee is to purchase suitable pictures with the sum, to be left in the school in memory of the classes of 1922.

Miss Ryder and Miss Green are planning the Memorial Day exercises to be held at 1:30 P. M., on Monday next. We expect to be honored this year, as in the past, by the presence of a G. A. R. veteran and a representative of the American Legion.

### Cliffin School

Grade Four is showing great interest in health work.

Francis Eddy, one of the members of the Seventh Grade geography class, came to the class this morning in Japanese costume.

The Japanese exhibit in Grade Eight is to be replaced this week by an exhibit of Chinese articles.

The pictures of each grade which were taken recently were very successful.

### Misses Allen School

A play, "The Twig of Thorn," is to be given by the members of Misses Allen School tomorrow night, followed by a dance.

The annual picnic of the school will be held tomorrow at Nantasket. The senior banquet will take place on Monday night, at the Brae-Burn Club.

The graduating exercises of the school will be held next Wednesday, Miss Abby Farewell Brown of Boston being the speaker.

### Horace Mann Notes

The Horace Mann-Cliffin baseball team met their second defeat of the season, Tuesday, May 16th, at the hands of the Pierce School. The Pierce team won the game in the ninth inning, when they overcame a four run lead.

The opera to be given June 6th, at the Horace Mann Hall, has made great headway. Posters are being made and tickets are on sale. Everyone, teachers and pupils, in the upper grades, are working for this entertainment.

THE LATE FREEDOM HUTCHINSON

### DEATH OF MR. HUTCHINSON

Mr. Freedom Hutchinson, a resident of this city for the past thirty years, was found dead in his bed at his home on Centre street, Newton, last Friday morning.

Freedom Hutchinson descends from one of the oldest and most distinguished families of Massachusetts. He was the son of Edwin F. and Elizabeth Ann (Flint) Hutchinson, and was born Aug. 6, 1847, in Milan, N. H., where he received his common school education. He subsequently attended the Nichols Latin School in Lewiston, Me., and was graduated from Bates College, in the same place, in 1873, having an English oration at commencement and standing high in his class.

After leaving college Mr. Hutchinson was for two years principal of the high school at Topsham, Me., and in the meantime and afterwards also read law in Lewiston. He was admitted to the bar in Auburn, Me., in April, 1876, and at once came to Boston, Mass., where he was admitted to the Suffolk bar May 9 of the same year, and where he has since practised his profession

with uniform success, and has been counsel in a large number of important cases in both Maine and Massachusetts.

Mr. Hutchinson gained a wide recognition as a lawyer, and for many years has occupied a prominent place among the leading members of the Boston bar.

He resided in Boston from 1876 to the fall of 1892, and since then in Newton Highlands and Newton, where he was a member of the Newton Common Council in 1895 and 1896. He was a member of the Columbian Lodge, Free and Accepted Masons of Boston, the Middlesex, Brae-Burn and Hunnewell Clubs.

He was married Feb. 15, 1886, to Abbie Loughton Butler, daughter of Dr. David P. and Eleanor (Bisby) Butler of Boston, and he is survived by one daughter, Mrs. George R. Ainsworth, of Great Neck, Long Island.

Funeral services were held at his late home on Centre street Sunday afternoon, Rev. George L. Parker, pastor of the Newton Centre Unitarian Church, of which Mr. Hutchinson was a trustee, officiating, and the burial was in the Newton Cemetery.

### Albert Edgar Angier School

Donald Houghton, coach of the Angier School baseball team, is extremely successful on the Angier playground. Through the keen interest he personally holds in the game of baseball, he has been instrumental in forming an addition to the seven school teams, three girls' teams and a twilight league composed of five young men's teams. Under him the school team has played exceptionally well against formidable odds.

The teachers in the upper grades have made handwriting scales composed of median papers chosen from the excellent, good, fair, passable, and poor groups of papers made by the pupils themselves. High standards have been set and were easily made possible because the children strove hard to do their best when the papers were being prepared. Constantly the pupils are now measuring their handwriting according to these scales, and are inspired and held to their best writing. The teachers have adopted the name of "The Angier Handwriting Scale, VI," etc.

The experiments which have been tried in spelling throughout the grades have completely justified the change from the former methods. The child first finds early in the week the words upon which he needs study. A successful method of study has been taught the children for mastering these words. In the middle of the week he tries to spell the words again. And once more he studies those which he has not learned. Each Friday is the final, joyous test on the week's list, and seldom is it that an industrious pupil fails in a single word. The class results have always been satisfactory.

The Cleveland Survey tests in arithmetic are being given in Grades Three to Eight, with the view to adding the individual child to see for himself the standard in speed and accuracy he should attain in the work of his grade. These tests have brought to light unusual strength in many processes and based the weaknesses upon which dull groups have necessarily been formed.

### Bigelow

The children in Grade 3, Miss Child's class, entertained the children in Grade 4, Miss Coyle's class, on Friday afternoon. The musical numbers were chosen by a music committee. There was a Japanese dance in costume, and a dramatic poem.

Miss Tewksbury is convalescing rapidly, and we are looking forward to the time when she will return to us at Bigelow.

Bigelow Grammar School has, in connection with civics work, a Public Welfare Committee composed of six members, three of whom attend the lower grades, and the rest from Room one, Grade Eight. Their work consists of cleaning the school grounds of waste paper and rubbish. They meet once a week, at 11 o'clock, with long poles, on the end of which there is a spike. They encircle the grounds and spike the rubbish, which they put in large waste cans. After the grounds are cleared they go to their rooms where they continue their school work.

Bigelow advanced to third place in the Grammar League standing by defeating the hitherto unbeaten Pierce team by a score of 9 to 7, Tuesday afternoon, at Burr Park. The game was well played with few exceptions. With the score 7 to 2 in favor of Pierce, Captain Tedesco replaced Gadsten by his first string pitcher, Mays, to hold the lead. This proved an unwise move as the Bigelow boys found him easier to hit.

Captain Monahan pitched his best game of the season, being very steady on the pinches. He was ably supported by MacNeil, his battery mate. Subb had an exceptional number of fielding chances, figuring in no less than sixteen plays. He handled most of them well.

Macpherson played his usual steady

game at second, and led both teams at bat, getting three hits.

Achorn led the outfielders, making several difficult catches, including the last out of the game, which earned for him a new ball.

Bigelow met Mason at Newton Centre, Thursday, in baseball, and Captain Ball.

### Woodland Park School

The closing exercises of the Woodland Park School will take place on Thursday, June 1st, at 2:30 P. M. There will be an hour of music, followed by recitations, and a selection by the Woodland Park Chorus.

### UNDER THE GILDED DOME

Some of the most important matters of the session are now coming along on the calendar, for it is expected that prorogation will be reached possibly by the end of next week. It is certain, however, that the General Court will not be prorogued by Governor Cox until some legislation along the recommendations of the Webster report for economy and efficiency in the State administration has been enacted. Governor Cox is undoubtedly in earnest in this respect, and is certainly on the right track. It will be difficult, however, to get very much along the lines of the report as its recommendations are being severely attacked by the many friends of State officials, whose services may be eliminated if the report is adopted.

One of the interesting features of the week was the report of leave to withdraw of the special committee which has been investigating charges of malfeasance in office by Judge Pierce of the Supreme Court. The report was accepted in the Senate without debate, but in the House it was opposed by Representative Jordan, one of the petitioners for action against Judge Pierce. This let loose a flood of oratory on the part of members of the committee, but after all was over the report was accepted with but one member in opposition.

A most important fire prevention bill was passed this week by the House, and which, if it becomes a law and is enforced—note the words, "and is enforced"—ought to curtail somewhat the criminal carelessness of our people in the matter of fire damage.

The matter of State control of penal institutions is still somewhat in the air, but its friends are hopeful that some measure looking to that end may come out of the present agitation. The Shattuck bill mentioned in this column last week was about as namby-pamby as one could imagine, but the House passed it against the wishes and votes of those who wanted something real. The Senate put in several good amendments, giving it some real merit, and then added an impossible amendment looking toward a new State prison at Bridgewater. This matter caused the bill to go to a conference committee which reported practically the Senate bill with the plan of the House for organization of the proposed commission.

In considering this conference report, the House ignored the merits of the control part of the bill and worked itself into such a condition over the State prison part of the report that the main bill was sidetracked and the conference report was rejected. Fortunately, however, Speaker Young took the floor, and with his influence another committee of conference was appointed.

There was a long debate Wednesday over the proposal for four bridges over the Charles River in the Metropolitan district. It will be recalled that last year this bill became law, but the Metropolitan District Commission either purposed delayed carrying out its provisions or wilfully neglected its duty, and this year came in with a new program, that instead of rebuilding the Cottage Farm bridge, a new bridge should be built across the river near the Youth's Companion building. This plan aroused considerable opposition in Cambridge and the House finally killed the bill.

## DEATH OF MR. NEWCOMB

Mr. Charles F. Newcomb, one of the best known business men in Newton, died suddenly last week Thursday night, at his home on Maple avenue, Newton, following a stroke of apoplexy. Mr. Newcomb had been in failing health for some months, but attended to his business as usual on that day. He was born in Cornwallis, Nova Scotia, October 13, 1859, and has been a resident here for the past 36 years. Mr. Newcomb was first employed on Hurd's express, and later in partnership with the late Elwyn E. Snyder, purchased the business. Subsequently Mr. Newcomb bought out Mr. Snyder's interest, and with the exception of a few months, when he transferred his business to the Boston Suburban Express Company, has been the sole proprietor of Newcomb's Express.

Mr. Newcomb was a great lover of horses and was an active member for some years of the Metropolitan Driving Club.

He took a live interest in community affairs and was one of the founders of the Newton Business Men's Association.

The death of his only son, a few years ago, was a great sorrow to him, and he has been in failing health since that time.

Mr. Newcomb is survived by a widow and two sisters.

There was a large attendance of friends and associates at the funeral held Sunday afternoon at his late home on Maple avenue, at which Rev. Dr. George S. Butters, assisted by Rev. Ambler Garnet, pastor of the Newton M. E. Church, officiated. The burial was in the Newton Cemetery.

## WEST NEWTON MUSIC SCHOOL

Pupils of the West Newton Music School gave an interesting recital under the auspices of the Women's Club of Upper Falls, in the Auditorium, Monday evening, May 22.

Numbers were given by the Hyde School branch ensemble, and senior ensemble group from West Newton branch. Songs and piano and violin solos completed the program.

The public of all the Newtons is cordially invited to a recital of folk music to be given by pupils from the three centres of the West Newton Music School, at its headquarters, Peirce School, West Newton, Sunday afternoon, May 28, at 4 o'clock.

The West Newton Music School urges the citizens of the Newtons to show their appreciation and approval of its work by attending the Inter-Newton concert to be given at the Peirce School, June 4th, at 3.30 P. M. Representative work will be offered by pupils of the Boston Music School and South End Music School, and Hale House, as well as West Newton Music School.

Please come and encourage the Inter-Newton Concerts. Three have been given in Boston the past winter.

## NEWTON GIRL HONORED

Miss Mary B. Bowditch of Jewett street, Newton, is to go to Labrador this summer as private secretary to Dr. Wilfred T. Grenfell, the Arctic explorer.

Miss Bowditch was selected for the position from a list of many candidates. She has been doing secretarial work for Mrs. Grenfell for some time and attending Boston University at the same time.

She will sail for Labrador with the Grenfell party on June 14, part of the voyage to be made on the Strathcona, Dr. Grenfell's famous ship.

## STONE INSTITUTE

Over 200 attended the "At Home" at the Stone Institute last Saturday afternoon, of which Mrs. C. C. Frost is matron. There was a sale of aprons, bags, slippers, baskets, rugs and other useful and ornamental things. Those at the tables were Mrs. S. W. Jones, Mrs. Charles A. Swain, Mrs. Richardson and Miss Louise Plimpton. Punch was served by Miss Mabel Riley, Miss Margaret Cobb, Mrs. Natt W. Emerson poured tea. Over \$250 was realized for the home.

## "BACHRACH NIGHT" AT THE POPS

Through the courtesy of Louis Fabian Bachrach all the employees and their friends had the pleasure of attending the Pops at Symphony Hall on Monday evening. A section of the floor was reserved and besides enjoying the program immensely it was an especially fine one, every one present had a good time socially.

## LECTURE ON CHRISTIAN SCIENCE

Draws Large Attendance at Temple Hall  
Newtonville

A large audience listened to the very clear exposition of Christian Science teachings by Professor Hermann S. Hering at Temple Hall, Newtonville, last Monday evening. In introducing the lecturer, Mr. Edwin C. Johnson, First Reader of the Newton Church, said:

"The lecture this evening is given under the auspices of the local Christian Science Church, called First Church of Christ, Scientist, of Newton, which holds services Sunday mornings and Wednesday evenings in Play-ers' Hall, West Newton.

"Christian Science is often misunderstood.

"I recall making statements about Christian Science and Mrs. Eddy in my Sunday school class some twenty-six or seven years ago, that I later learned to be prejudiced and untrue. I remember, too, how it used to disturb me to hear Mrs. Eddy's name mentioned frequently in the Christian Science services. This was before I knew the facts about her remarkable life. Only a few weeks ago a neighbor startled me by asking how the Bible we Christian Scientists used was different from the ordinary Bible. The only difference I could think of was that possibly the Christian Science Bible was a little more used. I venture to say that if figures were to be had, they would show that Christian Scientists buy and use more Bibles per capita than any other class of people.

"However, it is to clear up just such misapprehensions as those that may exist in the mind of the average man or woman concerning Christian Science that these lectures are given.

The speaker of the evening, Prof. Hering, is well known to many around Boston. He was First Reader in The Mother Church there for three years. Later, while Mrs. Eddy was living in Concord, N. H., he was called by her to be First Reader of the Christian Science Church there. He has been a conscientious student of Christian Science many years, and is a member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, in Boston. So, in talking to us this evening, he comes both as a friend of many of us and as an authorized speaker on the subject of Christian Science.

"Just as the Christian Science Church services bring forth physical healing and spiritual uplift as a natural consequence, so the words of Truth that we shall hear tonight will uplift and heal in the same way.

"It is with great pleasure that I present Professor Hermann S. Hering, C. S. B., of Concord, N. H., who will speak to us on 'Christian Science, the Science of Right Living.'

Since Christian Science, as discovered and founded by Mary Baker Eddy, is being so generally recognized as an instrument for good, it will be interesting to know what this Science teaches regarding the unseen, evil and suffering so prevalent in the world today and to hear what solution it has to offer for them. We are interested in the cause of this untoward condition and to learn if possible of an adequate remedy for it, as well as to find what part each one of us plays in the situation, to what degree we are responsible for it, and to what extent we can aid in alleviating and healing it.

At the outset it should be recognized that the world is an aggregation of individuals, hence world conditions are but the composite product of the lives and mentalities of its people, and of their habits of thought, their ethics, their ambitions and their resultant conduct.

Thus the character of human living is an essential factor in the world's condition, and it follows that this can be improved only as the lives of its people are improved. It is this phase of the question to which we shall give especial mention in analyzing the Science of right living, together with the Principle and law involved, in order to see how these may be demonstrated in human activities.

## Recipe in the Bible

St. Paul writes:  
"For the law of the Spirit of life in Christ Jesus hath made me free from the law of sin and death."—(Rom. 8:2.)

The Bible contains many clear and definite statements of the healing law of the gospel in its relation to every form of evil thinking and wrong living.

Have you ever thought what this world would be with all its sin, sorrow, suffering and sickness removed? And have you ever realized that an understanding of the teachings of the Science of right living, which adherence thereto, would bring about this heavenly condition? This should be evident to all Bible students.

When looking, therefore, for a solution of the world's problems, need one look further than to a demonstrated understanding of the teachings of the Master? Did he not set a standard of right living upon a spiritual basis which he declared he made it possible for all to follow? And in connection therewith did he not heal all manner of evil and disease through divine power, and did he not teach his followers to do the same thing? Is it not evident then, that Christian living involves not merely right ethical or moral conditions, but right physical and mental conditions as well; health, harmony and wholesomeness in every direction?

## Christian Living Includes Healing

We thus see that Christian healing is undoubtedly an essential element in Christian living. From the inception of Christianity, however, only a few have accepted fully our Master's teachings, caught their spirit and manifested this Christ spirit in healing works, notably the early Christians who, during the first three centuries of the Christian era, did such marvelous healing, and led such self-sacrificing and consecrated lives. It is evident that Christianity was engulfed in formalism and its vital spirit was quenched. One reason why so many do not believe in Christian healing is because it is difficult for the human mind to see and admit that a mental effort alone, such as prayer, faith, and right thinking, can bring about a physical change. Yet this is what our Master's teachings and his practice involve.

It is evident that Christ Jesus considered this healing work an indispensable factor of his ministry; indeed he made it a test of Christian discipleship, for he said, "He that believeth on me, the works that I do shall he do also;" a statement which clearly means that he who is a Christian will be able to heal spiritually. Moreover, he made no distinction between the healing of the body and the healing of the mind. He said, for example, to the impotent man whom he had healed of a serious physical condition, "Go and sin no more," unmistakably implying that the disease had been due to sin, and definitely stating that continued indulgence in sin will result in a worse form of disease.

## Healing Understood Spiritually

Since, therefore, Christian healing is such an integral element of our Master's Christianity and is thus essential to the demonstration of Christian living, it is important for us to understand it. The Bible says that spiritual things must be spiritually discerned, and since Christian healing is accomplished spiritually, no other means being used, it is evident that it can be explained, understood and demonstrated only spiritually, that is, from a spiritual basis. Physical science and medical science cannot possibly explain the healing work done by Christ Jesus and by his immediate followers, nor by Christian Scientists today, for these opposite methods have nothing whatever in common.

Since all have been educated to look at things materially, and since it is impossible to understand Jesus' teachings and works from that basis, it is evident that a new point of view must be obtained from physics in the realm of its opposite, divine metaphysics, for his healing work was all accomplished mentally.

In gaining this new viewpoint it may be necessary to engage in a line of thought to which some have not been accustomed. Therefore I must ask such to be patient and indulgent while this new viewpoint is considered.

It is not, of course, the purpose here to attempt to prove that healing was accomplished by Jesus and by his disciples or that it is accomplished today by Christian Scientists, since this fact is already well established. The endeavor will be to explain away some of the difficulties involved in accepting it and to show the possibility of healing from the world's miseries through spiritual means.

## Nature of Human Existence

A moment's thought will show us that mortals are conscious of existence mentally, and only so, for everything that enters into their life, all activities and experiences, enters it mentally through some action of thought, for do they not think what they see, hear, feel, smell or taste? They are conscious only of mental impressions presenting themselves as mental concepts which are accepted as existence. Indeed, there is no evidence of existence apart from consciousness. Thus it is seen that human existence is wholly mental.

Furthermore, each person sees only his own concept. In other words, we experience mental impressions, the character of which is largely due to that of our own mentality, and these impressions are accepted as human existence. Therefore, what is called the material universe is for each one of us but a material concept of the universe, an individual impression of it, the way it appears through the five physical senses. And as it is never exactly the same with any two persons, obviously this material sense of the universe is not absolute, but is relative, variable, impressionistic.

Professor Einstein, in his theory of relativity, has proved through mathematical computation and physical experimentation that the mass, or quantity of substance, of an object, is dependent upon its velocity, that the universe is conceptual, and that we see all things from our own point of view, our own "frame of reference," as it is called mathematically. He claims, moreover, to have proved that time and space are purely relative, which means that they have no absolute existence. It is true that many agreements have been made in education—a yardstick, for example, is an

accepted measure of length,—but the yardstick seems very different to a child from what it does to an adult.

## Physical Sense Testimony False

Since the five physical senses play so important a part in the formation of the so-called physical sense of existence, it is necessary to analyze them in order to determine whether they can be depended upon. In the case of sight, for example, if one looks down a straight railway track, the rails seem to converge, but this appearance is not true, for they are parallel. A large house seen in the distance appears to be a small house, but this again is not true. Such examples prove that the sense of sight testifies falsely and requires corrections and explanations before intelligent concepts can be formed.

So also in the case of hearing, echoes and sounds in the distance are deceptive until they are explained and corrected. In the same way it is well known how often we have been and how easily we can be deceived through the other senses, the senses of touch, taste and smell.

Now if a business man has five employees whose daily reports he cannot accept without making many corrections and allowances, will he have implicit confidence in these employees in every other respect? Certainly not, for we know how hard it is ever to believe a person again who has misled us once. Then is it sensible or logical to have such implicit confidence in the testimony of the five physical senses when it is known that they testify falsely all the time? Should we not rather be eager for further corrections that we may not be deceived by them at all?

It is very important to see that the five physical, corporal, or personal senses cannot perceive truth; consequently, anything that is true. For example, suppose two persons to be looking at a mathematical computation, one understands mathematics and the other does not. Would they both see the truth involved by simply looking at the physical figures with their physical eyes? Certainly not, for mathematical truth can be seen only through mathematical understanding, and those who do not have this understanding cannot see this truth, no matter how long they may look at the figures.

For the same reason, the five physical senses cannot perceive absolute Truth. They cannot, in other words, see God, Spirit, Mind, Soul, Love,—they certainly cannot see Principle, for Truth can be seen only through the understanding, spiritual understanding,—a faculty entirely apart from physical sense. If, therefore, the five physical senses cannot see Truth, it follows conclusively that what they do see is not true.

## Mental Nature of Existence

Those who have studied physics and chemistry have been taught that any material object may through mechanical, chemical and electrical processes, be reduced to a form of energy,—to infinitesimal units of electrical force vibrating with great velocity. Since then a material object is an aggregation of units of force, nothing else having entered into its composition, it must be simply force. Mrs. Eddy writes in her textbook: "Science and Health with Key to the Scriptures," (page 434), "Physical force and mortal mind are one." Therefore, any material object is wholly mental.

Those who have studied psychology and philosophy know that the only evidence of the existence of a material object is a mental concept. Thus so-called material consciousness, experiences various mental impressions appearing as objectified mental concepts and these constitute what is known as material existence, there being no other evidence of this existence whatsoever. Thus we see that not only is such existence wholly mental, but also that everything that enters into it is mental, and even that matter itself is but a mental phenomenon.

It is very important to recognize this mental nature of mortal existence, for otherwise it is impossible to understand the teachings of Christ Jesus, and especially his healing work.

In the initial step thus far taken no reference has been made to the teachings of Christian Science, except the one brief quotation which has been introduced from Mrs. Eddy's textbook. I have simply called your attention to, or reviewed, if you please, what is common knowledge, that is, what everybody knows or can know by going to school, by reading, and by thinking along the lines pointed out. It is true that I have compared this knowledge, or perhaps an unusual way, but this has been done for the purpose of showing the mental nature of material existence, which anyone can convince himself of through simple human reasoning based upon common knowledge.

Appreciating the difficulty involved and realizing that Christian healing is an essential element of our Master's Christianity and is vital to the demonstration of Christian living, an endeavor should be made to understand this particular question a little more clearly, especially from a spiritual viewpoint. Therefore, a few of what seem to be points of difficulty will now be considered, and some of the teachings of Christian Science introduced.

## Matter Not Substance

First, the universal belief in matter as substance, which underlies the apprehension of the unsubstantial nature of matter as taught in Christian Science, and which makes it so difficult for many to accept Christian Science. This causes many to say that Christian Science may be very helpful for mental or nervous diseases, but cannot possibly be successful in organic or structural diseases, a position in which, of course, they are wrong.

Now what is substance supposed to be? It is that of which things are made, that which gives them their being, their body, their structure, and so on, and that which prevents them from being destroyed. The dictionary defines substance as that which is substantial, that which has real, lasting, perpetual existence; that which is actual and not illusory, from which it follows that real substance must be that which is indestructible and permanent. Does matter come up to these specifications and requirements? Is it not a fact that all material things can be destroyed, and

should mean more to you than just so many rooms for so much money.

Location, design and construction are the three big factors that will determine your comfort and the future value of your property.

I have recently completed a 9-room colonial home in Waban that will fulfill all the above requirements. Lot is 90x200 on an accepted street overlooking the Brae Burn Country Club.

The house contains every modern convenience, including hot water heat, oak floors, fireplace, two tiled baths, two stairways, sun room, open porch, butler's pantry, breakfast room and many other desirable features not usually found in a small house. Price and terms reasonable.

If let alone, will they not naturally decay and disintegrate? Does it not prove that matter is not substance, since it has no lasting, perpetual existence?

It was shown a moment ago that an apparently substantial material object could be reduced to a form of energy; though even this, it should be remembered, is mainly a theory. Then is such a material object actual or illusory? Physical scientists themselves do not know what constitutes a physical object; they can only theorize about it. Then if matter is not substance, what is it? Is there anything that is indestructible and eternal? Yes, Truth. Take, by way of analogy, the mathematical idea that two and two make four. This is mathematically a true idea with real, lasting existence, everywhere present, in idea is substantive, for the fact that two and two make four cannot be destroyed; its truth is its substance. It is also evident that truth is that which makes things what they are, gives them their being and prevents their being destroyed. Thus it is seen that truth is substance, and therefore wholly mental, and that eternal, indestructible, real substance, is divine Truth, the divine actuality, the infinite Being, Mrs. Eddy teaches that divine Truth is divine Spirit and that this Spirit, which is infinite, indestructible, eternal, is real substance, the substance of which God made all "that was made," is, in fact, that which constitutes all real being. It is this infinite, indestructible, divine substance of Spirit, Truth, which is counterfeited by the finite concept called matter, but which exists entirely apart from matter.

## Appearance Not Real

Another point of interest lies in the finite, dimensional appearance of things, which certainly makes them seem very real. Let us look at this also from a mathematical angle. Take, for example, the mathematical idea of quantity, seven. This is a mathematical value, everywhere present, indestructible, as idea, wholly mental, involving no element of time or space, for it does not take any time for seven times one to make seven, and we can remain in one place and know and have all there is in mathematics.

This mental idea, seven, is represented to physical sense by means of many things called seven, which obviously is not a seven at all, but is merely an imperfect, unstable, physical representation, an outward symbol of the idea seven, which gives no correct concept of the universal quantitative value. Furthermore, whatever may be done to the numeral, will not affect the idea, even if the numeral is destroyed.

Now there is very nearly the same relationship between the finite, material concepts of the physical universe and the infinite spiritual ideas of God's universe as there is between the figure seven and the idea seven.

Mrs. Eddy has been much maligned because she has called attention to this great fact. Yet we know that if we look at a man through a piece of bent glass we shall see a deformed man, and if we do not know any better, we shall think he is a deformed man; whereas, if we get a look at the man apart from the glass we shall see that he is a normal man. That is precisely what Mrs. Eddy has done for us. She has shown us God as He is, also the real man and the real universe, so that we can understand that the finite, distorted concepts obtained through the five physical senses are not real.

Attention must be called to the fact that mathematics, the human concept of the science of numbers, is not spiritual. It is here used simply as a stepping stone from the concrete to the abstract, to make it easier for some to reach the metaphysical.

## Matter Not Life

Still another point in the belief, or claim, which merely means the demand made upon us for belief, that there is life in matter and that life depends upon matter. Let us examine the question for a few moments. It is a fact that one of the fundamental characteristics of real life is continuity of existence. In the light of our analysis, can this be predicted of matter? Does it not appear that all material things begin, live for a span, die, decay, disintegrate? Is not this indeed the recognized routine or cycle of material living? Evidently this is not real living, but simply a repeated effort to live, a counterfeited living.

If matter had life, would it not sustain itself? Then since all that is material dies, decays, disintegrates, (Continued on Page 4.)

revere and sacred names in religious history.

The Charter members were 31 in number. Of these only 2 are now living, and both are today members in regular standing in our Commandery. They are Em. Sir James B. Fuller, and Sir John G. Thompson.

Em. Sir Fuller has the distinction of being the Senior Past Master of Dalhousie Lodge, Senior Past High Priest of Newton Royal Arch Chapter, Senior Thrice Excellent Master of Cryptic Council and Senior Past Commander of Gethsemane Commandery. It is worthy of note that among the Charter members appears the name of Wm. D. Coolidge, P. M., Wor. Grand Master of Masons in Massachusetts, and who has been called the father of Dalhousie Lodge, as it was largely through his efforts that that Lodge was instituted.

Another charter member whose name should not be here omitted was Adin B. Underwood, a general in the Civil War and one of Newton's most prominent and respected citizens.

The Dispensation empowering the Commandery to work the orders was dated May 20, 1872.

the order, but has created an enthusiasm among our members that otherwise would not have existed and I am informed that the influence of our Escort has not been confined to our own body, but has extended to others and has been the inspiration to other Commanderies to go and do likewise.

Such in brief is our history; many names and events and influences have necessarily been omitted. If the publisher's history that will shortly be in your hands, a fuller account will be given.

Many of you will naturally ask, "What of all these things?" "Has the time and money spent during these fifty years received adequate compensation?" I am sure that you will hear tonight from those who will address you some suggestion as to what those compensations are and your own mind will readily conceive of many valuable influences that have come from the teachings of our order.

Permit me in closing to say that the essentials of our religion, the hope and consolation of men are taught in our Asylum; that honesty and fair dealing of man with man are in the very atmosphere, that loyalty and devotion to country are inspired, class distinctions are unknown, the unfortunate are encouraged, the despairing given hope, the distressed are relieved.

Should there be an attack upon our free institutions, our Commanderies will stand as one man in their defense. Surely an association of men devoted to these things cannot be said to be useless or unworthy of support and confidence.

The celebration was in the hands of the following committees—  
Executive—G. H. Dale, F. L. Nagle, A. C. Jewett, C. W. Henderson, Jr., W. E. Peterson, C. I. Flye, G. L. Sleeper, Em. C. E. Fogg, Ex Officio.

Reception—  
Church—Rev. M. H. Lichtner, A. H. Decatur, F. M. Blanchard, H. B. Nickerson, Rev. John Matteson, W. O. Hunt, J. A. Stafford.

### Y. W. C. A.

On Wednesday evening, May 24th a demonstration of the work of the Gymnasium and Dancing Classes was given at the Y. W. C. A.

In spite of the fact that the classes had been in progress only seven weeks, a very good program was given, due to the conscientious training of the classes by Miss Dorothy Puffer, and Miss Mary Bushnell, both of The Sargent School of Physical Education.

The program for the demonstration included a beginners' class, two folk dancing classes, and two advanced classes. The music for the Folk Dancing Class was supplied by Miss Marion Ratcliffe of Newton, whose excellent rendering of the accompaniments the success of the class is largely due. A large gathering of people lent an air of interest and encouragement to the girls.

Beginners Class (Miss Bushnell): Floor Drill; Dance, "Seven Jumps"; Game, Dumbbell Relay. Folk Dancing Class: Shoemakers' Dance; Ace of Diamonds; Advanced Class (Miss Puffer): Floor Drill; Dance, "Csebogor"; Game, Goal Ball Relay. Folk Dancing Class: Irish Jig; Mountain March. Advanced and Beginners' Classes: Wand Drill.

The program for the demonstration at the Y. W. C. A. on Wednesday evening, May 24th, marked the close of the winter program, and the beginning of the summer activities. Tennis lessons, week-end parties, hikes and picnics will make the summer's program.

For the present, there is a Social Dancing Class on Tuesday evenings at eight o'clock for girls over sixteen. Owing to the holiday, however, the class will be held on Wednesday evening this week, May 31, at 8 P. M.

### JOURNAL PRINTED BY INDIANS

Cherokees Once Had a Newspaper That May Be Said to Have Become a Power.

The Cherokee Indians, when still occupying what now is the state of Georgia, published a newspaper in their native tongue in 1828. One of their tribe, Sequoyah by name, in 1823 designed 86 characters that were to represent the Cherokee language in print. The national committee and council of the tribe meeting at New Echota, the capital of their nation, in 1826, voted a fund to buy type, a press and the necessary equipment. The paper was known as the Cherokee Phoenix. Half of it was printed in Cherokee and half in English. Hundreds of full-blood Indians who otherwise would have remained illiterate all their lives, were thus enabled to read after mastering the alphabet. These Indians became subscribers of the paper, as did members of neighboring states, and the paper became a power.

The Phoenix was "known in Europe," and among other famous papers that asked to be placed on the exchange list was the London Times. The paper was in operation for about five years, and was harassed when the movement having for its object the removal of the Cherokee Indians westward was at its height. It suspended publication when the Georgia state legislature forbade a white man to live among the Cherokees.

The honor of becoming the first Indian editor fell to Elias Boudinot, a native-born citizen of the nation.

### DRAW ON AFRICAN FORESTS

Plan on Foot to Increase World's Supply of Wood From That Source Going Forward.

A reinforcement for the world demand for lumber is preparing in British East Africa, where there are between 2,000,000 and 3,000,000 acres of woodland to draw upon, and a new industry, very infantile at present, is expected to grow so rapidly that the government is now considering plans to improve the harbor facilities for exporting the forests. The best wood is suitable for wheel makers and wagon builders and the making of wood block paving, railway sleepers, bridges, ox yokes, and ax, pick and tool handles. It also makes good flooring and lining boards. The builder, however, must needs be of a patient disposition if the postmen building until these British East African woods are available. Meantime there are new sounds in some of the African forests, the rhythm of the woodman's ax, the buzz of the sawmill, and the puffing of under-sized locomotives on the narrow gauge tracks that are penetrating from the main line of railway into the woodlands. And many a workman, no doubt, will some day work with tools whose handles grew in an African forest.

### Ancient Chinese Art.

Attention has been called to a notable addition to the treasures of the British museum, in the shape of a colossal Chinese figure in wood. It is sculptured from cleverly jointed blocks, and represents a figure, in a sitting posture, five feet, eight inches in height. It is the first specimen of its kind to be added to the national collections in Great Britain; the date is thought to be from 1126 to 1270 A. D. It is to be hoped that the interest aroused will lead to further study of this branch of art. It is pointed out by a writer in the Burlington Magazine of Art that in Cleveland, O., a competent scholar in connection with the museum is sent to China to study the art and collect suitable art treasures on its behalf.

### Cultivating Edible Bamboo.

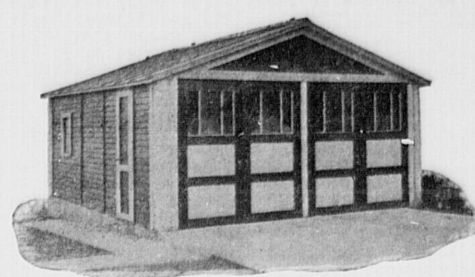

The Japanese edible bamboo has been successfully introduced into the southern portion of the United States by the department of agriculture. Several plantations are now established in Georgia and Louisiana. Popularization of the bamboo will furnish large home-grown supplies of this useful timber required by our manufacturing industries. The giant grass grows a foot a day, and its 50-foot stalk is well adapted for making frames, furniture, ladders, trellises and barrel hoops. The new sprout is a delicious vegetable and resembles asparagus in flavor and in the manner of its preparation. There is an increasing demand in America for the bamboo timber, and also for the edible bamboo shoot.

### Must Have Been to Movie Show.

A recent night in an eastern city two policemen saw a man swinging a woman back and forth from the fourth story window of a building while she kept up a continuous screaming. They rushed upstairs and into the room, saved the woman and arrested the man. But they noticed that his eyes were closed. At police headquarters a doctor who examined him said the man was suffering from nightmare and was not aware of what he was doing. If we lived in that family it wouldn't be necessary to close the windows at night, they would be nailed down tight all the time.—Capper's Weekly.

### Aerial Postal in India.

An issue of Shipping and Engineering announces that the Bombay-Karachi aerial postal service is now in operation, using three-passenger De Havilland machines, carrying 1,000 pounds of mail and other baggage. Mails are delivered in Karachi on the day of their arrival in Bombay, and outward mails are dispatched on the day steamers are due to leave.

### YOUNG PEOPLE'S DRAMATICS

Last Friday evening at the Neighborhood Club in Waban, the Young People's Forum achieved a pleasing success in their second annual theatrical venture. The program consisted of the well known playlet "Box and Cox" and "Sir David Wears a Crown" by Stewart Walker.

During the interlude between the plays a chorus of ten girls appeared before the curtain and with Ruth Robbins as soloist sang "Shall I Bob My Hair" and "A Gossip Song" to the evident delight of the audience. Following this, Norman Briggs auctioned some attractive posters designed by Forum members.

The first play was capably handled by Andrews Wyman as Mr. Box and Dudley Rhodes as Mr. Cox and Marion Symonds as Mrs. Bouncer.

The second and more pretentious offering, "Sir David Wears a Crown," proved an exceedingly charming and whimsical piece. It was well staged, the characters most suitably cast and intelligently acted. The way the young people caught and interpreted the spirit of the playwright reflects great credit upon them and demonstrated the painstaking training which had been given them by Mrs. Walter A. Hosley.

The entire evening was thoroughly worthy of the fine compliment of a large and enthusiastic audience which was given the young people. The cast of "Sir David Wears a Crown" was as follows:

Prologue.....Doane Arnold  
You in the Audience.....Edith Lamont  
The Population.....Josiah Chandler  
The Soldier.....Kendall Kelayar

ST. JAMES THEATRE—Now comes the announcement from the St. James dramatic house that Slippy McGee is to be produced for the second time this season.

When we take into consideration a drama of this type, playing Boston for only one week, when it could easily

have enjoyed a six or seven-week engagement; the book becoming famous over night, with printing presses working overtime to supply the demand, and the thousand who were fortunate enough to gain admission to the theatre when it played for one week, talking and recalling Slippy McGee, together with hundreds of requests and suggestions to play Slippy McGee again this season, we are not surprised at this announcement coming from the Back Bay dramatic house.

## EDITORIAL

We hope the spectacular efforts of Mayor Curley of Boston for a five cent fare in the Boston Elevated will not rush our people off their feet. Transportation is as much a commodity as milk or water, rent or food, and its cost must be met just as the cost of other necessities of life must be met. Mayor Curley is merely seeking to transfer from the car rider to the taxpayer, the excess cost of the service over the five cent fare. Don't be deceived by demagogues who insult the intelligence of our people by advocating such a policy as this. There is just as much reason why city water should be sold at less than cost as for transportation on the Elevated to be sold for less than cost.

The judge of the Newton Police court deserves the thanks of the community in his recent sentence to the house of correction of a man convicted before him of driving an automobile while under the influence of liquor. Nothing but a jail sentence should be given for this class of offenders. Engineers of our railroad trains running on an enclosed right of way and on rigid tracks are obliged to be strictly temperate in their habits and yet an indifferent public, most unfortunately reflected in the attitude of many of our police justices, carelessly acquiesce in a mere fine for men who endanger the lives of innocent people by driving a high powered car in our streets while under the influence of liquor.

Every father and mother in Newton ought to have witnessed the exhibition given last Saturday afternoon by the Boy Scouts of this district. It was a sight to make glad the heart of every one who is interested in the future of our country and in which these lads will take their part with a training which will be invaluable not only to themselves, but to the communities in which they will make their homes. The Scoutmasters and officers of the Council should receive the heartfelt gratitude of the citizens of Newton for the labor of love.

The action of our Representatives at the State House in opposing the passage of the so called bridge bill does not mean that they are opposed to the bridges in question. There is at present a law which authorizes the construction of these much needed bridges and under which the Metropolitan District commission ought to have proceeded months ago. The bill just killed was one which sought to change the location of one of the bridges and the action of the House means that work should proceed forthwith under the present law.

Congratulations to Gethsemane Commandery, Knights Templar, for the completion of fifty years of assisting men to become good citizens. May its next fifty years bring it increased power for usefulness.

Governor Cox strikes the right note in asking our citizens to refrain from sports on the morning of Memorial Day. Why not go still further and make Memorial Day the last Sunday of May and thereby help to keep its sacred character.

## LODGES

## Lasell

This week, with its concerts, river day and the May fete, is one of the most anticipated of the entire year.

River day, which was held on Thursday afternoon, at 2.30, brought back many of the former students and graduates. The banks of the Charles River were lined with spectators long before the hour appointed for the races to begin.

On Wednesday evening a joint recital was given by two students, Miss Grace Phillips, soprano, of North Adams, and Miss Mayno Seltzer, pianist, of Shelby, Ohio, when a delightful program was presented.

The campus adjoining Bancroft is gaily decorated this afternoon in preparation for the May fete, which begins at 4.30. Not until the classes are formed for the procession will it be known who has been chosen for the May Queen, or maid of honor. Preceded by the flower girls and attendants, the May Queen is escorted to the throne and crowned by Miss Jean Woodward, the president of the senior class. At the close of the coronation a pageant will be given, in which there will be dancing by groups from the different classes.

Vespers on Sunday evening will be led by Dr. S. O. Phelan of Boston.

The annual River Day exercises of Lasell Seminary were held yesterday on the Charles. The program included canoe races between the Junior, Senior, and Sophomore classes. Miss Genevieve Tiernan of Fort Scott, Kansas, Captain of the senior crew, collapsed at the finish of the first race, but was able to take her seat in the second race.

The course covered a third of a mile from Fox Island to Weir Cove. The results were as follows: The Junior Second Crew won over the Senior Second Crew after a close race, the Junior First Crew won over the Senior First Crew, leaving the two Junior crews to try for final honors.

In the final contest, the first and second Junior Crews held evenly for the first half of the race. Then the First Crew steadily gained. When within 15 yards of the finish, the Second crew spurred but was unable to gain, the First Crew crossing the line with but a bare yard to spare. The time was 3 minutes 2.5 seconds.

The members of the winning crew were Miss Elizabeth Mitchell of Norfolk, Captain, Rosalie Gruhn, Priscilla Laurentine Foster, and Bernice Farber. Miss Carolyn Colton was Captain of Osborn, Helen Buettner, Elizabeth Neal, Elizabeth Buettner, Sabra Lewis, the Second Crew.

## Mason School Notes

The Captain Ball game between the Mason girls and the Bigelow, has been postponed until the first week in June. The Junior Audubon Society in Miss Tolman's numbers now thirty-one.

It is a good time to become interested in the birds and learn how much good they do in destroying garden pests.

The walk, which comes on Friday, is for recognizing the birds particularly.

## VIOLIN RECITAL

An interesting recital was given last Saturday by pupils of Gertrude Bowes Peabody at her residence, 1601 Centre street, Newton Highlands. The program consisted of solos, duets and very unusual ensemble playing. Perhaps the most remarkable number was Beethoven's Minuet in G played by Joseph Richardson, who has studied the violin for only seven months.

Those taking part were Harriet Williams of Needham, Myrtle Barry of Watertown, Katherine and Ernestine Groves, daughters of Professor E. R. Groves of Boston University, Olive Riley, daughter of Dr. Charles A. Riley of Chestnut Hill, Joseph Richardson, son of Mr. and Mrs. P. L. W. Richardson of Charles River Village, Reginald Gulliver, and Austin Ivory of Rosindale, the little 8-year-old boy who won the violin scholarship at the Long School. Miss Mabel P. Ober of Auburndale accompanied.

## CORLISS-SODEN

On Wednesday of this week Miss Marjorie Young Soden, daughter of Mr. and Mrs. C. A. Soden of Park place, Newtonville, became the bride of Mr. Carl W. Corliss, of Newport, New Hampshire. The ceremony was performed at the home of the bride by the Rev. George S. Butters.

The maid of honor was Miss Florence L. Coleman of Germantown, Pennsylvania, and the bridesmaids, Miss Mary E. Landon of Hartford, Conn., and Miss Dorothy E. Brown of Belmont, Mass.

The best man was Mr. S. B. Comery of Belmont, Mass.

## CITY HALL

Mayor Childs has selected Mr. Herbert W. Colby of Newton Highlands as the architect of the proposed new school house in the Underwood district.

## GIRL SCOUTS

Saturday, May 20, was a gala day for all Massachusetts Girl Scouts. It was the day on which the Annual State Review was held and girls from all over the state flocked to Boston to attend it. The Newton Scouts were well represented. The Song Group of 110 girls, Scouts from every troop in the city, sang in competition with 9 other groups for a State Song Banner, our Bugle and Drum Corps of 25 girls, Scouts from 7 of our Troops, under the direction of Miss Katherine White, Drum Major, played, Troop 2 (the Newton Troop) took part in the program and over 100 Scouts went in as spectators. Troop 2 erected a lean-to made of pine branches and bows and when it was finished it was a most perfect little camp. Each girl had her own particular part of it to do and the whole thing was completed in eight and one half minutes. A little camp fire was added and the whole Troop gathered around it and sang the Girl Scout Goodnight song. The whole thing was beautifully done and was loudly applauded.

On May 6—the Newton Local Council held an informal "Get together" meeting for all the Newton Troops in the Gymnasium of the Newton High School. At this meeting the different troops competed for the Newton Song Banner. This was in a measure a preliminary meeting for the Review on May 20. Seven Troops competed. Each Troop sang the same songs, The Hike Song, Lullaby, and The Keeper. Each Troop had its own Leader—one of the Scouts and the Judges were Mr. Archer of Providence, the State Girl Scout Leader, Miss Edith Blake of Newton Highlands who has been training the Newton Song Group which competed at the Review on Saturday, Troop 5, West Newton, won the banner, Scout Katherine Rich, leader. The other important part of the afternoon's program was the competition for the Newton Bugling and Drumming cups. The Cup for the best drummer was awarded to Clara Smith, Troop 3, Newton Centre. The judge for this event was Mr. Nokes of Boston. The bugling contest had to be postponed. It will be held early in June.

Two of the Newton Troops were able to visit the Wild Flower Exhibit at Horticultural Hall, Troops 1 and 5. This was made possible by members of the two Troop Committees, who furnished automobiles to take the Scouts in to the Exhibition and home again.

The Officers' Association held its Annual Meeting on May 10 in the Parish House of the Unitarian Church, West Newton. The following officers and committees were elected for the coming year. President, Miss Helen Potter; Vice-President, Mrs. Helen Potter; Captain, Troop 5; Vice-Captain, Mrs. Mervin, Captain Troop 1; Secretary, Lieutenant, Margaret Ball, Troop 2; Treasurer, Lieutenant Elizabeth Carter, Troop 7; Program, Chairman, Captain Hodges, Troop 3, Seniors, Captain Lovell, Troop 7, Captain Sprague, Troop 6; Supper Committee, Chairman, Lieutenant Ufford, Troop 8, Captain Freeman, Troop 5.

Troop 6 is to give an entertainment at the Stearns School this evening at 8 P. M.

Troop 7 is to have a lawn party on the Fanning estate tomorrow 4-7.

## Y. M. C. A. NOTES

On Wednesday, May 24th, sixty-five Greater Boston secretaries of the Young Men's Christian Association came to Newton for their annual outing and conference.

From 11 to 12 the secretaries took part in volleyball, bowling, base ball, and tennis. At noon time they sat down to a bountiful dinner provided by a committee of ladies from the Women's Auxiliary.

Harry Maxwell of Malden was the presiding officer. The speakers were Mayor E. O. Childs, E. W. Hearne, Secretary of the State Committee, Clifford Brown, Executive Secretary of the Huntington Avenue branch, and Dr. H. Grant Person, who made an inspirational address on the By-Products of Life. The tables were beautifully decorated by Mrs. L. D. Towle, and the ladies who served the dinner were: Miss Emma Page, Mrs. L. D. Towle, Mrs. C. D. Kepner, Mrs. Hobart, Mrs. H. W. Bascom, and Mrs. A. C. Bang.

The Public Speaking class held their final session and banquet at the Newton Y. M. C. A. on the evening of May 24th. The class has twenty-three enrolled, and the last session was a lively one.

Songs, and after dinner speeches were provided by the members of the class. Secretary H. W. Bascom and Horace T. Cahoon, the teacher, were guests. The fellowship of the group has been so fine, and the profit derived from this course so great, that the members of this class voted to form an organization in the fall to keep this group together.

Mr. Cahill, in behalf of the members of the class, was presented with a fine electric toaster. Mr. Arthur Burns received a fountain pen for delivering the best speech of the evening, and Mr. H. E. Blaisdell received an ever sharp pencil for showing the most improvement during the course. Mr. Herbert Callagher was toast master. H. F. Hunter, A. C. Wellman and J. M. V. Groby comprised the banquet committee.

The members of the class are: Arthur Burns, Walter Hodgson, Gerhard W. Zedren, G. F. Zedren, Herbert Gallagher, A. O. Wellman, H. E. Blaisdell, H. F. Hunter, Wm. H. Cady, George L. White, L. D. Atwood, J. M. L. Groby, F. E. Basley, Paul Franklin, J. E. Birdsell, Arthur Pierotti, A. S. Partridge, Henry Shepherdson, Chas. S. Ensign, Jr., T. Belger, H. T. Dougherty, F. M. Dutch, and Howard Marshall.

## MORO A DANGEROUS FANATIC

Believes Eternal Bliss to Be His If He Meets Death While Killing Christians.

The psychology of Mohammedanism is incomprehensible to persons reared in the atmosphere and teachings of American Christianity. With us the separation of church and state is as much a matter of course as the air we breathe. With us suicide is immoral and the killing of an unbeliever is a crime punishable with death. The Mohammedan has no conception of ecclesiastical and state law. There is only one law, the Koran; and while in fact the priest and the ruler may be different persons, they are different only in a functional way, like a judge and an executive in our government. The spiritual ruler is also temporal ruler, as was Mohammed in his day. The killing of Christians is a virtue that merits everlasting bliss in paradise. The martyrs of the early Christian church burned with no more consuming ardor than the humble, ignorant Mohammedan peasants who swear before the priest that they will go forth and devote their lives to killing Christians. Mohammedans who have sworn to kill Christians are called in the Philippines juramentados, from the Spanish, meaning one who has sworn or taken an oath. Up to a decade ago it was no uncommon occurrence in Jolo for a Moro fanatic to conceal his bolo knife, or kris, in a basket of fruit until he had passed the guard at the gate of the walled town, then draw his blade and cut right and left, killing man, woman or child, with perfect impartiality, until a bullet from the guard stopped his advance. It was this indomitable will to kill that gave the Christian Filipino his mortal fear of the Moro in times past.—O. Garfield Jones, in Asia.

## HAVE TO WAIT TO UNLOAD

Shipping Congestion at London Docks Said to Be of an Extraordinary Character.

A writer to the London Times describes the Victoria and Albert docks at Tilbury as being "crowded to their fullest capacity with big ships," many of which "look absolutely dead for the simple reason that they can not be unloaded because there is nowhere to put their cargoes." Of ships carrying Australian meat it is said to be "a common thing to wait anything up to a month for a berth and to be another month tied up against the wharf, unloading and reloading." Inefficiency of labor is in a large degree responsible, for the average discharging output per shift of 13 men in a nine-hour day has been reduced from 100 to 63 tons. The cause is partly the loss of many good men in the war, partly loafing on the job to make work for as many men as possible. Congestion of the ports is attributed to state control over essential imports, to state control over railroads, and to reduction of the hours of labor. By these means the carrying power of ships has been reduced at least 30 per cent below pre-war standards.

## Real Neighborliness.

An interesting experiment in neighborliness has been carried on for nearly a year in a part of Toledo which is populated almost exclusively by Polish immigrants and their descendants. The Polish Business Men's club of the district conceived the idea that the needy Polish families in the community should be taken care of in a neighborhood way, rather than by charity organizations. The latter were requested not to extend aid in the district, but to notify the club, so that it might meet all emergencies. This is not done from the club treasury, however. An investigation is made to determine whether the need is for money, supplies or work, and the other residents of the block, including the tradesmen, are then informed that their neighbors need their assistance, which, the club reports, is always forthcoming.

## Immunity From Whooping Cough.

Dr. T. Luzzati of Rome was called to three different houses, in each of which a child had begun to cough. In each case he suspected that it might be whooping cough; therefore, as a precaution, he vaccinated all the brothers and sisters with an anti-whooping serum. Ten days later his suspicion was confirmed by the typical whoop, but in no case did one of the other children catch the disease, though no attempt at isolation was made.

In reporting this to Policlinics (Rome) Doctor Luzzati says he has found no benefit from vaccination once the disease has become pronounced.

## Curing Intolerance of Milk.

Dr. Genegrier reports to the French Pediatrics society that a newly born infant which could not take milk in any form was cured by three subcutaneous injections, one every other day, of 8, 16 and 30 minims of sterilized cow's milk. The third injection was followed by violent vomiting and rigors, but from this moment the baby tolerated milk by the mouth in progressive doses, beginning with five and ending with 350 grains a day.

## National Amenities.

England will return to the state of Kentucky a flag which was captured from Kentucky volunteers at the battle of the Thames in Michigan in the war of 1812. The Kentucky legislature has appropriated money to send to England a commissioner who will bring back the flag. This commissioner, James Buchanan of Louisville, is a descendant of the commander of the Kentucky troops in the battle.

## NEWTON OPERA HOUSE

"Queen of Sheba," a William Fox super-special which enjoyed a sensational run on Broadway, New York, is booked for the Newton Opera House beginning next Monday. It is described as a stupendous spectacle and a great love story. New York critics hailed it as one of the greatest photodramas ever produced. It showed to crowded houses throughout the run, until taken off to make way for another of the Fox specials.

It is declared that the pageantry of "Queen of Sheba" is unsurpassed for magnificence on the screen, and that few such thrilling spectacles as the chariot race ever have been presented in motion pictures.

The filming of "Queen Sheba" under the direction of J. Gordon Edwards took an entire year. Throughout the period a huge force of workers in many lines of endeavor was employed, and in addition every member of the Fox organization on the West Coast—actors, clerical workers, artisans and all—took a personal interest in the progress of the stupendous production and lent their aid to it. Tom Mix, for instance, volunteered his services in rendering the chariot race thoroughly realistic.

The construction of massive sets, the designing and making of the elaborate costumes, the perfecting of the dances, meant a vast deal of labor, and the difficulties in the way of completing the production on the scale originally planned seemed insuperable. They were overcome, however, and "Queen of Sheba" given to the screen.

Betty Blythe appears in the role of the Queen, Fritz Lieber, the noted Shakespearean actor, is King Solomon, and Clara de Lorez is Queen Amarah, wife of Solomon.

On Thursday, Friday and Saturday, June 1, 2, 3, Mark Twain's greatest comedy, "A Connecticut Yankee" at King Arthur's court, will be shown at this theatre.

## NORUMBEGA PARK OPENS

It is not often that a pleasure resort is universally acknowledged to be an asset to a city but Norumbega Park, which opens tomorrow for its twenty-sixth season has, during its quarter-century of existence, always been pointed out as one of the beauty spots of a community so fair that it is known as the "Garden City."

A record of unbroken successes tells the story of Norumbega's career and emphasizes the fact that a resort where clean amusement and entertainment for all the family is always available, and where every objectionable feature is carefully guarded against, will always hold its place.

Norumbega has always been famed for its wide variety of special attractions and this year the management has added a number of new features, chief among them being the sensational "slide for life" which Mlle. Mazie Lunette will perform twice daily, when the weather permits. She is the only person in the world now performing this feat, which consists of sliding down an inclined cable, suspended by her teeth. This cable is stretched from the top of the water tower near the restaurant to a platform erected on the roof of the Casino near the boat-house, so that the length of the slide is more than 400 feet. Each day, at three and eight P. M., this dainty little lady will make this perilous trip, out in the open where the slide may be seen by every park patron.

## HIGH SCHOOL NOTES

The High School Women Teachers' Association held a meeting recently, at which the following officers were elected: President, Margaret McGill; vice-president, Christina McCarthy; secretary, Gertrude Robinson; executive committee, Elizabeth Eaton, Mary Owens, Maude Capron.

Interclass baseball is attracting the attention of the students at present. The games are played on the Cabot Park field, under the supervision of Dr. O. Martin and Mr. Altman. The winning team of each of the three schools will play for the school championship. They are well worth watching.

Miss Hackett of the Classical H. S. library, who has been ill, has now returned to her duties in that quarter.

The "Newtonian," the Classical H. S. year book, will be out in the near future. This book contains a summary of all athletics, school activities and of each graduating student, including their pictures.

On Friday evening, May 19th, the Technical H. S. Alumni held its annual dance, in charge of a committee composed of R. Heislen, G. Priest, C. Simeone, M. Sullivan, A. Dumas, L. Vachon, P. Neville, W. Carey J. O'Connor, A. Shea and Al Fraser. The patronesses were: Mrs. Priest, Mrs. Heislen and Mrs. Fraser.

A great deal of credit is due Miss Donovan for the time and executive ability that she put in to make it a success.

On Saturday morning, May 20th, the Classical H. S. seniors held its annual "Prom" in Bray Hall, Newton Centre. The dance was well attended and was a great success.

## DEATH OF MR. SHORE

Alfred Shore died Wednesday at the home of his son, Edwin Whittlesey Shore, 395 Lexington street, Auburndale. He was a native of Rochdale, England, and came to this country when quite young, soon accepting a position as accountant in Pawtucket, R. I., where he remained a number of years.

For twelve years he had occupied a similar position with the Atlantic Monthly, until ill health compelled his retirement about a year and a half ago.

Besides his son, he is survived by his wife, who was Mary D. Whittlesey of Connecticut, and a daughter, Mrs. John F. Burd of Berkeley, Calif., wife of a professor at the University of California. Mr. Shore was a member of Zetland Lodge of Boston, and was sixty-seven years of age. Services will be held at his late residence today, Rev. Percival M. Wood of the Church of the Messiah, of which Mr. Shore was a member, officiating, and the body will be taken to Pawtucket for burial.

## SCOUT FIELD DAY

(Continued From Page 1)

Watertown, 5 points, second; Troop 1, Newtonville, 2 points, third.

The total points awards to Troop 7 of West Newton, Mr. Harland D. Crowell, Scoutmaster, the Irwin silver cup which is offered for contest each year. Badges for the various places secured are being presented this week to those troops which won them.

Some slight criticism has been heard over the change in rules whereby these events were opened to any scout, while heretofore the competition has been limited to selected teams from each troop.

## Court of Honor

A meeting of the Court of Honor will be held this Friday, May 26, at 7.30 P. M., in the Parish House of the Methodist Church, Auburndale.

Scouts desiring promotion should bring all certificates to the court. Troop 4, Newton Highlands, was very pleased to have Mr. Frank L. Richardson, treasurer of the Newton Trust Company, address them last Monday night upon the subject of Thrift. Mr. Richardson dealt with the topic in a very frank and interesting manner, and to show their appreciation the Scouts gave him a real troop yell.

Hon. Commissioner James C. Irwin presented the badges won at the Scout rally last Saturday. Troop 4 won three firsts and two seconds.

Hon. Commissioner James C. Irwin addressed the Scouts of Troop 1, Newtonville, Tuesday evening, upon Woodcraft, illustrating his lecture by showing a camper's kit and showing several wild animal skins which he had secured while camping in the Adirondacks.

Mr. James A. Stafford, president of the Council, presented badges won at the recent Scout rally.

### FATAL ACCIDENT

Mr. Ray Greene Huling was the victim of a most unusual accident last Sunday morning, when he was kicked in the head, by a horse at a death race on the Newton Centre track.

Mr. Huling, with his wife and dog, was walking in front of their home on California street, Newtonville, when the dog frightened the horse attached to a milk wagon standing on the side of the street. Mr. Huling attempted to quiet the horse when it reared and kicked Mr. Huling in the head.

Mr. Huling was the son and namesake of the late Ray Greene Huling, for many years principal of one of the leading public schools of Cambridge, and very prominent in the Baptist denomination. He is survived by his widow, a little son and by three sisters.

Mr. Huling was graduated from Harvard in the class of 1913, and for a few years was a Boston reporter. For several years he has been a salesman for the Swift Wool Company at 184 Summer street, Boston.

Services were held on Tuesday at his late residence, Dr. William Bradbury of Newton Centre officiating, and burial was in Newton Cemetery.

## FOOL THE CUSTOMS OFFICERS

Canadian and Maine Farmers Said to Have Ingenious Systems of Smuggling Devices.

Entirely aside from questions of tariff reform, reciprocity and free-trade with Canada would help to put an end to the constant lawbreaking that goes on along the border. It is estimated that eight thousand persons are engaged in smuggling goods across the line.

One instance has been reported in which a party of schoolboys coasting in an old punt down a hill that slopes across the boundary, apparently for fun, brought with them at every trip a chest of tea, until fifty chests had been smuggled into Maine, contrary to law.

Again, an "aqueduct" of small lead pipe, half a mile long, was secretly laid from a tavern in the Dominion to a public house on the other side of the line, through which hundreds of barrels of gin and other liquors were pumped. Nor are such "aqueducts" always restricted to liquors. A wooden spout was used for years to convey oats across the boundary.

The lawbreakers were a New Brunswick farmer named Cudley and a neighbor across the line named Armstrong. Armstrong raised about six hundred bushels of oats on his farm and sold ten times that quantity to the lumber camps. The customs officers watched his premises and searched them at times, but were never able to discover anything wrong until after he moved away, when they found a square spout, made of boards and buried under the snow and piles of brush, which extended from Cudley's barn to a bin in the Maine man's granary. Inside this conduit was a long belt provided with tin cups and attached to a winch that could be turned by a crank in Cudley's barn. Youth's Companion.

## ENGAGED IN SPLENDID WORK

New York School Devoted to the Task of Making Cripples and Unfortunates Self-Supporting.

From his association with the late Rev. H. Boswell Bates, founder of the Neighborhood house, George A. Merritt learned how little was being done to make cripples self-supporting and how common, almost universal, was the belief that owing to various afflictions these unhappy ones must always be a burden on others. This was not his belief, and so strong did he hold an opposite conviction that, with the aid of a few charitable persons whom he inspired with it, he founded the Path school at 60 West Twenty-Fifth street, New York, in order to teach cripples commercial and railroad telegraphy and thus give to them that greatest boon, a means of livelihood.

This school is still young, but it has already proved itself many times over. It trains legless, armless, and deformed persons, but especially the young who are thus afflicted, either in the course laid out by the school or in some other line most suitable to individual cases. It is free to all, non-sectarian, and it has already in its short life lifted nearly 50 poor creatures from a state of dependence, or even penury, to positions where by honest labor they earn from \$12 to \$18 per week and have the joy that comes from self-support.

### "Isle of Artists."

An island in Lake Como is to be known as the "Isle of Artists." And thereby hangs a tale. The owner of the island, Sig. Capriani, was a great admirer of King Albert of Belgium, and in his will he left it to him with the wish that it might serve some noble purpose which Italy could share. King Albert, through his minister of arts and sciences, has handed over the property to the Italian government with the object of making the spot a restful retreat and center of activity for those who have devoted their lives to art. Under the Academy of Milan villas are to be built for artists and the place will be transformed into a little capital for promoting the fine and industrial arts in the Italian lakes district.—Chicago Daily News.

### Why Ship Is Feminine.

A ship is invariably spoken of as the feminine gender; this is traced to the ancient Greeks, who called all ships feminine names out of respect to Athene, goddess of the sea. Friday is believed to be an unlucky day for those who are superstitious. It is derived from the fact it was the day of Christ's crucifixion, as well as the one on which Adam and Eve ate the forbidden fruit. Few, perhaps, are aware, why a weather-cock is frequently attached to a church steeple. This is believed to remind people of Peter's denial of Christ. It is a common belief that peacock's feathers are unlucky. This is due to the tradition that the bird opened the gate of paradise to the serpent.

### Ostrich Eggs Slow to Spoil.

Ostrich eggs keep a long time before spoiling, according to a report by M. H. Junelle to the French Acclimatization society. He tells of ostrich eggs sent to him from Ténar on August 22, 1919, which reached him at Marseilles on December 12 still perfectly good. M. Hermentier had eggs that he opened and into which he dipped as he needed them for several days.

La Nature suggests that if a regular supply of ostrich eggs in large enough quantities could be arranged for it would be a boon to the confectionery and baking trades as one ostrich egg contained considerably more than a quart of goodness.

# THINKING AHEAD

Am I spending every cent I earn?

Am I living to the limit of my income or perhaps a little beyond?

Am I giving any thought to the future when a little money may mean a great deal to me?

I will begin now to think ahead and save.

I will go to-day and open an account in the

Hartwell and Mrs. James Shaw of Providence. Mrs. M. Hartshorn was a member of the First Baptist Church, and formerly a member of the Newton Centre Woman's Club. Services are to be held this afternoon from her late residence, the Rev. Chas. N. Arbutle of the First Baptist Church officiating, and the burial is to be in Providence.

### DEATH OF MRS. SLADE

Mrs. Mina Louise Slade, widow of Dr. Daniel Denison Slade, a well-known physician of his time, died yesterday morning at her home, 258 Hammond street, Chestnut Hill, where the family had lived for many years. Mrs. Slade, who was in her eighty-third year, had been failing health since early in the winter. She was born in Neuchâtel, Switzerland, the daughter of Mr. and Mrs. Conrad Hensler. She came to this country with her parents when quite young, and having special talent for music she studied with Corelli, a prominent vocal teacher of those days, and she subsequently obtained a position as soprano soloist in King's Chapel, where she remained many years. She was married in King's Chapel in 1856 to Mr. Slade, who was a graduate of Harvard, class of '44, and of the Harvard Medical School. He practised both in Boston and Nahant, and during the Civil War he was active professionally in some of the Middle West cities. Following their marriage Dr. and Mrs. Slade moved to Chestnut Hill about 1860. Dr. Slade died in 1896. Of eleven children born to Dr. and Mrs. Slade, eight survive. Two sons are Conrad H. Slade, now in France, and Edward Slade of New York City, and the six daughters are Mrs. Charles B. Bigelow, Jr., of Harvard; Miss Margaret Bromfield Slade of Chestnut Hill; Mrs. Theodore P. Burgess of Dedham; Mrs. John Bayne Maclean of Toronto, Canada; Mrs. Herbert Dumaresq, of Boston; and Mrs. Henry E. Warner of Lincoln.

There is also a sister, Elise, Countess Ebla of Lisbon, Portugal. There are eight grandchildren.

Owe Name to Yellow Lichen.

The rocky pass called the Golden Gate to the Yellowstone park owes its rich color and its name to the yellow lichen covering its lofty walls; and the indescribable hues of the great hot-spring terraces arise mainly from the presence of minute plants flourishing in the water that overflows them.

At the last meeting of the Newton W. C. T. U., held at Mrs. Lovejoy's on Lake avenue, Newton Highlands, Prof. John A. Nichols gave a most interesting and inspiring address on "Educational Prohibition."

The annual meeting of the Newton W. C. T. U. will be held on Thursday, June 1, at the home of Mrs. Florence E. Foster, 1053 Walnut street, Newton Highlands. A cordial invitation is extended to all.

## Waban

—Mr. and Mrs. George M. Angier have returned from a trip to France.  
—Mrs. John S. White of Waban avenue entertains at bridge this afternoon.

—The Cooperative Luncheon Club met on Tuesday with Mrs. Leo Cotton of Beacon street.

—Mrs. Wellington Rindge of Beacon street gave a tea on Wednesday, in honor of Mrs. George Hands, a recent arrival in Waban.

—At Rhodes' Drug Store, a 3-ounce bottle of Olive Oil, value 35 cents, is given with each 3-cake box of Laco Castile soap, costing 50 cents. Advertisement.

—We build Sofas, Wing Chairs, and Easy Chairs to order; also Reupholster Furniture and Cushions made. Call or telephone to M. H. Haase, 14 Centre Place, Newton. Tel. 1343-W Newton North.

—Tennis is now under way at the Waban Neighborhood Club. The special exhibition match by noted Longwood players last Sunday was much enjoyed. Mrs. Frank Godfrey and Mr. R. Norris Williams won over Miss Leslie Bancroft and Mr. Lawrence Rice. At the close of the play-tea was served in the clubhouse. This Saturday there will be a game of mixed doubles.

—Waban Talent Night at the Neighborhood Club was a howling success. The musical numbers were much enjoyed and enthusiastically encored. Mrs. Caliste Conant Hudson's songs were especially popular, while Mr. Davis and Mr. Smith, as colored gentlemen, brought down the house. Miss Morgan's reading added much to the pleasure of the evening. Mr. Sydney Clark and his committee are to be congratulated upon their success.

—Mrs. Ralph C. Henry, the new president, requested that the clubs send her a copy of their year books. The treasurer, Mrs. Herbert E. Child, desires the name and address of the new treasurer, and the number of members of each club on May 1st.

—The recently elected members of the Clafin Club of Central Church are as follows: President, Mr. Howell D. Pury; vice-president, Charles A. Chase; secretary, William A. Dell; treasurer, F. L. Buswell; Executive Committee: William T. Rich, Donald MacKay, H. J. MacQuarrie, A. T. Purdy, and F. W. Whiting.

—On last Friday evening, the Y. P. C. U. connected with the Universalist Church, held a "Parents' Night" in the Parish House. Three long tables were arranged in the auditorium and decorated with spring flowers. Promptly at seven o'clock the young people, their parents and other invited guests were seated after singing America standing. A bountiful repast was provided by the young people. This was interspersed with several community songs accompanied by Miss Katharine Kimball. There were also two fine violin solos by Miss Mary Glover with Miss Florence Merritt at the piano. At the end of the banquet Mr. Everett Linnikin as toastmaster introduced in very witty speeches the following as speakers for the evening: Rev. Clifford D. Newton, who spoke on what the Y. P. C. U. particularly the local union meant to him. Rev. Mr. Newton was followed by Mr. Harry Lyons, Mr. William Filene, Mr. Ralph Barrett, president of the local Y. P. C. U., Mr. Ernest Jones, National Vice-president of the Y. P. C. U., and Mr. Linnikin himself, all of whom spoke on subjects of interest in connection with Y. P. C. U. work. The addresses were followed by a number of community songs. A vote of thanks was given the young people for a very pleasant and successful evening.

## CO-OPERATIVE BANK SYSTEM ENABLES ONE TO SAVE

ERNEST A. HALE Treasurer Suffolk Co-operative Bank

Among the helpful agencies which have as their object the conserving of the people's money in some definite, regular way, the co-operative bank stands closest to the people as it not only constitutes a systematic form of saving, but provides a method for obtaining a home at the same time.

In a large sense no agency for saving could be more significant or constructive than a co-operative bank, because the home is, after all, the bulwark of society and the safeguard of civilization. The very realization of the individual ownership of a home has been an uplifting force for the whole race.

To make the average wage-earner wait until he had accumulated enough money to build a home, or to buy one, was a hardship, because it took a very long time, and the saver was thus deprived of many years of comfort and convenience. It was to remedy this situation that the co-operative bank came into existence, primarily as a co-operative plan which should enable the people, by the pooling of their savings, to borrow money for a home on easy terms and enjoy the benefits of the home while they were paying for it. The real purpose of these banks is therefore to enable people to obtain homes in the simplest, cheapest and easiest way.

A Form of Savings Bank The co-operative bank is simply a form of savings bank, controlled, owned and operated by the people. There is perhaps no better definition of it than is embodied in the banking laws of the State of New York, which reads as follows: "The object and purpose of such an association shall be to encourage industry, frugality, home building and saving among its members, the accumulation of savings, the loaning of such accumulations to its members, and the repayment to each member of his savings when they have accumulated to a certain sum, or at any time when he shall desire the same, or the association shall desire to repay."

How Their Capital is Acquired The capital of these banks, that is the money they have to loan, consists of the accumulated savings of the members, which is divided into shares whose value, in this State, amounts to two hundred dollars. This value is known as the maturing value, which simply means that each share runs for a certain period (for about twelve years) until it matures, reaches its full value, or is worth a specified amount which is, of course, the sum of the monthly installments paid on it and the dividends they earn. Then the share is matured and the owner may leave it as a continuing investment upon which no further monthly payments are required.

These shares are issued in series—that is every time a dividend is declared a new group of people are permitted to buy shares, open an account, and begin to accumulate their savings from that time on. Many of these banks now issue shares every three months so one can start at most any time.

A member may buy any number of shares from one up to forty, he then begins to pay in monthly installments of one dollar for each share he has bought. These payments are called dues and if they are not paid regularly on or before a certain time each month, called "bank-day," a fine of two cents for each dollar is imposed. This is simply a spur to systematic saving and is a very important factor in teaching the saving habit.

Shares in Prior Series Should one desire to have his shares reach their matured value in a shorter period than twelve years, or should he have a sum of money he desired to put in to start with and then continue regular monthly payments he could purchase from one to forty shares in any series, not yet matured, at any time by paying the value of the shares at the time of purchase. For example five shares in a series having run sixty months and having \$41.25 profits would take \$341.25 to start and then necessitate the monthly payment of five dollars.

Paid-Up Shares Any one may now purchase paid-up shares in multiples of \$200, up to \$2,000, and accrued dividends at any time, the interest beginning immediately and being mailed to you quarterly unless arrangement has been made to credit the same on an unmatured share account which, of course would require monthly payments.

Co-operation in Payment of Dividends At stated intervals the earnings for the previous three or six months, as the case may be, are figured and after deducting the expense for running the bank, all the earnings, except the small amount required by law to be set aside in the surplus and guaranty fund for the protection of the shareholders, are paid to the owners of the shares in the form of a dividend.

## Newton Centre

—Last week Mr. George Crosbie of Lake avenue and Mr. Barton took the members of the Nature Study Club on a field trip. About 24 members went.

—The next meeting of the Hale Union will take place on Sunday, June 4, when Mr. George H. Crosbie will give an outdoor talk on "The Wonderful Life of Plants."

—A very successful rummage sale was given by the men of the Unitarian Church last Saturday. Luncheon at noon was served by one of the Sunday School Classes. The committee in charge included Mr. Fred D. Bond, Mr. R. A. Hubbard, and Dr. S. C. Dalrymple.

—Mr. Herman Holt and Mrs. Holt have returned from a trip to Alligator Lake, Me.

—Miss Catherine Jones took part in the archery contest held at Smith College recently.

—The Sunshine Society of the First Church gave a "Sunflower Fantasy" in the chapel on Tuesday.

—A rummage sale will be held tomorrow at 52 Langley road for the benefit of the Winsor Day Nursery.

—There will be a dance and whist on Wednesday, June 7, for the benefit of the school fund of the Church of the Sacred Heart.

—Miss Ruth Bailey, President of the Newton Centre Lend-a-Hand Club gave a report at the public meeting of the society held in Boston this week.

—Mr. and Mrs. F. E. Banfield, Jr., and family are moving to Saco, Me.

—An auction bridge party was given on Wednesday under the auspices of Mrs. Spring's class at the residences of Mrs. A. L. Spring, and Mrs. E. F. Russ on Loring street.

—There were fifteen young people from the First Church Bible School at the Norumbega festival. A chorus of the girls trained by Mrs. Shaw sang in the Junior Choir.

—It is interesting to note that the Newton Centre Unitarian Church stands third in its class in the church attendance record carried on during the winter by the Unitarian Laymen's League, and was invited to send a delegate to attend the Unitarian Anniversary Week Meetings in Boston this week.

### NO REWARD FOR LOYALTY

What can a man hope for who enters the government service as a career? Let us look at some actual cases. Here is the story of one as told by E. J. Ayers, chief clerk, Department of the Interior. He cites it as a case similar to that of many others in his department, and says there are many others who are in worse circumstances.

"The records of our department show that he entered the service as a laborer at \$600 a year, after a service of three and a half years in the United States navy as a first-class fireman, with an honorable discharge. He has been with us for more than thirty-three years, and is sixty-six years old, and has given more than half his life to the service of the government.

"He owns a little property three miles beyond the Chesapeake Junction, and he gets up early in the morning, before daylight, and comes in to work and goes out after dark at night. Today he is getting \$840 a year. He has raised a family of nine children—three of whom are now dead—eight boys and one daughter. His elder sons are married and have established homes of their own. Two of his sons were in the military service in France, and his daughter, twelve years old, lives with her grandmother, where he is supporting, educating and clothing her.

"He is a white man, a very intelligent man, eminently qualified for this particular line of work. His wife is dead. He is his own housekeeper and he does the cooking and the washing and the ironing.

"His home was established in its present location because it was not thought practicable to raise a family in the district, and he bought a piece of property in Prince George's county three miles beyond the railroad terminal, which distance, as I said, he walks twice a day, leaving in the morning twice of the year before daylight, and returning home by dark. This small place consists of a shack and a few acres of land on which he has a mortgage of \$1,000, and you can judge that he enjoys no conveniences other than the small house, which protects him from the elements.

"The house is divided into four rooms, the partitions being of paper tacked to the framework, there being no laths or plaster.

"The small stove standing in the center of the room he has used for more than twenty years, and the pot on the stove contains his Sunday dinner, which he has prepared for himself, consisting of white navy beans and fatback. These beans are now costing him twenty-five to thirty cents a quart, and the fatback costs him forty cents a pound. It could have been purchased a few years ago for seventeen cents a pound, and the beans for ten cents. He does not get any fresh meat because he cannot afford to buy it.

"To my mind it seems a pity that the United States government should employ men of that type, or any other type for that matter, and not give them enough to live on decently. It is particularly a pity in this case because he is somewhat superior to many of the employees. He has stayed with us as a matter of faithfulness to the government, and has stayed with us when he could make more in one week outside of the government than we pay him for one month.

"Others have left us, but instances of that kind have been very few. At one time I had in our auditorium our employees and I made an appeal to them to stand by us during the war period, and there were more than 300 of them present, and they all of an accord assured us that they would stand by us and would give us the benefit of their labor in our department during the war period, notwithstanding the fact that the price for labor outside was a great deal more."

This curious pride in their work and loyalty to the government and the government service was a thing that cropped up in the most unexpected places.

As one employee put it: "I think you will find that every service seems to be quite proud of its work. I know you will find it in our service as far as compensation and such as that are concerned. The pay in this office is small, but that element that feeling in a man's mind that he is really helping to accomplish good work and helping this government to function well, is really part of it. I find in all my talks with employees that they really feel proud of their work, and that pride is really what gets things done. I think that is true everywhere in the whole service, and particularly throughout the executive departments."

That is curiously true, and it is one of the reasons, possibly the chief reason, why men stay on in the departments year after year at a low rate of pay and not much possibility of promotion.

### READ LANE'S DIAGNOSIS

In his final report to the President, upon completing his work as secretary of the Interior, Franklin K. Lane sketched with a sure hand out of the abundance of his experience the present Washington condition:

The call is for thinking, planning, engineering, statesmanship. For we are quickly passing out of the rough-and-ready period of our national life, in which we have dealt wholesale with men and things, into a period of more intensive development. It is poorly we must select the special qualities of the individual unit, whether that unit be an acre of desert, a barrel of oil, a mountain canyon, the flow of a river or the capacity of the humblerst of men.

"To conquer and to master—the same old task is ours; but not in the same old way. We have discovered this land and made it ours, but this is not the end of our journey, for now we are to give thought, the deepest thought, to the ways in which it may be made to yield most abundantly in the things which a complex society with a most imperious curiosity demands."

Washington is a combination of political caucus, drawing-room and civil service bureau. It contains statesmen who are not statesmen. It is rich in brains and in character. It is honest beyond any commercial standard. It wishes to do everything that will promote the public good, but it is not yet able to do it. It is a task that belongs to it. Fewer men of larger capacity would do the task better.

Ability is not lacking, but it is pressed to the point of paralysis because of an inordinate desire for an unwillingness on the part of the great body of public servants to take responsibility. Every one seems to be afraid of everyone. The self-protective sense is developed abnormally. The creative sense is atrophied. Trust, confidence, enthusiasm—these simple virtues of all great business are the ones most lacking in government organization.

We have many checks and brakes upon our work that our progress does not keep pace with the nation's requirements. We could save money for the government if we had more discretion as to how to spend our money.

For the body of the civil servants there should be quicker promotion or discharge and a sure insurance when disability comes. For the higher administrative officers there should be a more direct view of some sort of parolical view. We need for the day that is here and upon us men who have little to do but study the problems of the time and test their capacity at meeting them. In a word, we need more opportunity for planning, engineering, statesmanship above, and more fixed authority and responsibility below.

The employment methods of the government could be improved. Under the civil service law of 1883 a good system of competitive examinations and appointments on merit has been built up for the classes of positions covered by the law. But beyond certification by the civil service commission for appointment of those applicants who are proved by examination to be eligible, the merit system is not fully operative even in connection with the positions to which it applies. Haphazard practices in assignments of work and in promotions, over which no central authority has jurisdiction, have brought about inequalities which are discouraging to the workers. This condition and the relatively low salaries paid by the government cause a "turnover" in government forces that could not long be withstood by a private business.

The readjustment of government salaries in the District of Columbia has recently received the attention of the joint commission on reclassification of salaries, which was authorized by a provision in the legislative, executive and judicial appropriation act approved March 1, 1919. The report of this commission is now in the hands of congress and its fate remains to be seen. The report represents many months of work and an effort to present data which will enable congress to understand conditions as they exist.

The present civil service law was enacted to correct the evils of the "spoils system" which had become intolerable. That the plan provided by the law, that of appointments through competitive examinations for certain positions, has been a vast improvement over the old patronage method is generally conceded; but the law failed to be a completely effective instrument by not providing for the application of the merit system to the more responsible and, therefore, the more remunerative positions.

The administrative offices, aside from the cabinet, which do not come within the scope of the civil service law, are postmasters at offices of the first, second and third classes, collectors of internal revenue, collectors of customs; registers, receivers, and surveyors general of the land office; assistant treasurers, surveyors, special examiners, appraisers and naval officers in the customs service; superintendents of mints, assayers in mints, supervising inspectors in the steamboat inspection service, commissioners of immigration and naturalization, assistant secretaries and heads of bureaus of the departments at Washington, etc.—about 15,000 positions in all.

—Mr. Hung studied in the Anglo-Chinese College at Foochow and then came to America for western education. In five years' time he captured three degrees from America's best universities and was twice awarded graduate fellowships. Dr. Stuart also was educated in America. He has written several books, among them being a first primer to help Chinese study Greek, and his companion-book, a Chinese-Greek Dictionary. In 1919 he was called to be President of Peking University, which is a recently formed union of two men's colleges and the Yenching Women's college. Dr. Stuart is widely known throughout China and quite as widely beloved.

## DEATH OF MR. CLARK

Mr. Leigh Freeman Clark died suddenly Saturday morning at his home, 115 Mill street, Newton Centre, following an attack of acute indigestion. Mr. Clark was born in Clinton, and was the son of the late Rev. DeWitt S. Clark of Salem, in which city the son spent his boyhood days. He spent a couple of years at Phillips Andover, and for fifteen years had been with the brokerage house of J. R. Williston & Co., 55 State street. He is survived by his widow, who was Lillian Hamard of Cambridge, and a two-year-old son, who is named for his father.

Services were held at his late residence on Monday, Rev. Harris Hale of Brookline officiating. The burial was at Forest Hills.

## Ask the Heart of a Mother

From cradle days to this very minute you have placed faith—implicit abiding faith—in your mother.

From the multitude of things she said and did—no matter what the cost or sacrifice—you just knew that to her your welfare was supreme.

At about the time you became four or five years old your mother took you by the hand and shepherd-like led you to Sunday School. If you were like most boys you kept up the habit of going to Sunday School or church until you broke off home ties and went out into the world to seek larger opportunities. If you were like most girls you kept up this Christian habit until you were married and had a home of your own.

You did not intend to quit going to church. The crowding of cares or the shifting of events just made you postpone going to church. That was all.

Next Sunday, when the church bells ring, you must answer the question, "Shall I go to church today?"

Deep down in your heart you know the answer. If there is a shadow of doubt, just ask the heart of your mother—any mother. You may be safely guided by her answer. Will you ask the heart of a mother about going to church next Sunday?

—Mr. and Mrs. Benjamin A. Johnson of Bartlett road, Waverley, formerly of Newton, announce the engagement of their daughter, Emily Louise, to Mr. William Sanders of Waltham.

—On Tuesday Bernardo Corso of Maguire Court while riding a bicycle on Watertown street near Faxon collided with an automobile owned by C. Lefter of Pleasant street, Watertown. Corso was slightly hurt.

—The united choirs of Grace Church, assisted by the choir of the Church of the Messiah, will sing Maunders' "Song of Thanksgiving" on Sunday evening, at 1:30, at Grace Church.

—The ladies' choir of Grace Church entertained the members of all the choirs last week Thursday night by supper, followed by an entertainment of slight-of-hand tricks under the direction of Edward Hunter, and dancing.

—About 70 attended the annual reunion of the secretaries of the various departments of the Young Men's Christian Association of Greater Boston, which met at the Newton Y. M. C. on Wednesday. Mayor Child gave the address of welcome, and Rev. H. Grant Person of Eliot Church also spoke.

—Mrs. Edward Clark died at the home of her daughter, Mrs. Frank B. Hopewell of Waverley avenue, on Sunday in her 76th year. Mrs. Clark has lived most of her life in Natick where a brother, Edward M. Clark survives her. Services were held at the home of Mr. Clark, Walnut street, Natick, on Wednesday.

—A very enjoyable neighborhood picnic was held at Lake Cochituate on Monday night, in which Rev. and Mrs. H. Grant Person, Mr. and Mrs. Jos. Gerrity, Mr. and Mrs. Loren D. Towle, Mr. and Mrs. Benjamin S. Hinckley, Mr. and Mrs. Harry W. Fitts, Mr. and Mrs. Goldwin Sprague and others participated.

—A large and appreciative audience listened to the concert given by the Country Day School Glee and Mandolin Clubs, at the Hunnewell Club last Saturday night. In addition to music from the two clubs there were solos by Charles W. Pearson, a serenade by F. Stanley Hallett, Arthur W. Richardson, and E. Merrihue Hallett, Jr., and popular airs by the Country Day Novelty Orchestra.

—Mrs. Anna G. Eager, widow of Charles P. Eager, and mother of Mrs. Anna B. Sweet of Franklin street, died at the home of her daughter on Wednesday, after a long period of failing health. Mrs. Eager came to Newton when she was first married, and has lived in Newton about sixty years. She was the oldest member of the Methodist Church and was 82 years of age. Services will be held this afternoon at 2:30 at her late residence, Rev. Dr. George S. Butter and Rev. Ambler Garnett officiating, and the burial will be in Waltham.

—The Young Women's Missionary Society of the Methodist Church gave a very successful play last Thursday night, at the Methodist Church, called "Breezy Point." The play was coached by Miss Marion Drew Bassett. The parts were unusually well taken, and it is hard to distinguish any particular member of the cast. Among the more striking successes were the parts played by Miss Margaret R. Walker, the "Hardscrab Twins," played by Anna Clark and Dorothy Greenwood; the French maid, by Ruth Barber; the gypsy, by Alice Dudley; Aunt Debby, by Margaret Greene, and "Elliot," by Polly Kline. Horne's orchestra played.

—Charles Kluder Davenport will graduate this June from Amherst College. "Dinty" is a very popular member of his class. He has dramatic ability, and for three years has been a member of the Masquers, the Amherst dramatic organization. He is also Director of the Sabrina Stock Company which gave its last performance in the annual Prom Show on May 18. In this show Davenport had one of the leading roles. He has been chairman of the Sophomore, Junior, and Senior Smoker Committees of his class. He was also a member of the Sabrina Rules Committee last year. After leaving Amherst he intends to enter the University of Edinburgh in Scotland to take up the study of medicine. Davenport is a member of the Chi Psi fraternity. When in high school at Newton he was president of the debating society, and was active in dramatics.

## NEWTONVILLE IMPROVEMENT ASSN. Holds Its Annual Meeting and Re-Elects Harry D. Cabot as President

There was an attendance of about 125 at the Annual Meeting of the Newtonville Improvement Association which was held at the Central Congregational Church on the evening of May 25th. The annual meetings of this Association in point of interest, entertainment and instruction have for so many years maintained a reputation of a high order that there is risk of overstatement in recording the last meeting as the best in the history of the Association, but it is sufficient probably to state that the members expressed enthusiastic approval of the program presented.

President Cabot at the outset called attention to the fact that this was the Nineteenth Annual Meeting of the Association and touched upon its long record of usefulness in the service of the community. The president referred to those matters of major importance with which the Executive Committee had concerned itself during the year, of the improvements to the accomplishment of which the Association had contributed, of other improvements under consideration, and of the extent to which the Association had undertaken from time to time during the year to work for the benefit of or the protection of Newtonville.

The following officers were elected for the ensuing year: President, Harry D. Cabot; Vice-presidents, Albert M. Lyon, Rev. Richard T. Loring, William H. Zoller; Secretary-treasurer, Henry B. Nickerson; Executive committee: The above officers and the following persons, Fred C. Alexander, Charles F. Avery, Charles I. Balcom, Cleveland A. Ballou, James D. Bennett, Charles D. Cabot, Bartlett F. Kenney, Charles D. Kepner, Clarence G. McDavitt, Ernest L. Miller, Lewis E. Moore, Horace W. Orr, John R. Prescott, Donald E. Rust, Augustus L. Wakefield, Alfred M. Ziegler.

The entertainment of the evening was arranged by a committee of which Mr. Fred C. Alexander was chairman. Songs by Marjorie Warren Leadbetter, Soprano, of Salem, Mass., who is not a stranger to a Newtonville audience, and who was accompanied by Cora G. Brooks, were delightfully rendered and enthusiastically received. The songs selected were the following: Wings of Night, (Watts); Lazy Song, (Moore); Tarantella (Rossini); O Stella Amata (with variations), (Prock).

The program announced a lecture by Mr. William Craig, who is actively identified with the Massachusetts Horticultural society and who is a former president of the National Association of Gardeners. Rather than a lecture, however, Mr. Craig in an easy, intimate and most friendly manner gave some practical hints on gardening, touching upon many of the problems met with by the amateur gardener. Why one should regard garden pests with equanimity and how to get rid of them, how and when to plant trees, shrubs and flowers, how to prune, the proper way to water a garden, the proper selection of plants and shrubs to produce the most satisfactory effects, the best color schemes in flowers and the worst, and methods of spraying, were some of the subjects covered. For those who had questions involving particular garden problems Mr. Craig had ready answers. Mr. Craig showed the audience several varieties of lilacs and some unusual flowers, commenting to the great interest of his audience with reference to each of them.

## SUNDAY SCHOOL PICNIC

The Sunday Schools of the Norumbega District held an enjoyable and well attended picnic on Tuesday at the Riverside Recreation grounds.

In the morning there were a series of athletic events, the Central church of Newtonville winning first place with 29 points, Newton Centre Baptist with second with 12½. Immanuel Church, 11, Waltham Congregational, and Newton Methodist, 6 each. Newton Centre Methodist 5½, Union Watertown, 4. A. Richards of Central Church won first place in the 100 and 220 yard dashes, Brown of Central was first in the half mile relay, Dudley of Newton Centre Baptist won the 50 yd. dash, Cummings of Newton Centre Baptist won the 100 yd. walking, Newton Centre Methodist won the 440 yd. relay, Cullen of Beth Eden Church won the broad jump and Flynn of Newton Methodist, Blair of Newtonville Methodist and Brown of Central were tied for the high jump.

In the afternoon a memorial service was held and then a baseball game was played between the Newton churches and Beth Eden Baptist Church of Waltham, Newton winning 15 to 9.

## GRADUATING EXERCISES

There was a large attendance yesterday afternoon at the Newton Hospital to witness the graduating exercises of the Training School for Nurses.

A large tent was erected on the lawn for the ceremonies, which included an address by Dr. Payson Smith, Massachusetts Commissioner of Education; prayer by Rev. Charles N. Arbuckle, vocal selections by Mr. Walter H. Kidder, bass soloist, and the presentation of diplomas by President Wm. C. Bray. A social hour followed.

## BOY SCOUTS

During the month of May the Court of Honor of Norumbega Council, Boy Scouts of America has been kept very busy and takes pleasure in making public the following awards made during the month:

Promoted to Second Class Rank: Scouts L. M. Patterson, Ed. R. Gammons, Wm. V. Hall, Donald S. Wilson of Troop 2, Auburndale; Scout Wm. Park, Troop 7, Newton West; Scout F. Halliday, Troop 4, Newton Highlands; Scouts Roy and Harold Lovegren, Wm. Murry, and Raymond Rose, Troop 1, Watertown; Scouts Leon E. Day, and Almond Reed, Troop 9, Watertown; Scouts Webster Scott, Herbert Lovewell, Rodney Clark, Lincoln Smith, Arthur Jones, and Walter Upham, Troop 2, Weston.

Promoted to First Class: Scout Dwight T. Ayres, Troop 10, Waban; Scout Richard Miller, Troop 7, West Newton; Scout Ed. Wickes, Troop 4, Watertown.

The following Merit Badges were awarded: Scout Monroe Scott, Troop 11, Newton Corner, Swimming and Personal Health; Scout Franklin K. Hoyt, Troop 7, West Newton, Signaling; Scout Maynard Moody, Troop 11, Newton Corner, Personal Health, Firemanship, Public Health, Life-Saving, Swimming; Scout Walter Shanley, Troop 11, Newton Corner, Bird Study; Scout Dwight T. Ayres, Troop 10, Waban, Electricity; Scout Ed. Wickes, Troop 4, Watertown, Swimming.

At the regular meeting of Troop 7, West Newton, Mr. James A. Stafford, President of Norumbega Council, Boy Scouts of America, presented the Irwin Silver Cup to Troop 7, who was the winner in the recent Boy Scout Field Day and Rally. Out of a possible 150 points Troop 7 secured 53 which easily made them the victors in the Rally. Mr. Stafford in a few appropriate words spoke of the Rally and the splendid work that Troop 7 was doing.

## HIGH SCHOOL BASE BALL

By decisively trouncing Cambridge Latin on the morning of Memorial Day the Newton High nine practically annexed the Suburban League title for 1922. Somerville three full games behind Newton, is in second place and one more victory for the Orange and Black will make them undisputed masters of the Suburban circuit.

It has been a great race, probably the best race the Suburban League has known if we measure its success by the competition of the teams and the interest of their followers. The nines have been exceptionally well matched as the number of games that have been won by a single run will testify.

There is no doubt but what Newton is the best team in the League. Its success is chiefly due to the fact that it has been admirably coached and has had one of the finest of school pitchers, Howard Whitmore. Without Whitmore the Newton team would not be at the top of the standing. He has proved himself to be a real iron-man twirler and his unbroken string of victories has been gained against the strongest of scholastic opposition. Just as Fred Sawyer was the big gun in the 1919 Newton Champions, so is Whitmore the star of the 1922 titlists.

Next to Whitmore the chief credit for the brilliant Orange and Black season goes to "Crundery" Cronin, the crack Newton catcher. They may make high school backstops a bit better than Cronin but if so we have never seen them. Cronin possesses more "baseball brains" than the average college player and, what is even more important, he knows how to use (Continued on Page 4)

Scout Franklin Hoyt was presented a Camp cooking outfit for having secured the largest number of points in the Rally for Troop 7.

## A FINE MEMORIAL DAY

Perfect Weather, a Good Parade and Excellent Speaking

Tuesday was as fine a Memorial Day as one could wish. The sun was bright and an east wind kept the temperature at a most comfortable point.

In the morning details from Charles Ward Post 62 G. A. R. Thomas Burnett camp Spanish War Veterans and Newton Post of the American Legion decorated the graves of their dead in the various cemeteries and the Grand Army held its usual service at St. Mary's churchyard at Newton Lower Falls. The program here was in charge of Senior Vice Commander George H. Osborne and included prayer by the Post Commander, Colon S. Ober and the reading of the Gettysburg Address by Adjutant W. A. Wetherbee. This was followed by a brief but impressive service of throwing of flowers on the waters of the Charles river in memory of the sailor dead.

The Newton Highlands Improvement Association, under direction of President William F. Coan and the Secretary, Mrs. Fred G. Sandford were the hosts for the veterans, members of the Legion and the staff of the chief marshal, Mayor Edwin O. Childs, and served a most substantial lunch in Lincoln hall in that village, assisted by a score of the young ladies of that place.

The usual Memorial Day parade was formed at 1:15 on the grounds of the Hyde school and marched thru Lincoln and Walnut streets to the Newton Cemetery. The parade consisted of a detail of police, chief marshal Mayor Childs and a large military and civilian staff with Capt. Edward Edmunds, Jr., as chief of staff, and W. P. Watson, aide, Co. H. 101st Infantry, Capt. John A. McLellan, band, J. Wiley Edmonds camp, S. V. James H. Wentworth, commander, Charles Ward Post 62 in automobiles, Colon S. Ober, commander, Mrs. A. E. Cunningham Tent, in automobiles, Mrs. Susan R. Wetherbee, president, Thomas Burnett Camp, S.W.V., Newton F. Lucas, commander and Newton Post of the American Legion, Major H. D. Cormerais, commander. About 28 veterans of Charles Ward Post took part or about one half of the present membership of the Post, and there were about 175 members of the Legion in line.

At the cemetery, the usual exercises were held at the Soldiers monument, Rev. Dr. William E. Huntington, offering prayer, reports being received from the morning details, the reading of the first order for observance of Memorial Day (1868) and of the Gettysburg address by Adjutant Wetherbee, a selection by the band, the placing of flowers on the base of the monument by the Post, Daughters of Veterans, the American Legion and members of the city government. The four corners of the monument were guarded by four members of the Daughters of Veterans, Mrs. E. N. Soulls, Mrs. James T. Burns, Mrs. Barry, and Miss Frances Fitzgerald, dressed in white and carrying the national colors. Three volleys of musketry and the sounding (Continued on Page 3)
